

LEADING SOLAR EPC AND O&M

SOLUTIONS PROVIDER IN THE WORLD

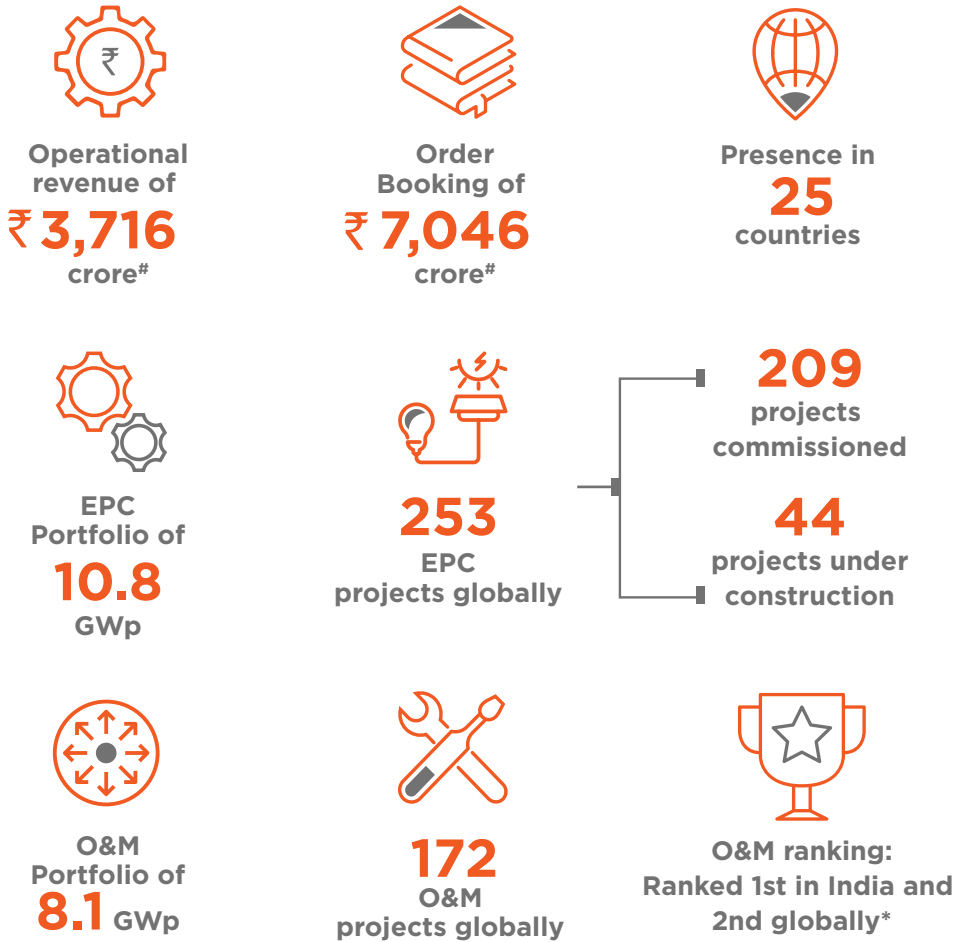

COMPANY OVERVIEW

Sterling and Wilson Solar Limited (SWSL) is a global pure-play, end-to-end solar engineering, procurement and construction (EPC) solutions provider with an asset-light business model.

With a project pipeline of over 4 GWp under development in India, the Middle East, Africa, Australia, the US and Latin America, the company is focussed on consolidating its leadership position by securing a larger market share and expanding its global footprint.
