A. PREAMBLE AND PURPOSE OF THE SCHEME

1. This Scheme of Amalgamation (by Absorption) (herein after referred to as the "Scheme") is presented for the amalgamation of Sterling & Wilson – Waaree Private Limited ("SW WAAREE" or "Transferor Company") with Sterling and Wilson Solar Limited ("SW SOLAR" or "Transferee Company"), pursuant to provisions of Sections 230 to 232 and other applicable provisions of the Companies Act, 2013 and other rules and regulations made thereunder.
2. This Scheme seeks to amalgamate and consolidate the business of SW Waree with that of SW Solar, being 100% holding Company of SW Waree. The Board of Directors of SW Waree and SW Solar have resolved that the merger by way of absorption of SW Waree with and into SW Solar would be in the interests of all the stakeholders of the SW Waree as well as SW Solar, as it would result in increased operational efficiencies, bring economies of scale and result in synergetic integration of businesses presently being carried on by each entity independently.
3. As on 15 March 2020, SW Solar holds the entire share capital of SW Waree.
4. This Scheme also provides for various other matters consequential or otherwise integrally connected therewith.

C. RATIONALE

SW WAAREE - a wholly owned subsidiary of SW SOLAR, was set up as a special purpose vehicle for execution of 9 MW project in Niger awarded by the Ministry of Energy and Petroleum, Niger ("said project"). The Board of Directors of SW SOLAR, at its meeting held on March 27, 2019, had approved that on completion of all activities pertaining to the said project, SW WAAREE be merged with SWSOLAR with the prior approval of, inter alia, the Board of Directors of SW Solar and SW Waree at the relevant point in time. The Board of Directors of SW WAAREE with SW SOLAR believe that the amalgamation would have the following benefits:

- i. The Transferor and Transferee Company are engaged in the similar line of business. The resources available with both the companies could be pooled together and the Transferee Company will be able to effectively utilize the same for the benefit of the Transferee Company on a larger scale.
- ii. Elimination of multiple entities.
- iii. Reducing the multiplicities of legal and regulatory compliances.
- iv. The operational costs will be reduced and the management will be able to operate and run the Transferee Company and the Transferor Company as a single unit more effectively and economically resulting in better turnover and profits.
- v. There will be operational synergy in terms of procurement benefits, common license and reduction of administrative work etc., for the Transferee Company.
- vi. Will lead to pooling of financial resources leading to more effective and centralized management of funds, greater economies of scale, stronger base for future growth.
- vii. The Transferee Company will have benefit of combined assets, man-power and cash flows of the both the companies.
- viii. It will improve and consolidate internal controls and functional integration at various levels of the organization such as information technology, human resources, finance, legal and general management leading to an efficient organization capable of responding swiftly to volatile and rapidly changing market scenarios.

The Scheme is in the interest of the shareholders, creditors, lenders and various other stakeholders of the respective companies. It is not prejudicial to the interests of shareholders, creditors, lenders and various other stakeholders of the respective companies.

D. GENERAL

This Scheme is divided into the following parts:

- (a) **Part I:** deals with definitions and interpretations, and sets out the share capital of the Transferor Company and the Transferee Company;
- (b) **Part II:** deals with the amalgamation of the Transferor Company with the Transferee Company; and
- (c) **Part III:** deals with general terms and conditions applicable to the Scheme.

In the matter of Sections 230 to Section 232 of the Companies Act, 2013 and other applicable provisions the Companies Act, 2013 read with Companies (Compromises, Arrangements and Amalgamation) Rules, 2016

AND

In the matter of Scheme of Amalgamation of Sterling & Wilson - Waaree Private Limited ('SW WAAREE' or 'the Transferor Company') WITH Sterling and Wilson Solar Limited ('SW SOLAR' or 'the Transferee Company') and their respective Shareholders ('the Scheme' or 'this Scheme')

SYNOPSIS AND SEQUENCE OF DATE AND EVENTS

1. Date of Incorporation of the Transferor Company viz. Sterling & Wilson – Waaree Private Limited – December 16, 2016
2. Date of Incorporation of the Transferee Company viz. Sterling & Wilson Solar Limited – March 09, 2017
3. The Appointed Date for the Scheme is April 01, 2020
4. The Proposed Scheme has been approved by the Board of Directors of the Transferor Company and the Transferee Company in their meeting held on March 16, 2020 and all the Directors of the Transferor Company and the Transferee Company who participated in the meeting, unanimously approved the Scheme

5. Nature of Business Activities of the Transferor Company:

Sterling & Wilson - Waaree Private Limited

The Transferor Company is, inter alia, engaged in the business of Design, Engineer, Supply, Erect, Commission, Operate, Maintain – solar power plant, repair, accessories, components, spare parts thereof and provide renewable energy solutions, both in India and abroad.

6. Nature of Business Activities of the Transferee Company:

Sterling and Wilson Solar Limited

The Transferee Company is, inter alia, engaged in setting up of green field Solar Plants of various sizes, envisaging, identifying and acquiring and selling suitable land, developing the site for Solar Parks; design, engineer, supply erect, commission and, or operate and maintain the plants, accessories, components, spare parts thereof and provide renewable energy solutions; Sell or otherwise dispose of part or whole of the Solar Plants, both in India and abroad.

7. Rationale for the Scheme:

Both the companies under this Scheme are part of same group. SW WAAREE is a wholly owned subsidiary of SW SOLAR. The rationale for amalgamation of SW WAAREE with SW SOLAR is as under:

SW WAAREE - a wholly owned subsidiary of SW SOLAR, was set up as a special purpose vehicle for execution of 9 MW project in Niger awarded by the Ministry of Energy and Petroleum, Niger ("said project"). The Board of Directors of SW SOLAR, at its meeting held on March 27, 2019, had approved that on completion of all activities pertaining to the said project, SW WAAREE be merged with SW SOLAR with the prior approval of, inter alia, the Board of Directors of SW SOLAR and SW WAAREE at the relevant point in time. The Board of Directors of SW WAAREE with SW SOLAR believe that the amalgamation would have the following benefits:

- i. The Transferor and Transferee Company are engaged in the similar line of business. The resources available with both the companies could be pooled together and the Transferee Company will be able to effectively utilize the same for the benefit of the Transferee Company on a larger scale.

Elimination of multiple entities.

- iii. Reducing the multiplicities of legal and regulatory compliances.

- iv. The operational costs will be reduced and the management will be able to operate and run the Transferee Company and the Transferor Company as a single unit more effectively and economically resulting in better turnover and profits.

- v. There will be operational synergy in terms of procurement benefits, common license and reduction of administrative work etc., for the Transferee Company,
- vi. Will lead to pooling of financial resources leading to more effective and centralized management of funds, greater economies of scale, stronger base for future growth.
- vii. The Transferee Company will have benefit of combined assets, man-power and cash flows of the both the companies.
- viii. It will improve and consolidate internal controls and functional integration at various levels of the organization such as information technology, human resources, finance, legal and general management leading to an efficient organization capable of responding swiftly to volatile and rapidly changing market scenarios.

The Scheme is in the interest of the shareholders, creditors, lenders and various other stakeholders of the respective companies. It is not prejudicial to the interests of shareholders, creditors, lenders and various other stakeholders of the respective companies.

8. E-mail Intimation to BSE Limited and National Stock Exchange of India Limited about the Scheme in compliance with circular issued by SEBI, being circular CFD/DIL3/CIR/2017/21 dated March 10, 2017 - The acknowledgment issued by BSE and NSE upon filing of Scheme of Amalgamation are annexed and marked as **Exhibit 'E1' and Exhibit 'E2' respectively.**

To:

The Registrar,

National Company Law Tribunal Bench at Mumbai,

The Parties named above request that the Hon'ble Tribunal grant the following reliefs:

- 1) The meeting of the Equity Shareholders of the Transferor Company is not required to be convened.
- 2) The meeting of the Unsecured Creditors of the Transferor Company is not required to be convened.
- 3) The meeting of the Equity Shareholders and Unsecured Creditors of the Transferee Company is not required to be convened.
- 4) The meeting of the Secured Creditors of the Transferor and Transferee Company is not required to be convened.

In terms of Sections 230 to 232 of the Companies Act, 2013 read with Companies (Compromises, Arrangements and Amalgamation) Rules, 2016

For the following reasons:

1. The Applicant Companies have filed a Joint Application seeking necessary directions for the purpose of considering, and if thought fit approving with or without modification of the Scheme.
2. The Transferor Company has filed the application seeking dispensation of Equity Shareholders meeting in view of the consent affidavits received from all the shareholders of the Transferor Company.
3. The Transferee Company has filed the application seeking dispensation of the meeting of the Equity Shareholders, Unsecured Creditors and Secured Creditors in view of the fact that the Transferor Company is 100% subsidiary of the Transferee Company.

4. As far as the rights of Secured Creditors of the Transferor Company are concerned, there are no Secured Creditors in the Transferor Company. Hence the question of convening and holding of the meeting of Secured Creditors does not arise.

5. As far as the rights of Unsecured Creditors of the Transferor Company are concerned, convening and holding Meeting of the Unsecured Creditors of the Transferor Company will not be required as they will not be affected by the proposed Scheme of Amalgamation since post Scheme, the assets of the Transferee Company will be sufficient to discharge its liabilities and further, it also does not involve any compromise or arrangement with any creditors of the Transferor Company.

In support of this Application, the Applicants have attached an Affidavit setting out the facts on which the Applicants rely.

RATIONALE FOR THE PROPOSED SCHEME

11. SW WAAREE - a wholly owned subsidiary of SW SOLAR, was set up as a special purpose vehicle for execution of 9 MW project in Niger awarded by the Ministry of Energy and Petroleum, Niger ("said project"). The Board of Directors of SW SOLAR, at its meeting held on March 27, 2019, had approved that on completion of all activities pertaining to the said project, SW WAAREE be merged with SW SOLAR with the prior approval of, inter alia, the Board of Directors of SW Solar and SW Waaree at the relevant point in time. Thus, in view of the above and as a part of the consolidation strategy of SW SOLAR it is desired to merge SW WAAREE with its holding company SW SOLAR.
- The Board of Directors of SW WAAREE with SW SOLAR believe that the amalgamation would have the following benefits:
- (i) The Transferor and Transferee Company are engaged in the similar line of business. The resources available with both the companies could be pooled together and the Transferee Company will be able

to effectively utilize the same for the benefit of the Transferee Company on a larger scale.

- (ii) Elimination of multiple entities.
- (iii) Reducing the multiplicities of legal and regulatory compliances.
- (iv) The operational costs will be reduced and the management will be able to operate and run the Transferee Company and the Transferor Company as a single unit more effectively and economically resulting in better turnover and profits.
- (v) There will be operational synergy in terms of procurement benefits, common license and reduction of administrative work etc., for the Transferee Company.
- (vi) Will lead to pooling of financial resources leading to more effective and centralized management of funds, greater economies of scale, stronger base for future growth.
- (vii) The Transferee Company will have benefit of combined assets, manpower and cash flows of the both the companies.
- (viii) It will improve and consolidate internal controls and functional integration at various levels of the organization such as information technology, human resources, finance, legal and general management leading to an efficient organization capable of responding swiftly to volatile and rapidly changing market scenarios.

The Scheme is in the interest of the shareholders, creditors, lenders and various other stakeholders of the respective companies. It is not prejudicial to the interests of shareholders, creditors, lenders and various other stakeholders of the respective companies.

12. In view of the aforesaid, the Board of Directors of the Transferor Company and the Transferee Company have approved the Scheme of Amalgamation of Sterling & Wilson - Waaree Private Limited with Sterling and Wilson Solar Limited and their respective shareholders ('the Scheme' or 'this Scheme'). A Certified True Copy of Board Resolution of the Transferor Company and the Transferee Company are annexed hereto and marked as Exhibit 'C1' and Exhibit 'C2' respectively.
13. A copy of the Scheme of Amalgamation is annexed hereto and marked as Exhibit 'D'.
14. In compliance of SEBI, being Circular **CFD/DIL3/CIR/2017/21** dated March 10, 2017, the Transferee Company has forwarded copies of Scheme with the BSE Limited and the National Stock Exchange of India Limited on March 19, 2020 respectively. Copy of letter are hereto annexed and marked as Exhibit 'E1' and Exhibit 'E2' respectively.
15. A copy of the certificate issued by the Statutory Auditor of the Transferee Company to the effect that the Accounting Treatment specified in the Scheme is in conformity with the Accounting Standards prescribed under Section 133 of the Companies Act, 2013 is annexed hereto and marked as Exhibit 'F'.

16. To the best of the knowledge of the Transferor Company and the Transferee Company, there are no investigation or proceedings instituted or are pending in relation to the Transferor Company and the Transferee Company under the Companies Act, 2013 and there is no winding up petition admitted against the Transferor Company and the Transferee Company.
17. The material provisions of the proposed Scheme are as under:

PART III

GENERAL PROVISIONS

14. DIVIDENDS

- 14.1 *The Transferor Company and Transferee Company shall be entitled to declare and pay dividends, whether interim and/or final, to their members in respect of the accounting period prior to the Effective Date.*
- 14.2 *The holders of the shares of the Transferor Company and Transferee Company shall, save as expressly provided otherwise in this Scheme, continue to enjoy their existing rights under their respective Articles of Association including the right to receive dividends.*
- 14.3 *It is clarified that the aforesaid provisions in respect of declaration of dividends (whether interim or final) are enabling provisions only and shall not be deemed to confer any right on any member of the Transferor Company and/or the Transferee Company to demand or claim or be entitled to any dividends which, subject to the provisions of the said Act, shall be entirely at the discretion of the respective Boards of the Transferor Company and/or the Transferee Company as the case may be, and subject to approval, if required, of the shareholders of the Transferor Company and/or the Transferee Company, as the case may be.*

15. APPLICATION TO THE NCLT OR SUCH OTHER COMPETENT AUTHORITY

- 15.1 The Transferor Company and the Transferee Company shall, as may be required, make applications and/or petitions under Sections 230 to 232 of the Act and other applicable provisions of the Act to the NCLT at Mumbai Bench for sanction of this Scheme and all matters ancillary or incidental thereto.

16. MODIFICATION / AMENDMENT TO THE SCHEME AND GENERAL POWER TO THE BOARD

- 16.1 The Transferor Company and Transferee Company with approval of their respective Board of Directors may consent, from time to time, on behalf of all persons concerned, to any modifications / amendments or additions / deletions to the Scheme which may otherwise be considered necessary, desirable or appropriate by the said Board of Directors to resolve all doubts or difficulties that may arise for carrying out this Scheme and to do and execute all acts, deeds, matters, and things as may be necessary for bringing this Scheme into effect or agree to any terms and/ or conditions or limitations that the NCLT or any other authorities under law may deem fit to approve of, to direct and/ or impose. The aforesaid powers of The Transferor Company and Transferee Company to give effect to the modification / amendments to the Scheme may be exercised by their respective Board of Directors or any person authorized in that behalf by the concerned Board of Directors subject to approval of the NCLT or any other authorities under the applicable law to such modification/ amendments to the Scheme.

- 16.2 The Transferor Company and the Transferee Company may withdraw this Scheme prior to the Effective Date at any time.

17. CONDITIONALITY OF THE SCHEME

The Scheme is conditional upon and subject to the following:

- The Scheme being approved by the respective requisite majorities of the shareholders and/ or creditors of the Transferor Company and Transferee Company as required, if any, and as may be directed by the NCLT.*
- Obtaining the sanction of the Hon'ble NCLT by the Transferor Company and Transferee Company under Sections 230 to 232 of the 2013 Act and other applicable provisions of the 2013 Act.*
- The certified copies of the Orders of the Hon'ble NCLT sanctioning this Scheme, are filed with the respective jurisdictional Registrar of Companies by the Transferor Company and Transferee Company.*

18. EFFECT OF NON-RECEIPT OF APPROVALS / SANCTIONS

- 18.1 *In the event of any of the said sanctions and approvals referred to in the preceding Clause 18 not being obtained and/or the Scheme not being sanctioned by the NCLT or such other competent authority, if applicable, the Scheme shall become null and void, and be of no effect, save and except in respect of any act or deed done prior thereto as is contemplated hereunder or as to any right, liability, or obligations which have arisen or accrued pursuant thereto and which shall be governed and be preserved or worked on as is specifically provided in the Scheme or as may otherwise arise in law and the Transferee Company shall bear the charges and expenses in connection with the Scheme unless otherwise mutually agreed.*

iv. RELIEFS SOUGHT

**DISPENSATION OF MEETING OF EQUITY SHAREHOLDERS
OF TRANSFEROR COMPANY**

18. As far as the Equity Shareholders of the Transferor Company are concerned, hereto annexed and marked as **Exhibit 'G'** is the list of Equity Shareholders of the Transferor Company as on date. Annexed herewith and marked as **Exhibit 'H1 and H2'** are the consent affidavits from all the Equity Shareholders of the Transferor Company. The Chartered Accountants, BSR & Co. LLP has given a certificate dated 24th July, 2020, certifying the list of Equity Shareholders in the

Transferor Company, which is annexed as Exhibit 'I'. It is submitted that in view of the affidavit given by all the equity shareholders of the Transferor Company, meeting of the equity shareholder of the Transferor Company would be an empty formality and require unnecessary expenses. Therefore, the Transferor Company seeks for direction from this Hon'ble Tribunal to dispense with holding of meeting of the Equity Shareholders.

**DISPENSATION OF MEETING OF SECURED CREDITORS OF
TRANSFEROR COMPANY**

19. As on date, there are no Secured Creditors in the Transferor Company. Hence, the question of convening and holding of the meeting of Secured Creditors does not arise.

**DISPENSATION OF MEETING OF UNSECURED CREDITORS
OF TRANSFEROR COMPANY**

20. As far as the Unsecured Creditors of the Transferor Company are concerned, hereto annexed and marked as Exhibit 'J' is the list of Unsecured Creditors of the Transferor Company as on March 31, 2020. It is submitted that the Unsecured Creditors of the Transferor Company are not in any manner affected by the Scheme nor is there any compromise or arrangement envisaged in the Scheme with the Unsecured Creditors of the Transferor Company. The Chartered Accountants, BSR & Co LLP has given a certificate dated 28th July, 2020, certifying the list of Unsecured Creditors of the Transferor Company, which is annexed as Exhibit 'K'. It is submitted that in view of the above, meeting of the unsecured creditors of the Transferor Company would be a formality and require unnecessary expenses.

Therefore, the Transferor Company seeks for direction from this Hon'ble Tribunal to dispense with holding of meeting of the Unsecured Creditors.

**DISPENSATION OF MEETING OF EQUITY SHAREHOLDERS,
UNSECURED CREDITORS AND SECURED CREDITORS OF
TRANSFeree COMPANY**

21. The Transferee Company has filed the application seeking dispensation of meeting of Equity Shareholders, Unsecured Creditors and Secured Creditors in view of the fact that the Transferor Company is a wholly owned subsidiary of the Transferee Company. Thus, the entire economic interest of the Transferor Company is held by the Transferee Company. Since it is amalgamation of wholly owned subsidiary into holding company, after the Scheme being sanctioned, no new shares would be issued or allotted as consideration pursuant to amalgamation to the members of the Transferor Company by the Transferee Company. Further, the Scheme does not affect the rights and interests of the members or the Secured/Unsecured Creditors of the Transferee Company and does not involve any re-organisation of the share capital of Transferee Company. Also, the Scheme will not result in dilution of shareholding of the Transferee Company. Accordingly, the Scheme does not affect the rights and interests of the members of the Transferee Company.

Pursuant to the Scheme, all assets and liabilities of the Transferor Company would be transferred to the Transferee Company. Further, the Secured/Unsecured Creditors of the Transferee Company are also not likely to be affected by the approval of the Scheme. The rights of the Secured/Unsecured creditors of the Transferee Company is not affected

since there will be no reduction in their claims and the assets of the Transferee Company, post amalgamation, will be more than sufficient to discharge their claims. Annexed herewith and marked as **Exhibit 'L'** & **Exhibit 'M'** is the list of Unsecured Creditors and Secured Creditors of Transferee Company as on March 31, 2020. The Net-worth of the Transferee Company is significantly positive and there would not be any real or substantial adverse impact on the financial statements, post amalgamation of the Transferor Company. Annexed herewith and marked as **Exhibit 'N'** is the Net-worth certificate of Transferee Company.

It is respectfully submitted that the Hon'ble High Court of Judicature at Bombay in the case of **Mahaamba Investments Limited V/s. IDI Limited (2001) 105 Company Cases** page 16 to 18 inter alia observed and held that if the Scheme of Amalgamation provides for no issue of equity shares to the members of the Transferor Company, being a wholly owned subsidiary of the Transferee Company and the creditors of the Transferee Company, are not likely to be affected by the Scheme, a separate Petition by the Transferee Company was not necessary. Further, the Hon'ble High Court of Bombay in an unreported judgement of **Bon Limited dated March 12, 2010 in Company Scheme Petition No. 123 of 2010**, reiterated that a separate petition by the Transferee Company would not be necessary, if the Scheme, by way of transfer of undertaking, does not (a) involve the re-organisation of the capital of the Transferee Company; and (b) affect the rights of the members or creditors of the Transferee Company, as between themselves and the Company. The said observations are squarely applicable to the proposed Scheme wherein the Transferor Company is merged into the Transferee Company and the Transferor Company is a wholly owned subsidiary of the Transferee Company. Similar view has also been taken by the Delhi

High Court in the case of **Sharat Hardware Industries P. Ltd.**, in re (1978) 48 Com Cas 23, Hon'ble High Court of Madras in the case of **Santhanalakshmi Investments (P) Ltd.**, In re (2005) 129 Company Cases page 789 to 792 and the Hon'ble High Court of Andhra Pradesh in the case of **Nebula Motors Ltd.**, In re 45 SCL 143. This Hon'ble Tribunal in CSA No 243 of 2017 in the matter of **Housing Development Finance Corporation Limited**, in CSA No. 915 of 2017 in the matter of **Godrej Consumer Products Limited**, in CSA No. 899 of 2017 in case of **Mahindra CIE Automotive Limited**, in CSA No. 1019 of 2017 in case of **Godrej Properties Limited**, in CSA No. 1615 of 2018 in case of **Dolvi Minerals and Metals Private Limited**, in CSA No. 396 of 2019 in case of **JSW Logistics Infrastructure Private Limited**, in CSA No. 3123 of 2019 in case of **Jai Realty Ventures Limited** and in CSA No. of 3749 of 2019 in case of **Datamatics Digital Limited** have taken similar view.

The Applicant Companies respectfully submits that under the present Scheme:

- (a) Being a merger of wholly owned subsidiary company into its holding company, no shares would be issued or allotted as consideration pursuant to the merger. Accordingly, the rights of members of the Transferee Company is not affected since there will be no issue of shares pursuant to the Scheme and there would be absolutely no change in the share capital of the Transferee Company. Also, the present Scheme will not result in any dilution in shareholding of the Transferee Company.
- (b) The rights of the Secured/Unsecured Creditors of the Transferee Company are not affected since there will be no reduction in their

claims and the assets of the Transferee Company, post amalgamation, will be more than sufficient to discharge their claims. Also, the net worth of the Transferee Company is and will continue to remain highly positive post-merger;

- (c) the existence of the Transferee Company will remain as before without any change either to its shareholding pattern or debt position pursuant to the Scheme;
- (d) no undertaking of the Applicant Companies is being parted away or being disposed off and hence provisions of Section 180 of the Companies Act, 2013 are also not applicable.

In view of the averments made above and the Order dated 4th September, 2017 passed by the Hon'ble Mumbai Bench of the National Company Law Tribunal ('NCLT') in the matter of Housing Development Finance Corporation Ltd (Company Scheme Application No. 243 of 2017), order dated 5th October, 2017 in the matter of Godrej Consumer Products Limited (Company Scheme Application No. 915 of 2017), order dated 12th October, 2017 in the matter of Mahindra CIE Automotive Limited (Company Scheme Application No. 899 of 2017), in the matter of Godrej Properties Limited order dated 11th April, 2018 (Company Scheme Application No. 1019 of 2017), in the matter of Dolvi Minerals and Metals Private Limited order dated 3rd January, 2019 (Company Scheme Application No. 1615 of 2018), in the matter of JSW Logistics Infrastructure Private Limited order dated 8th March, 2019, in the matter of Jai Realty Ventures Limited dated 30th September 2019 (Company Scheme Application No. 3123 of 2019) and in the matter of Datamatics Digital Limited dated 20th February 2020 (Company Scheme Application No. 3749 of 2019) allowing the transferee company

in the respective cases for not holding the Meeting of the Shareholders and Creditors, the Transferee Company in the present case respectfully submits and prays to the Hon'ble NCLT to give the directions that the Transferee Company need not hold Meeting of its Shareholders and Secured/Unsecured Creditors for seeking approval to the Scheme.

22. Passing such other and further orders as are deemed necessary in the facts and circumstances of the case.

v. **PRAYERS:**

23. It is prayed that necessary directions be issued in case of the Transferor Company and the Transferee Company for: -

- (i) Dispense the meeting of the Equity Shareholders of the Transferor Company.
- (ii) Dispense the meeting of the Unsecured Creditors of the Transferor Company.
- (iii) Dispense the meeting of the Equity Shareholders, Unsecured Creditors and Secured Creditors of the Transferee Company
- (iv) sending notices to Central Government through Regional Director, Registrar of Companies, Official Liquidator (*only in case of Transferor Company*) and Income Tax Authorities.

CAPITAL

5. The Authorised Share Capital of the Company shall be such amount as may be specified in clause V (a) of the Memorandum of Association of the company, with power to the Board of Directors to increase or reduce such capital from time to time in accordance with the regulations of the Company and legislative provisions for the time being in force in this behalf ; to classify the shares in the capital into several classes/kinds, or vice versa, including without limitation, equity shares, both with or without voting rights or differential rights as provided in Section 43 of the Companies Act, 2013 or any statutory modification or re-enactment thereof, and to attach thereto preferential, deferred, qualified or special rights, privileges or conditions, determine, vary, modify or abrogate the terms and conditions as to such rights, privileges or conditions, in such manner as may from time to time be permitted by law.
6. The shares in the capital of the Company for the time being shall be under the control of the Directors, who may allot or otherwise dispose of the same of any of them to such person in such proportions and on such terms and conditions and either at a premium or at par (subject to compliance with the provisions of the Act) and at such times as they may from time to time think fit and proper.

7.0 TRANSFER AND TRANSMISSION OF SHARES

7.1 Shares to be un-encumbered

The Shareholders agree that they shall not create any charge, lien or other encumbrance in relation to their Shares in the Company or pledge them to third party(ies) without the prior consent in writing of the other Shareholders, during the subsistence of this Agreement. This shall also apply to any other shares and securities, warrants, preference shares any other instrument of similar nature issued by the Company.

7.2 Initial Period

Save for transfers permitted under the Articles, no Shareholder shall transfer any Shares during a period of three (3) years from the Effective Date ("Lock-In Period") or completion of the project whichever is later.

7.3 Voluntary Transfer

A shareholder wishing at any time after the expiry of the Lock-In Period to sell, transfer or otherwise dispose of some or all of the shares of the Company as provided in the Articles.

7.4 Notice of Transfer

Selling Shareholder proposing to transfer or dispose of any Shares owned in the Company, shall offer such shares in the first instance to the Continuing Shareholder by a notice ("Transfer Notice") in writing and specifying the number of Shares and the price (to be fixed on a uniform and equitable basis with reference to the Continuing Shareholder) (the "Initial Price") based on which it intends to sell or dispose of the Shares. Such notice shall not be revocable after being served on the Continuing Shareholder unless otherwise mutually agreed to in writing between the Parties.

7.5 Acceptance

The Continuing Shareholder shall have a right to purchase the Shares offered in the Transfer Notice either by itself and/or through its Affiliate(s).

The right to purchase the Shares offered in the manner as aforesaid under the Transfer Notice may be exercised within a period of thirty (30) days after receipt of the Transfer Notice by a written notice to the Selling Shareholder ("Acceptance Period").

7.6 Procedure upon Acceptance

If the Continuing Shareholder accepts the offer, the transfer of Shares at the Initial Price shall be completed within sixty (60) days from the date of communication of acceptance by the Continuing Shareholder. In the event that the transfer of Shares at the Initial Price is not completed within the time provided in this Clause due to a delay caused by the Continuing Shareholder, then the Selling Shareholder shall be entitled to sell and transfer such Shares to any Third Party at a price, which is not lower than the Initial Price. Should the sale and transfer of the Shares to a Third Party be not completed within sixty (60) days, the right of the Selling Party to sell and transfer the Shares to the Third Party shall automatically lapse. The provisions set out in Clauses 7.4 to 7.8 regarding transfer of Shares shall apply de-novo, if the Selling Shareholder wishes to sell the Shares at a price lower than the Initial Price.

7.7 Permission to sell and transfer to a Third Party

In the event that the Continuing Shareholder either:

- (i) has permitted the Selling Shareholder to sell and transfer the Shares to a Third Party, or
- (ii) fails within the Acceptance Period to notify the Selling Shareholder of its intentions with respect to the offered Shares, in which case the Continuing Shareholder shall be deemed to have permitted the sale and transfer of the Shares to a Third Party,

the Selling Shareholder shall be entitled to sell and transfer such Shares to a Third Party at a price, which is not lower than the Initial Price. Should such sale and transfer of the

(56)

Shares to said Third Party not be completed within hundred and fifty (150) days from date of expiry of the Acceptance Period, then such right to sell and transfer the Shares that Third Party shall automatically lapse. The provisions set out in Clauses 7.4 to regarding transfer of Shares shall apply de-novo, if the Selling Shareholder wishes to the Shares at a price lower than the Initial Price.

7.8 Procedure upon Non-Acceptance of Initial Price

- 7.8.1 In the event that the Continuing Shareholder has notified the Selling Shareholder that the Initial Price of the Shares offered by the Selling Shareholder and as set out in the Transfer Notice is not acceptable to the Continuing Shareholder, the Selling Shareholder shall be entitled to sell the Shares to a Third Party at a price, which not lower than the Initial Price subject to the following conditions:
- (i) the Selling Shareholder can provide within fifteen (15) days after the expiry of the Acceptance Period evidence of a binding offer ("Binding Offer Notice") from a Third Party to purchase the Shares mentioned in the Transfer Notice at a price ("Binding Offer Price") not being less than the Initial Price, and
 - (ii) the Continuing Shareholder shall have not exercised a right of last refusal to purchase the Shares at the Binding Offer Price by sending a notice to the Selling Shareholder within fifteen (15) days from the date of the Binding Offer Notice ("Lapse of Right of Last Refusal").
- 7.8.2 Upon fulfilment of the conditions as set out in Clause 7.8.1(i) and (ii) above, the transfer of Shares to the Third Party and payment for the Shares by the Third Party shall be executed by intermediation of an escrow agent. The escrow agent will be a law firm selected by the Selling Shareholder and accepted by the Continuing Shareholder within five (5) days from the notice sent by the Selling Shareholder to the Continuing Shareholder and indicating the name and address of the law firm. The Selling Shareholder shall deposit such Shares in hands of the escrow agent. The Third Party shall pay the Binding Offer Price in hands of the escrow agent. The Shares will be pledged in favour of the Continuing Shareholder as a guarantee for the due fulfilment of the obligations of the Selling Shareholder to sell the Shares to the Third Party at the Binding Offer Price. The encumbrance over the Shares shall be liberated only after receipt by the escrow agent of the Binding Offer Price. The escrow agent shall remit the funds to the Selling Shareholder and shall transfer the Shares to the Third Party, confirmation of which shall be sent to the Continuing Shareholder within five (5) days following the payment of the Binding Offer Price.
- 7.8.3 In the event that the transfer of Shares to the Third Party has not been completed within sixty (60) days from the date of the Lapse of Right of Last Refusal, the right to sell and transfer the Shares by the Selling Shareholder to the Third Party shall automatically lapse. The provisions set out in Clauses 7.4 to 7.8 regarding transfer of Shares shall apply de-novo, if the Selling Shareholder wishes to sell the Shares at a price lower than the Initial Price.
- 7.8.4 In the event that:
- (i) within fifteen (15) days after the expiry of the Acceptance Period the Selling Shareholder fails to provide to the Continuing Shareholder evidence of the Binding Offer Notice as set out in sub-clause 7.8.1 (i), or
 - (ii) within sixty (60) days from the date of the Lapse of Right of Last Refusal, the transfer of Shares has not occurred,

(52)

then the Continuing Shareholder may request that the price of the Shares be determined/confirmed by any one of the independent accounting firms "Determined Price"

7.8.5 In the event that the Determined Price is not acceptable to the Selling Shareholder then it may withdraw the Transfer Notice within fifteen (15) days of receipt of the Determined Price.

7.8.6 In the event that the Determined Price is acceptable to the Selling Shareholder but:

- (i) is not acceptable to the Continuing Shareholder; or
- (ii) the notice of acceptance from the Continuing Shareholder to purchase the offered Shares at the Determined Price is not received by the Selling Shareholder within fifteen (15) days of receipt of the Determined Price.

then the Selling Shareholder shall be entitled to sell and transfer such Shares to a Third Party at a price that is not lower than the Determined Price and on terms no more favourable than those set forth in the Transfer Notice. Should the sale and transfer of Shares to a Third Party be not completed within hundred and fifty (150) days from the expiry of the fifteen (15) days after the receipt of the Determined Price, the right to sell and transfer the Shares to the Third Party shall automatically lapse. The provisions set out in Clauses 7.4 to 7.8 regarding transfer of Shares shall apply de-novo, if the Selling Shareholder wishes to sell the Shares at a price lower than the Determined Price.

7.8.7 In the event that the Determined Price is acceptable to the Selling Shareholder and the Continuing Shareholder, the procedure set out in Clause 7.6 shall apply.

7.9 Permitted Transfers

Affiliates

The shareholders shall have the right to transfer the Shares held by them to their Affiliates. In case an Affiliate, to whom the Shares are transferred pursuant to this Clause 7.9, ceases to be an Affiliate of the Party concerned, such concerned Party shall undertake steps to require that the Shares held by such Affiliate are transferred back to it as a matter of urgency. Provided further, that it will be a condition of transfer to any Affiliate, that such Affiliate agrees in writing that upon ceasing to be an Affiliate it shall transfer the Shares to the Party of whom it was an Affiliate.

Nominee Shareholders

The shareholders shall also have the right to transfer the Shares held by them to their Nominee Shareholders, provided that either Party may not transfer to each of its Nominee Shareholders more than one (1) Share. In case such Nominee Shareholder, to whom one (1) Share is transferred pursuant to this Clause 7.9, ceases to be a Nominee Shareholder of the Party concerned, such concerned Party shall undertake steps to require that the Share held by such Nominee Shareholder is transferred back to it as a matter of urgency. Provided further, that it will be a condition of transfer to any Nominee Shareholder, that such Nominee Shareholder agrees in writing that upon ceasing to be a Nominee Shareholder it shall transfer the Share to the Party of whom it was a Nominee Shareholder.

7.10 Third Party

'Third Party' shall mean a party not being a Competitor of the Continuing Shareholder or the Affiliate of the Selling Shareholder.

7.11 Determined Price

The price of the Shares to be determined pursuant to sub-Clause 7.8.4 shall be determined by a reference to a firm of accountants (being the India office of such accountant firm) (the "Independent Accounting Firm"). The following principles shall apply:

- (i) the Independent Accounting Firm shall, unless otherwise agreed between the Parties, be a firm which is independent of both Parties and any Third Party purchaser, if any;
- (ii) the Independent Accounting Firm shall be appointed by mutual agreement of the Parties, failing such appointment within 30 days;
- (iii) the Selling Shareholder and the Continuing Shareholder shall procure that there is made available to the Independent Accounting Firm such information relating to Company as it reasonably requires in order to determine the Determined Price;
- (iv) in certifying the Determined Price, the Independent Accounting Firm shall take into account all factors it considers to be relevant;
- (v) the Independent Accounting Firm shall be deemed to be acting as an expert and not an arbitrator and its decision shall be final and binding on the Parties;
- (vi) the cost of obtaining the Independent Accounting Firm's certificate shall be borne by the Company;
- (vii) the Determined Price shall be determined by the Independent Accounting Firm within 60 (sixty) days of appointment.

The Independent Accounting Firm shall be required to communicate the Determined Price along with relevant details to both the Parties at the same time

FORFEITURE OF SHARES

13.6 Alternate Directors

SWPL may nominate for appointment an alternate director for the original director nominated by it, in accordance with the provisions of the Act.

13.7 Eligibility Requirements to act as Director

Persons nominated for the position of director shall be subject to the disqualification stipulated in Section 164 of the Companies Act 2013. Directors need not hold any qualification shares in the Company.

Directors appointed and withdrawn by any Party will not be eligible for appointment as nominees of another party without the written consent of the Party whose nominee any of such director was.

13.8 Quorum for the Board Meetings

The quorum for a meeting of the Board shall be one-third of the total strength of the Board for the time being or two directors whichever is more. In case the quorum at a meeting of the Board is not present then the meeting shall stand adjourned to the same place after seven (7) days.

13.9 Meetings of the Board

The directors shall meet as a Board for the despatch of business from time to time, and shall so meet at least once in every three (3) months and at least four (4) such meetings shall be held in every year. The directors may adjourn and otherwise regulate their meetings as they deem fit. With the consent of the majority of the directors, meetings of the Board may be held outside India. A director may, and the secretary, on the request of a director, shall summon a meeting of the Board.

Subject to Clause 7.3, except in those cases where a resolution is required by law to be passed at a meeting of the Board, the Board of Directors may also decide that resolutions may be passed by the Board of Directors without convening a meeting; in that case resolutions shall be passed by circular to be signed by the sufficient number of members of the Board of Directors and such a resolution shall be valid if the passing thereof is in accordance with the provisions of the Act and the articles of association of the Company and if a draft thereof has been circulated together with the necessary papers, if any, to all directors at their usual address and the same has been approved by a majority of directors, as are entitled to vote thereon.

13.10 Notice of the Board Meetings

At least 7 (seven) days' notice of every meeting of the Board shall be given in writing to every director present for the time being in India and at his usual address in India, and to every other director, provided, however, that in the case of directors residing outside India, notice of every meeting of the Board shall also be given to such directors at their addresses outside India and to their alternates, if any, in India at their usual addresses in India. Such notice shall be accompanied by the agenda setting out the business proposed.

to be transacted at the meeting of the Board, provided, however, that with the consent of all the directors present in India a meeting of the Board may be convened by a shorter notice in the case of an emergency or if special circumstances so warrant.

Notice of Board meetings to directors' resident outside India shall be given in writing by telecopy (facsimile) or electronic mail and confirmed in writing by prepaid registered or certified air mail or courier service.

It is agreed that the Board shall not consider, and the chairman shall not recommend, to take up for decision any item which is not included in the agenda of items circulated to the members of the Board along with the notice for each meeting of the Board unless otherwise agreed by all the members of the Board present.

13.11 Distribution of Dividends

The Parties agree that they shall cause the Company, to the extent permitted by any Applicable Law and after giving due consideration to future business requirements of the Company including working capital, capital expenditure and any regulatory and contractual obligations, to declare and pay respectively to its Shareholders a dividend up to the maximum extent permissible out of the distributable profits earned by the Company in the year concerned after due provision has been made for minimum legal reserves, and necessary requirements in accordance with relevant law and prudent accounting principles. To this end, the Parties agree to exercise their respective voting rights through their nominee directors on the Board or at the Shareholders' meeting of the Company to achieve the aforesaid objective.

13.12 Committees

The Board can appoint committees. The powers and composition of the committees shall be such as may be decided by the Board from time to time.

13.14 Voting at Shareholders' Meetings

Except for matters requiring special resolutions under the Act, all other business transacted at a Shareholders meeting shall, in order to be effective, require only the approval of a simple majority of the total paid up shares of the Company, which are entitled to vote at such meeting.

Share capital and reduction of capital

4. SHARE CAPITAL

- (a) The authorised Share Capital of the Company shall be as stated under Clause 5 of the Memorandum of Association of the Company from time to time.
- (b) The Share Capital of the Company may be classified into: (a) Equity Shares with differential rights as to dividend, voting or otherwise in accordance with the applicable provisions of the Act, Rules, and Law, from time to time; and (b) preference shares, non-convertible or convertible into Equity Shares, as permitted and in accordance with the applicable provisions of the Act and Law, from time to time.
- (c) Subject to Article 4(b), all Equity Shares shall be of the same class and shall be alike in all respects and the holders thereof shall be entitled to identical rights and privileges including without limitation to identical rights and privileges with respect to dividends, voting rights, and distribution of assets in the event of voluntary or involuntary liquidation, dissolution or winding up of the Company.
- (d) The Board may allot and issue shares of the Company as payment or

part payment for any property purchased by the Company or in respect of goods sold or transferred or machinery or appliances supplied or for services rendered to the Company in or about the formation of the Company or the acquisition and/or in the conduct of its business or for any goodwill provided to the Company; and any shares which may be so allotted may be issued as fully/partly paid up shares and if so issued shall be deemed as fully/partly paid up shares. However, the aforesaid shall be subject to the approval of members under the relevant provisions of the Act and Rules.

- (e) Nothing herein contained shall prevent the Board from issuing fully paid up shares either on payment of the entire nominal value thereof in cash or in satisfaction of any outstanding debt or obligation of the Company
- (f) Except so far as otherwise provided by the conditions of issue or by these presents, any Capital raised by the creation of new Equity Shares, shall be considered as part of the existing Capital and shall be subject to the provisions herein contained with reference to the payment of calls and installments, forfeiture, lien, surrender, transfer and transmission, voting and otherwise.
- (g) All of the provisions of these Articles shall apply to the Shareholders.
- (h) Any application signed by or on behalf of an applicant for shares in the Company, followed by an allotment of any Equity Shares therein, shall be an acceptance of shares within the meaning of these Articles and every person who thus or otherwise accepts any shares and whose name is on the Register of Members shall for the purposes of these Articles be a Shareholder.
- (i) The money, (if any), which the Board shall, on the allotment of any shares being made by them, require or direct to be paid by way of deposit, call or otherwise, in respect of any shares allotted by them, shall immediately on the insertion of the name of the allottee, in the Register of Members as the name of the holder of such Equity Shares, become a debt due to and recoverable by the Company from the allottee thereof, and shall be paid by him accordingly.
- (j) Subject to the provisions of these Articles, the Company shall have the power, subject to and in accordance with the provisions of Section 54 of the Act and other relevant regulations in this regard from time to time, to issue sweat equity shares to its employees and/or Directors on such terms and conditions and in such manner as may be prescribed by Law from time to time.

5. PREFERENCE SHARES

Subject to the provisions of Section 55 and other applicable provisions of the Act and applicable Law, the Company shall have power to issue any Preference Shares, which are liable to be redeemed / convertible into securities on such terms and in such manner as the Company may determine before issue of such preference shares.

6. SHARE EQUIVALENT

The Company shall, subject to the applicable provisions of the Act, compliance with Law and the consent of the Board, have the power to issue Share Equivalents on such terms and in such manner as the Board deems fit including their conversion, repayment, and redemption whether at a premium or otherwise.

7. ADRs/GDRs

The Company shall, subject to the applicable provisions of the Act, compliance with all Law and the consent of the Board, have the power to issue ADRs or GDRs on such terms and in such manner as the Board deems fit including their conversion and repayment. Such terms may include at the discretion of the Board, limitations on voting by holders of ADRs or GDRs, including without limitation, exercise of voting rights in accordance with the directions of the Board.

8. ALTERATION OF SHARE CAPITAL

Subject to these Articles and Section 61 of the Act, the Company may, by Ordinary Resolution in General Meeting from time to time, after the conditions of its Memorandum as follows, that is to say, it may:

- (a) increase its authorised Share Capital by such amount as it thinks expedient;
- (b) consolidate and sub-divide all or any of its Share Capital into shares of larger amount than its existing shares,

Provided that no consolidation and sub-division which results in changes in the voting percentage of shareholders shall take effect unless it is approved by the Tribunal on an application made in the manner prescribed under the Act.

- (c) convert all or any of its fully Paid up shares into stock and reconvert that stock into fully Paid up shares of any denomination
- (d) sub-divide its shares, or any of them, into shares of smaller amount than

is fixed by the Memorandum, so however, that in the sub-division the proportion between the amount paid and the amount, if any, unpaid on each reduced share shall be the same as it was in the case of the share from which the reduced share is derived; and

- (e) cancel shares which, at the date of the passing of the resolution in that behalf, have not been taken or agreed to be taken by any person, and diminish the amount of its Share Capital by the amount of the shares so cancelled. A cancellation of shares in pursuance of this Article shall not be deemed to be a reduction of Share Capital within the meaning of the Act.

9. REDUCTION OF SHARE CAPITAL

The Company may, subject to Section 66 and other applicable provisions of the Act, from time to time, reduce its Capital, any capital redemption reserve account and the securities premium account in any manner for the time being authorized by Law. This Article is not to derogate any power the Company would have under Law, if it were omitted.

10. POWER OF COMPANY TO PURCHASE ITS OWN SECURITIES

Pursuant to a resolution of the Board, the Company may purchase its own Equity Shares or other Securities, by way of a buy-back arrangement, in accordance with Sections 68, 69 and 70 of the Act, the Rules and regulations formulated by any statutory/regulatory authority as may be applicable from time to time.

11. VARIATION OF CLASS OF SHAREHOLDERS' RIGHTS

Where the Capital is divided (unless otherwise provided by the terms of issue of the shares of that class) into different classes of shares, all or any of the rights and privileges attached to each class may, subject to the provisions of Section 48 of the Act and Law, and whether or not the Company is being wound up, be modified, commuted, affected or abrogated or dealt with by agreement between the Company and any Person purporting to contract on behalf of that class, provided the same is effected with consent in writing and by way of a Special Resolution passed at a separate meeting of the holders of the issued shares of that class. Subject to Section 48(2) of the Act and Law, all provisions hereafter contained as to General Meetings (including the provisions relating to quorum at such meetings) shall mutatis mutandis apply to every such meeting.

Registers, Shares and Share certificates

12. REGISTERS TO BE MAINTAINED BY THE COMPANY

- (a) The Company shall, in terms of the provisions of Section 88 of the Act and the provisions of the Depositories Act, 1996, cause to be kept the following registers in terms of the applicable provisions of the Act :
 - (i) A Register of Members indicating separately for each class of Equity Shares and preference shares held by each Shareholder residing in or outside India;
 - (ii) A register of Debenture holders; and
 - (iii) A register of any other security holders.
- (b) The register(s) and index of beneficial owners maintained by a depository under the Depositories Act, 1996, as amended, shall be deemed to be the corresponding register(s) and index required under (a) above and the Act.
- (c) The Company shall also be entitled to keep in any country outside India, a part of the registers referred above, called "foreign register" containing names and particulars of the Shareholders, Debenture holders or holders of other Securities or beneficial owners residing outside India.

13. SHARES AND SHARE CERTIFICATES

- (a) The Company shall issue, re-issue and issue duplicate share certificates in accordance with the provisions of the Act and in the form and manner prescribed under the Companies (Share Capital and Debentures) Rules, 2014.
- (b) A duplicate certificate of shares may be issued, if such certificate:
 - i. is proved to have been lost or destroyed; or
 - ii. has been defaced, mutilated or torn and is surrendered to the Company.
- (c) The Company shall be entitled to dematerialize its existing shares, rematerialize its shares held in the depository and/or to offer its fresh shares in a dematerialized form pursuant to the Depositories Act, and the rules framed thereunder, if any.

- (d) A certificate, issued under the Common Seal, if any, of the Company and signed by two Directors or by a Director and the Company Secretary, specifying the shares held by any Person shall be *prima facie* evidence of the title of the Person to such shares. Where the shares are held in dematerialized form, the record of depository shall be the *prima facie* evidence of the interest of the beneficial owner.
- (e) If any certificate be worn out, defaced, mutilated or torn or if there be no further space on the back thereof for endorsement of transfer, then upon production and surrender thereof to the Company, a new certificate may be issued in lieu thereof, and if any certificate is lost or destroyed, then upon proof thereof to the satisfaction of the Company and on execution of such indemnity as the Company deems adequate, being given, a new certificate in lieu thereof shall be given to the party entitled to such lost or destroyed certificate. Every certificate under the Articles shall be issued without payment of fees if the Board / Committee of the Board so decide or on payment of such fees (not exceeding Rupees fifty for each certificate) as the Board shall prescribe. Provided that no fee shall be charged for issue of a new certificate in replacement of those which are old, defaced or worn out or where there is no further space on the back thereof for endorsement of transfer.

Provided that notwithstanding what is stated above, the Board shall comply with the applicable provisions of the Act, Rules or regulations or requirement of Stock Exchange and rules made under the Securities Contracts (Regulation) Act, 1956, as amended or any other Act or rules applicable in this behalf.

- (f) In respect of any share or shares held jointly by several persons, the Company shall not be bound to issue more than one certificate, and delivery of a certificate for a share to one of several joint holders shall be sufficient delivery to all such holders.
- (g) The provisions of this Article shall *mutatis mutandis* apply to Debentures and other Securities of the Company.
- (h) All blank forms to be used for issue of share certificates shall be printed and the printing shall be done only on the authority of a resolution of the Board. The blank forms shall be consecutively machine-numbered and the forms and the blocks, engravings, facsimiles and hues relating to the printing of such forms shall be kept in the custody of the Secretary or of such other person as the Board may authorize for the purpose and the Secretary or the other person aforesaid shall be responsible for rendering an account of these forms to the Board.

- (i) The Company Secretary shall be responsible for the maintenance, preservation and safe custody of all books and documents relating to the issue of share certificates including the blank forms of the share certificates referred to in sub-article (h) of this Article.
- (j) All books referred to in sub-article (i) of this Article, shall be preserved in the manner specified in the Companies (Share Capital and Debentures) Rules, 2014.
- (k) If any Share stands in the names of 2 (two) or more Persons, the Person first named in the Register of Members shall as regards receipt of Dividends or bonus, or service of notices and all or any other matters connected with the Company except voting at meetings and the transfer of shares, be deemed the sole holder thereof, but the joint holders of a share shall be severally as well as jointly liable for the payment of all installments and calls due in respect of such shares, and for all incidents thereof according to these Articles.
- (l) Subject to applicable provisions of the Act, the Company shall issue certificates or receipts or advices, as applicable, of sub-division, split, consolidation, renewal, exchanges, endorsements, issuance of duplicates thereof or issuance of new certificates or receipts or advices, as applicable, in cases of loss or old decrepit or worn out certificates or receipts or advices, as applicable within a period of 30 (thirty) days from the date of such lodgment.

14. SHARES AT THE DISPOSAL OF THE BOARD

- (a) Subject to the provisions of Section 62 and other applicable provisions of the Act, and these Articles, the shares in the Capital of the Company for the time being (including any shares forming part of any increased Capital of the Company) shall be under the control of the Board who may issue, allot or otherwise dispose of the same or any of them to such person(s), in such proportion and on such terms and conditions and either at a premium or at par or at discount (subject to compliance with Section 53 and 54 of the Act) at such time as they may, from time to time, think fit for such consideration as the Board think fit which may be either in cash or otherwise, that is for any property sold and transferred or for any services rendered to the Company in the conduct of its business, or in any combination thereof and any shares which may be so allotted may be issued as fully paid up shares and if so issued, shall be deemed to be fully paid up shares.

- (b) If, by the conditions of allotment of any share, the whole or part of the amount thereof shall be payable by installments, every such installment shall, when due, be paid to the Company by the person who, for the time being, shall be the registered holder of the shares or by his executor or administrator.
- (c) Every Shareholder, or his heir(s), Executor(s), or Administrator(s) shall pay to the Company, the portion of the Capital represented by his share or shares which may for the time being remain unpaid thereon in such amounts at such time or times and in such manner as the Board shall from time to time in accordance with the Articles require or fix for the payment thereof.
- (d) In accordance with Section 56 and other applicable provisions of the Act and the Rules:
- (i) Every Member or allottee of shares shall be entitled without payment, to receive one or more certificates specifying the name of the Person in whose favour it is issued, the shares to which it relates and the amount paid up thereon. Such certificates shall be issued only in pursuance of a resolution passed by the Board and on surrender to the Company of its letter of allotment or its fractional coupon of requisite value, save in cases of issue of share certificates against letters of acceptance or of renunciation, or in cases of issue of bonus shares. Such share certificates shall also be issued in the event of consolidation or sub-division of shares of the Company. Every such certificate shall be issued under the Seal of the Company, if any, in the manner set out in this Article and signed by two Directors or by a Director and Company Secretary. Particulars of every share certificate issued shall be entered in the Register of Members against the name of the Person, to whom it has been issued, indicating the date of issue. For any further certificate, the Board shall be entitled, but shall not be bound to prescribe a charge not exceeding rupees fifty.
 - (ii) Every Member shall be entitled, without payment, to one or more certificates, in marketable lots, for all the shares of each class or denomination registered in his name, or if the Board so approve (upon paying such fee as the Board may from time to time determine) to several certificates, each for one or more of such shares and the Company shall complete and have ready for delivery such certificates within 2 (two) months from the date of allotment, or within 1 (one) month of the date of receipt of instrument of transfer, transmission, sub-division, consolidation or renewal of its shares as the case may be.

- (iii) the Board may, at their absolute discretion, refuse any applications for the sub-division of share certificates or Debenture certificates, into denominations less than marketable lots except where sub-division is required to be made to comply with any statutory provision or an order of a competent court of law or at a request from a Shareholder or to convert holding of odd lot into transferable/marketable lot.
- (iv) A Director may sign a share certificate by affixing his signature thereon by means of any machine, equipment or other mechanical means, such as engraving in metal or lithography etc, but not by means of a rubber stamp, provided that the Director shall be responsible for the safe custody of such machine, equipment or other material used for the purpose.

Underwriting and Brokerage

15. UNDERWRITING AND BROKERAGE

- (a) Subject to the applicable provisions of the Act, the Company may at any time pay a commission to any person in consideration of his subscribing or agreeing to subscribe or procuring or agreeing to procure subscription, (whether absolutely or conditionally), for any shares or Debentures in the Company in accordance with the provisions of the Act, Companies (Prospectus and Allotment of Securities) Rules, 2014 and regulations prescribed by SEBI for this purpose as amended from time to time.
- (b) The Company may also, on any issue of shares or Debentures, pay such brokerage as may be lawful.

Calls

16. CALLS ON SHARES

- (a) Subject to the provisions of Section 49 of the Act, the Board may, from time to time, subject to the terms on which any shares may have been issued and subject to the conditions of allotment, by a resolution passed at a meeting of the Board, (and not by circular resolution), make such call as it thinks fit upon the Shareholders in respect of all money unpaid on the shares held by them respectively and each Shareholder shall pay the amount of every call so made on him to the Person or Persons and Shareholders and at the times and places appointed by the Board. A call may be made payable by installments. Provided that the Board shall not give the option or right to call on shares to any person except with the sanction of the Company in the General Meeting.

- (b) Such days' notice in writing as permitted under the Act, at the least shall be given by the Company of every call (otherwise than on allotment) specifying the time and place of payment and if payable to any Person other than the Company, the name of the person to whom the call shall be paid, provided that before the time for payment of such call, the Board may by notice in writing to the Shareholders revoke the same.
- (c) The Board may, when making a call by resolution, determine the date on which such call shall be deemed to have been made, not being earlier than the date of resolution making such call and thereupon the call shall be deemed to have been made on the date so determined and if no date is determined, the call shall be deemed to have been made at the time when the resolution of the Board authorising such call was passed and may be made payable by the Shareholders whose names appear on the Register of Members on such date or at the discretion of the Board on such subsequent date as shall be fixed by the Board. A call may be revoked or postponed at the discretion of the Board.
- (d) The joint holder of a share shall be jointly and severally liable to pay all instalments and calls due in respect thereof.
- (e) The Board may, from time to time at its discretion, extend the time fixed for the payment of any call and may extend such time as to all or any of the Shareholders who, from residence at a distance or other cause the Board may deem fairly entitled to such extension; but no Shareholders shall be entitled to such extension save as a matter of grace and favour.
- (f) If any Shareholder or allottee fails to pay the whole or any part of any call or installment, due from him on the day appointed for payment thereof, or any such extension thereof as aforesaid, he shall be liable to pay interest on the same from the day appointed for the payment thereof to the time of actual payment at such rate as shall from time to time be fixed by the Board but nothing in this Article shall render it obligatory for the Board to demand or recover any interest from any such Shareholder.
- (g) Any sum, which by the terms of issue of a share or otherwise, becomes payable on allotment or at any fixed date or by installments at a fixed time whether on account of the nominal value of the share or by way of premium shall for the purposes of these Articles be deemed to be a call duly made and payable on the date on which by the terms of issue or otherwise the same became payable, and in case of non-payment, all the relevant provisions of these Articles as to payment of call, interest, expenses, forfeiture or otherwise shall apply as if such sum became payable by virtue of a call duly made and notified.

- (h) On the trial or hearing of any action or suit brought by the Company against any Shareholder or his legal representatives for the recovery of any money claimed to be due to the Company in respect of his shares, it shall be sufficient to prove that the name of the Shareholder in respect of whose shares the money is sought to be recovered appears entered on the Register of Members as the holder, or one of the holders at or subsequent to the date at which the money sought to be recovered is alleged to have become due on the shares; that the resolution making the call is duly recorded in the minute book, and that notice of such call was duly given to the Shareholder or his representatives so sued in pursuance of these Articles; and it shall not be necessary to prove the appointment of the Directors who made such call nor that a quorum of Directors was present at the Board at which any call was made, nor that the meeting at which any call was made was duly convened or constituted nor any other matters whatsoever, but the proof of the matters aforesaid shall be conclusive evidence of the debt.
- (i) Neither a judgment nor a decree in favour of the Company for calls or other money due in respect of any share nor any part payment or satisfaction thereunder, nor the receipt by the Company of a portion of any money which shall from time to time be due from any Shareholder to the Company in respect of his shares, either by way of principal or interest, nor any indulgence granted by the Company in respect of the payment of any such money shall preclude the Company from thereafter proceeding to enforce a forfeiture of such shares as hereinafter provided.
- (j) The Board may, if it thinks fit (subject to the provisions of Section 50 of the Act) agree, to and receive from any Member willing to advance the same, the whole or any part of the moneys due upon the shares held by him beyond the sums actually called up, and upon the amount so paid or satisfied in advance, or so much thereof as from time to time and at any time thereafter as exceeds the amount of the calls then made upon and due in respect of the shares in respect of which such advance has been made, the Company may pay interest at such rate, as the Member paying such sum in advance and the Board agree upon, provided that the money paid in advance of calls shall not confer a right to participate in profits or dividend. The Board may at any time repay the amount so advanced.
- (k) No Member shall be entitled to voting rights in respect of the money(ies) so paid by him until the same would but for such payment, become presently payable.
- (l) The provisions of these Articles shall *mutatis mutandis* apply to the calls on Debentures of the Company.

*Lien***17. COMPANY'S LIEN**

(a) The Company shall have a first and paramount lien:

- (i) on every share (not being a fully paid share), for all money (whether presently payable or not) called, or payable at a fixed time, in respect of that share;
- (ii) on all shares (not being fully paid shares) standing registered in the name of a single person (whether solely or jointly with others), for all money presently payable by him or his estate to the Company; and
- (iii) on the proceeds of sale thereof for all moneys (whether presently payable or not) called or payable at a fixed time in respect of such shares:

Provided that the Board may, at any time, declare any shares wholly or in part to be exempt from the provisions of this Article.

(b) No equitable interest in any share shall be created except upon the footing and condition that this Article will have full effect and Company's lien, if any, on the shares, shall extend to all Dividends payable and bonuses declared from time to time in respect of such shares.

The Company may sell, in such manner, as the Board thinks fit, any shares on which the Company has a lien. Provided that no sale shall be made:

- (i) unless a sum in respect of which the lien exists is presently payable; or
 - (ii) until the expiration of 14 days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency.
- (c) To give effect to any such sale, the Board may cause to be issued a duplicate certificate in respect of such shares and authorize some person to transfer the shares sold to the purchaser thereof. The purchaser shall be registered as the holder of the shares comprised in any such transfer. The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.

- (d) The net proceeds of any such sale shall be received by the Company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable. The residue, if any, shall (subject to a like lien for sums not presently payable as existed upon the shares before the sale) be paid to the Person entitled to the shares at the date of the sale.
- (e) The provisions of this Article shall *mutatis mutandis* apply to the Debentures of the Company.

Forfeiture

18. FORFEITURE OF SHARES

- (a) If any Shareholder fails to pay any call or installment or any part thereof or any money due in respect of any shares either by way of principal or interest on or before the day appointed for the payment of the same or any such extension thereof as aforesaid, the Board may, at any time thereafter, during such time as the call or installment or any part thereof or other money remain unpaid or a judgment or decree in respect thereof remain unsatisfied, give notice to him or his legal representatives requiring him to pay the same together with any interest that may have accrued and all expenses that may have been incurred by the Company by reason of such non-payment.
- (b) The notice shall name a day, (not being less than 14 (fourteen) days from the date of the notice), and a place or places on or before which such call or installment or such part or other money as aforesaid and interest thereon, (at such rate as the Board shall determine and payable from the date on which such call or installment ought to have been paid), and expenses as aforesaid are to be paid. The notice shall also state that in the event of non-payment at or before the time and at the place appointed, the shares in respect of which the call was made or installment is payable, will be liable to be forfeited.
- (c) If the requirements of any such notice as aforesaid are not be complied with, any share in respect of which such notice has been given, may at any time, thereafter before payment of all calls, installments, other money due in respect thereof, interest and expenses as required by the notice has been made, be forfeited by a resolution of the Board to that effect. Such forfeiture shall include all Dividends declared or any other money payable in respect of the forfeited share and not actually paid before the forfeiture subject to the applicable provisions of the Act. There shall be no forfeiture of unclaimed Dividends before the claim becomes barred by Law.
- (d) When any share shall have been so forfeited, notice of the forfeiture shall be given to the Shareholder on whose name it stood immediately

prior to the forfeiture or if any of his legal representatives or to any of the Persons entitled to the shares by transmission, and an entry of the forfeiture with the date thereof, shall forthwith be made in the Register of Members, but no forfeiture shall be in any manner invalidated by any omission or neglect to give such notice or to make any such entry as aforesaid.

- (e) Any share so forfeited shall be deemed to be the property of the Company and may be sold, re-allotted, or otherwise disposed of either to the original holder thereof or to any other Person upon such terms and in such manner as the Board shall think fit.
- (f) The forfeiture of a share shall involve extinction at the time of the forfeiture of all interest in all claims and demands against the Company, in respect of the share and all other rights incidental to the share, except only such of these rights as by these Articles are expressly saved.
- (g) A duly verified declaration in writing that the declarant is a Director or Secretary of the Company and that a share in the Company has been duly forfeited in accordance with these Articles on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all Persons claiming to be entitled to the shares.
- (h) Upon any sale after forfeiture or for enforcing a lien in purported exercise of the powers hereinbefore given, the Board may appoint some Person to execute an instrument of transfer of the shares sold and cause the purchaser's name to be entered in the Register of Members in respect of the shares sold and the purchaser shall not be bound to see to the regularity of the proceedings, or to the application of the purchase money, and after his name has been entered in the Register of Members in respect of such shares, the validity of the sale shall not be impeached by any person and the remedy of any person aggrieved by the sale shall be in damages only and against the Company exclusively.
- (i) Upon any sale, re-allotment or other disposal under the provisions of the preceding Articles, the certificate or certificates originally issued in respect of the relevant shares shall, (unless the same shall on demand by the Company have been previously surrendered to it by the defaulting Shareholder), stand cancelled and become null and void and of no effect and the Board shall be entitled to issue a new certificate or certificates in respect of the said shares to the person or persons entitled thereto.
- (j) The Board may, at any time, before any share so forfeited shall have been sold, re-allotted or otherwise disposed of, annul the forfeiture thereof upon such conditions as it thinks fit.

Further issue

19. FURTHER ISSUE OF SHARE CAPITAL

- (a) Where at any time, the Company proposes to increase its subscribed capital by the issue of further shares, such shares shall be offered—
- (i) to persons who, on the date specified under Law, are holders of Equity Shares of the Company in proportion, as nearly as circumstances admit, to the Paid up Share Capital on those shares by sending a letter of offer subject to the following conditions, namely:-
 - a. the offer shall be made by notice specifying the number of shares offered and limiting a time, unless otherwise prescribed under Law, not being less than 15 (fifteen) days and not exceeding 30 (thirty) days from the date of the offer within which the offer, if not accepted, shall be deemed to have been declined;
 - b. the offer aforesaid shall be deemed to include a right exercisable by the Person concerned to renounce the shares offered to him or any of them in favour of any other Person; and the notice referred to in clause a. above shall contain a statement of this right;
 - c. after the expiry of the time specified in the notice aforesaid, or on receipt of earlier intimation from the Person to whom such notice is given that he declines to accept the shares offered, the Board may dispose of them in such manner which is not disadvantageous to the Shareholders and the Company;
 - (ii) to employees under a scheme of employees' stock option, subject to Special Resolution passed by the Company and subject to the Rules and such other conditions, as may be prescribed under Law; or
 - (iii) to any persons, if it is authorised by a Special Resolution, whether or not those Persons include the Persons referred to in clause (i) or clause (ii) above, either for cash or for a consideration other than cash, if the price of such shares is determined by the valuation report of a registered valuer subject to the applicable provisions of the Act and the Rules.

Transfer and Transmission

20. TRANSFER AND TRANSMISSION OF SHARES

- (a) The Company shall maintain a "Register of Transfers" and shall have recorded therein fairly and distinctly particulars of every transfer or transmission of any Share, Debenture or other Security held in a material form.
- (b) In accordance with Section 56 of the Act, the Rules and such other conditions as may be prescribed under Law, every instrument of transfer of shares held in physical form shall be in writing. In case of transfer of shares where the Company has not issued any certificates and where the shares are held in dematerialized form, the provisions of the Depositories Act, 1996 shall apply. All provisions of Section 56 of the Act and statutory modifications thereof for the time being shall be duly complied with in respect of all transfer of shares and registrations thereof.
- (c) (i) An application for the registration of a transfer of the shares in the Company may be made either by the transferor or the transferee within the time frame prescribed under the Act
- (ii) Where the application is made by the transferor and relates to partly paid shares, the transfer shall not be registered unless the Company gives notice of the application to the transferee in a prescribed manner and the transferee communicates no objection to the transfer within 2 (two) weeks from the receipt of the notice.
- (d) Every such instrument of transfer shall be in the common form as prescribed in the rules made under section 56 of the Act and executed by both, the transferor and the transferee and attested and the transferor shall be deemed to remain the holder of such share until the name of the transferee shall have been entered in the Register of Members in respect thereof.
- (e) The Board shall have power on giving not less than 7 (seven) days previous notice by advertisement in a vernacular newspaper and in an English newspaper having wide circulation in the city, town or village in which the Office of the Company is situated, and publishing the notice on the website as may be notified by the Central Government and on the website of the Company, to close the transfer books, the Register of Members and/or Register of Debenture-holders at such time or times and for such period or periods, not exceeding 30 (thirty) days at a time and not exceeding in the aggregate 45 (forty-five) days in each

year, as it may deem expedient.

- (f) Subject to the provisions of Sections 58 and 59 of the Act, these Articles and other applicable provisions of the Act or any other Law for the time being in force, the Board may refuse, whether in pursuance of any power of the Company under these Articles or otherwise, to register the transfer of, or the transmission by operation of law of the right to, any securities or interest of a Member in the Company. The Company shall, within 30 (thirty) days from the date on which the instrument of transfer, or the intimation of such transmission, as the case may be, was delivered to the Company, send a notice of refusal to the transferee and the transferor or to the person giving intimation of such transmission, as the case may be, giving reasons for such refusal.

Provided that, registration of a transfer shall not be refused on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Company on any account whatsoever except where the Company has a lien on shares.

- (g) In case of the death of any one or more Shareholders named in the Register of Members as the joint-holders of any shares, the survivors shall be the only Shareholder or Shareholders recognized by the Company as having any title to or interest in such shares, but nothing therein contained shall be taken to release the estate of a deceased joint-holder from any liability on shares held by him jointly with any other Person.
- (h) The Executors or Administrators or holder of the succession certificate or the legal representatives of a deceased Shareholder, (not being one of two or more joint-holders), shall be the only Shareholders recognized by the Company as having any title to the shares registered in the name of such Shareholder, and the Company shall not be bound to recognize such Executors or Administrators or holders of succession certificate or the legal representatives unless such Executors or Administrators or legal representatives shall have first obtained probate or letters of administration or succession certificate, as the case may be, from a duly constituted court in India, provided that the Board may in its absolute discretion dispense with production of probate or letters of administration or succession certificate, upon such terms as to indemnity or otherwise as the Board may in its absolute discretion deem fit and may under Article 20 (a) of these Articles register the name of any Person who claims to be absolutely entitled to the shares standing in the name of a deceased Shareholder, as a Shareholder.
- (i) The Board shall not knowingly issue or register a transfer of any share to a minor or insolvent or Person of unsound mind, except fully paid shares through a legal guardian.

- (j) Subject to the provisions of Articles, any Person becoming entitled to shares in consequence of the death, lunacy, bankruptcy of any member or members, or by any lawful means other than by a transfer in accordance with these Articles, may with the consent of the Board, (which it shall not be under any obligation to give), upon producing such evidence that he sustains the character in respect of which he proposes to act under this Article, or of his title, as the Board thinks sufficient, either be registered himself as the holder of the shares or elect to have some Person nominated by him and approved by the Board, registered as such holder, provided nevertheless, that if such Person shall elect to have his nominee registered, he shall testify the election by executing in favour of his nominee an instrument of transfer in accordance with the provisions herein contained and until he does so, he shall not be freed from any liability in respect of the shares.
- (k) A Person becoming entitled to a share by reason of the death or insolvency of a member shall be entitled to the same Dividends and other advantages to which he would be entitled if he were the registered holder of the shares, except that he shall not, before being registered as a member in respect of the shares, be entitled to exercise any right conferred by membership in relation to meetings of the Company.

Provided that the Directors shall, at any time, give notice requiring any such Person to elect either to be registered himself or to transfer the shares, and if such notice is not complied with within 90 (ninety) days, the Directors may thereafter withhold payment of all Dividends, bonuses or other monies payable in respect of the shares until the requirements of the notice have been complied with.

- (l) Every instrument of transfer shall be presented to the Company duly stamped for registration accompanied by such evidence as the Board may require to prove the title of the transferor, his right to transfer the shares. Every registered instrument of transfer shall remain in the custody of the Company until destroyed by order of the Board.
- (m) Where any instrument of transfer of shares has been received by the Company for registration and the transfer of such shares has not been registered by the Company for any reason whatsoever, the Company shall transfer the Dividends in relation to such shares to a special account unless the Company is authorized by the registered holder of such shares, in writing, to pay such Dividends to the transferee and will keep in abeyance any offer of right shares and/or bonus shares in relation to such shares.

In case of transfer and transmission of shares or other marketable securities where the Company has not issued any certificates and where such shares or Securities are being held in any electronic and fungible form in a Depository, the provisions of the Depositories Act shall apply.

- (n) Before the registration of a transfer, the certificate or certificates of the share or shares to be transferred must be delivered to the Company along with a properly stamped and executed instrument of transfer in accordance with the provisions of Section 56 of the Act.
- (o) No fee shall be charged by the Company in respect of the registration of transfer or transmission of shares, or for registration of any power of attorney, probate, letters of administration and succession certificate, certificate of death or marriage or other similar documents, sub division and/or consolidation of shares and debentures and sub-divisions of letters of allotment, renounceable letters of right and split, consolidation, renewal and genuine transfer receipts into denomination corresponding to the market unit of trading.
- (p) The Company shall incur no liability or responsibility whatsoever in consequence of its registering or giving effect to any transfer of shares made or purporting to be made by any apparent legal owner thereof, (as shown or appearing in the Register of Members), to the prejudice of a Person or Persons having or claiming any equitable right, title or interest to or in the said shares, notwithstanding that the Company may have had any notice of such equitable right, title or interest or notice prohibiting registration of such transfer, and may have entered such notice or referred thereto, in any book of the Company and the Company shall not be bound or required to regard or attend or give effect to any notice which may be given to it of any equitable right, title or interest or be under any liability whatsoever for refusing or neglecting so to do, though it may have been entered or referred to in some book of the Company but the Company shall nevertheless be at liberty to regard and attend to any such notice, and give effect thereto if the Board shall so think fit.
- (q) The Company shall not register the transfer of its securities in the name of the transferee(s) when the transferor(s) objects to the transfer.

Provided that the transferor serves on the Company, within sixty working days of raising the objection, a prohibitory order of a Court of competent jurisdiction.

Dematerialization

21. DEMATERIALIZATION OF SECURITIES

(a) Dematerialization:

Notwithstanding anything contained in these Articles but subject to the provisions of Law, the Company shall be entitled to dematerialize its existing Securities, rematerialize its Securities held in the dematerialized form and/or to offer its fresh Securities in a dematerialized form pursuant to the Depositories Act, and the rules framed thereunder, if any.

- (b) Subject to the applicable provisions of the Act, instead of issuing or receiving certificates for the Securities, as the case maybe, either the Company or the investor may exercise an option to issue, dematerialize, deal in, hold the securities (including shares) with a Depository in electronic form and the certificates in respect thereof shall be dematerialized, in which event the rights and obligations of the parties concerned and matters connected therewith or incidental thereof, shall be governed by the provisions of the Depositories Act as amended from time to time or any statutory modification thereto or re-enactment thereof.

- (c) If a Person opts to hold his Securities in dematerialized form through a Depository, then notwithstanding anything to the contrary contained in these Articles the Company shall intimate such Depository the details of allotment of the Securities and on receipt of the information, the Depository shall enter in its record the name of the allottee as the Beneficial Owner of the Securities.

(d) Securities in Depositories to be in fungible form:

All Securities held by a Depository shall be dematerialized and be held in fungible form. Nothing contained in Sections 88, 89 and 186 of the Act shall apply to a Depository in respect of the Securities held by it on behalf of the Beneficial Owners.

(e) Rights of Depositories & Beneficial Owners:

- (i) Notwithstanding anything to the contrary contained in the Act or these Articles, a Depository shall be deemed to be the Registered Owner for the purposes of effecting transfer of ownership of Securities on behalf of the Beneficial Owner.

- (ii) Save as otherwise provided in (i) above, the Depository as the Registered Owner of the Securities shall not have any voting rights or any other rights in respect of the Securities held by it.
- (iii) Every person holding shares of the Company and whose name is entered as the Beneficial Owner in the records of the Depository shall be deemed to be a member of the Company.
- (iv) The Beneficial Owner of Securities shall, in accordance with the provisions of these Articles and the Act, be entitled to all the rights and subject to all the liabilities in respect of his Securities, which are held by a Depository.
- (f) Except as ordered by a court of competent jurisdiction or as may be required by Law required and subject to the applicable provisions of the Act, the Company shall be entitled to treat the person whose name appears on the Register as the holder of any share or whose name appears as the Beneficial Owner of any share in the records of the Depository as the absolute owner thereof and accordingly shall not be bound to recognize any benami trust or equity, equitable contingent, future, partial interest, other claim to or interest in respect of such shares or (except only as by these Articles otherwise expressly provided) any right in respect of a share other than an absolute right thereto in accordance with these Articles, on the part of any other person whether or not it has expressed or implied notice thereof but the Board shall at their sole discretion register any share in the joint names of any two or more persons or the survivor or survivors of them.
- (g) Transfer of Securities:
 - (i) Nothing contained in Section 56 of the Act or these Articles shall apply to a transfer of Securities effected by transferor and transferee both of whom are entered as Beneficial Owners in the records of a Depository.
 - (ii) In the case of transfer or transmission of shares or other marketable Securities where the Company has not issued any certificates and where such shares or Securities are being held in any electronic or fungible form in a Depository, the provisions of the Depositories Act shall apply.
- (h) Allotment of Securities dealt with in a Depository:

Notwithstanding anything in the Act or these Articles, where Securities are dealt with by a Depository, the Company shall intimate the details of allotment of relevant Securities thereof to the Depository

immediately on allotment of such Securities.

(i) Certificate Number and other details of Securities in Depository

Nothing contained in the Act or these Articles regarding the necessity of having certificate number/distinctive numbers for Securities issued by the Company shall apply to Securities held with a Depository.

(i) Provisions of Articles to apply to Shares held in Depository:

Except as specifically provided in these Articles, the provisions relating to joint holders of shares, calls, lien on shares, forfeiture of shares and transfer and transmission of shares shall be applicable to shares held in Depository so far as they apply to shares held in physical form subject to the provisions of the Depositories Act.

Nomination

22. NOMINATION BY SECURITY HOLDERS

A holder of a security may appoint a nominee for his securities subject to the provisions of Section 72 of the Act and subject to the provisions of the Rules as may be prescribed in this regard.

23. NOMINATION FOR FIXED DEPOSITS

A depositor (who shall be the member of the Company) may, at any time, make a nomination and the provisions of Section 72 of the Act shall, as far as may be, apply to the nominations made in relation to the deposits made subject to the provisions of the Rules as may be prescribed in this regard.

24. NOMINATION IN CERTAIN OTHER CASES

Subject to the applicable provisions of the Act and these Articles, any person becoming entitled to Securities in consequence of the death, lunacy, bankruptcy or insolvency of any holder of Securities, or by any lawful means other than by a transfer in accordance with these Articles, may, with the consent of the Board (which it shall not be under any obligation to give), upon producing such evidence that he sustains the character in respect of which he proposes to act under this Article or of such title as the Board thinks sufficient, either be registered himself as the holder of the Securities or elect to have some Person nominated by him and approved by the Board registered as such holder; provided nevertheless that, if such Person shall elect to have his nominee registered, he shall testify the election by executing in favour of his nominee an instrument of transfer in accordance with the provisions herein contained and until he does so, he shall not be freed from any liability in respect of the Securities.

Borrowings

25. BORROWING POWERS

- (a) Subject to the provisions of Sections 73, 179 and 180, and other applicable provisions of the Act and these Articles, the Board may, from time to time, at its discretion by resolution passed at the meeting of a Board:
- (i) accept or renew deposits from Shareholders;
 - (ii) borrow money by way of issuance of Debentures;
 - (iii) borrow money otherwise than on Debentures;
 - (iv) accept deposits from members either in advance of calls or otherwise; and
 - (v) generally raise or borrow or secure the payment of any sum or sums of money for the purposes of the Company.

Provided, however, that where the money to be borrowed together with the money already borrowed (apart from temporary loans obtained from the Company's bankers in the ordinary course of business) exceed the aggregate of the Paid-up capital of the Company and its free reserves (not being reserves set apart for any specific purpose), the Board shall not borrow such money without the consent of the Company by way of a Special Resolution in a General Meeting.

- (b) Subject to the provisions of these Articles, the payment or repayment of money borrowed as aforesaid may be secured in such manner and upon such terms and conditions in all respects as the resolution of the Board shall prescribe including by the issue of bonds, perpetual or redeemable Debentures or debenture-stock, or any mortgage, charge, hypothecation, pledge, lien or other security on the undertaking of the whole or any part of the property of the Company, both present and future. Provided however that the Board shall not, except with the consent of the Company by way of a Special Resolution in General Meeting mortgage, charge or otherwise encumber, the Company's uncalled Capital for the time being or any part thereof and Debentures and other Securities may be assignable free from any equities between the Company and the Person to whom the same may be issued.
- (c) Any bonds, Debentures, debenture-stock or other Securities, may if permissible in Law, be issued at a discount, premium or otherwise by

the Company and shall with the consent of the Board be issued upon such terms and conditions and in such manner and for such consideration as the Board shall consider to be for the benefit of the Company, and on the condition that they or any part of them may be convertible into shares of any denomination, and with any privileges and conditions as to redemption, surrender, drawing, allotment of shares, attending (but not voting) at the General Meeting, appointment of Directors and otherwise. Provided that Debentures with rights to allotment of shares or conversion into shares shall not be issued except with, the sanction of the Company in a General Meeting accorded by a Special Resolution.

- (d) Subject to the applicable provisions of the Act and these Articles, if any uncalled Capital of the Company is included in or charged by any mortgage or other security, the Board shall make calls on the members in respect of such uncalled Capital in trust for the Person in whose favour such mortgage or security is executed, or if permitted by the Act, may by instrument under seal authorize the Person in whose favour such mortgage or security is executed or any other Person in trust for him to make calls on the members in respect of such uncalled Capital and the provisions hereinafter contained in regard to calls shall *mutatis mutandis* apply to calls made under such authority and such authority may be made exercisable either conditionally or unconditionally or either presently or contingently and either to the exclusion of the Board's power or otherwise and shall be assignable if expressed so to be.
- (e) The Board shall cause a proper Register to be kept in accordance with the provisions of Section 85 of the Act of all mortgages, Debentures and charges specifically affecting the property of the Company; and shall cause the requirements of the relevant provisions of the Act in that behalf to be duly complied with within the time prescribed under the Act or such extensions thereof as may be permitted under the Act, as the case may be, so far as they are required to be complied with by the Board.

Any capital required by the Company for its working capital and other capital funding requirements may be obtained in such form as decided by the Board from time to time.

25A. RESTRICTION ON ADVANCING LOANS *

From the date of listing of the equity shares of the Company on BSE Limited and/or the National Stock Exchange of India Limited, no loans shall be granted by the Company to (i) Shapoorji Pallonji and Company Private Limited ("SPCPL"); (ii) promoters, subsidiaries, associates and joint ventures of SPCPL; (iii) Khurshed Yazdi Daruvala; and (iv) entities promoted by Khurshed Yazdi Daruvala or entities

over which Khurshed Yazdi Daruvala has the ability to exercise significant influence whether directly or indirectly. However, nothing stated in this article shall restrict the ability of the Company to grant loans to its own subsidiaries, joint ventures and its associates.

Conversion of Shares

26. CONVERSION OF SHARES INTO STOCK AND RECONVERSION

- (a) The Company in General Meeting may, by Ordinary Resolution, convert any Paid-up shares into stock and when any shares shall have been converted into stock, the several holders of such stock may henceforth transfer their respective interest therein, or any part of such interests, in the same manner and subject to the same regulations as those subject to which shares from which the stock arose might have been transferred, if no such conversion had taken place or as near thereto as circumstances will admit. The Company may, by an Ordinary Resolution, at any time reconvert any stock into Paid-up shares of any denomination. Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so however such minimum shall not exceed the nominal account from which the stock arose.
- (b) The holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards Dividends, voting at meetings of the Company, and other matters, as if they held the shares from which the stock arose, but no such privileges or advantages, (except participation in the Dividends and profits of the Company and in the assets on winding-up), shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.

Meetings of the Members

27. ANNUAL GENERAL MEETING

In accordance with the provisions of the Act, the Company shall in each year hold a General Meeting specified as its Annual General Meeting and shall specify the meeting as such in the notices convening such meetings. Further, not more than 15 (fifteen) months gap shall exist between the date of one Annual General Meeting and the date of the next Annual General Meeting. All General Meetings other than Annual General Meetings shall be Extraordinary General Meetings.

- * Inserted vide special resolution passed by the Shareholders of the Company at their Extra-Ordinary General Meeting held on July 8, 2019.

28. VENUE, DAY AND TIME FOR HOLDING ANNUAL GENERAL MEETING

- (a) Every Annual General Meeting shall be called during business hours, that is, between 9 A.M. and 6 P.M. on a day that is not a national holiday, and shall be held at the Office of the Company or at some other place within the city, town or village in which the Office of the Company is situated, as the Board may determine and the notices calling the Meeting shall specify it as the Annual General Meeting.
- (b) Every member of the Company shall be entitled to attend the Annual General Meeting either in person or by proxy and the Auditor of the Company shall have the right to attend and to be heard at any General Meeting which he attends on any part of the business which concerns him as Auditor. At every Annual General Meeting of the Company there shall be laid on the table, the Directors' Report and Audited Statement of Accounts, Auditors' Report, (if not already incorporated in the Audited Statement of Accounts), the proxy Register with proxies and the Register of Directors' shareholdings which latter Register shall remain open and accessible during the continuance of the Meeting. The Board shall cause to be prepared the Annual Return and forward the same to the concerned Registrar of Companies, in accordance with Sections 92 and 137 of the Act. The Directors are also entitled to attend the Annual General Meeting.

29. NOTICE OF GENERAL MEETING

The notice of the General Meeting shall comply with the provisions of Companies (Management and Administration) Rules, 2014 and the Secretarial Standard 2 prescribed by the Institute of Company Secretaries of India.

30. REQUISITION OF EXTRA-ORDINARY GENERAL MEETING

- (a) The Board may, whenever it thinks fit, call an Extraordinary General Meeting and it shall do so upon a requisition received from such number of Shareholders who hold, on the date of receipt of the requisition, not less than one-tenth of such of the Paid up Share Capital of the Company as on that date carries the right of voting and such meeting shall be held at the Office or at such place and at such time as the Board thinks fit.
- (b) Any valid requisition so made by members must state the object or objects of the meeting proposed to be called, and must be signed by the requisitionists and be deposited at the Office; provided that such requisition may consist of several documents in like form each signed by one or more requisitionists.

- (c) Upon the receipt of any such valid requisition, the Board shall forthwith call an Extraordinary General Meeting and if they do not proceed within 21 (twenty-one) days from the date of the requisition being deposited at the Office to cause a meeting to be called on a day not later than 45 (forty-five) days from the date of deposit of the requisition, the requisitionists or such of their number as represent either a majority in value of the Paid up Share Capital held by all of them or not less than one-tenth of such of the Paid-up Share Capital of the Company as is referred to in Section 100 of the Act, whichever is less, may themselves call the meeting, but in either case any meeting so called shall be held within three months from the date of the delivery of the requisition as aforesaid.
- (d) Any meeting called under the foregoing sub-articles by the requisitionists, shall be called in the same manner, as nearly as possible, as that in which a meeting is to be called by the Board.

31. QUORUM FOR GENERAL MEETING

The quorum for the members' Meeting shall be in accordance with Section 103 of the Act. Subject to the provisions of Section 103(2) of the Act, if such a quorum is not present within half an hour from the time set for the Shareholders' Meeting, the Shareholders' Meeting shall be adjourned to the same time and place or to such other date and such other time and place as the Board may determine and the agenda for the adjourned Shareholders' Meeting shall remain the same. If at such adjourned meeting also, a quorum is not present, at the expiration of half an hour from the time appointed for holding the meeting, the members present shall be a quorum, and may transact the business for which the meeting was called.

32. CHAIRMAN OF THE GENERAL MEETING

The Chairman of the Board shall be entitled to take the Chair at every General Meeting, whether Annual or Extraordinary. If there is no such Chairman of the Board or if at any meeting he is not present within fifteen minutes of the time appointed for holding such meeting or if he is unable or unwilling to take the Chair, then the Directors present shall elect one of them as Chairman. If no Director is present or if all the Directors present decline to take the Chair, then the Members present shall elect, on a show of hands or on a poll if properly demanded, one of their member to be the Chairman of the meeting. No business shall be discussed at any General Meeting except the election of a Chairman while the Chair is vacant.

33. CHAIRMAN CAN ADJOURN THE GENERAL MEETING

The Chairman may, with the consent given in the meeting at which a quorum

is present (and if so directed by the meeting) adjourn the General Meeting from time to time and from place to place within the city, town or village in which the Office of the Company is situate but no business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

34. RESOLUTIONS AT GENERAL MEETING

- (a) At any General Meeting, a resolution put to the vote of the General Meeting shall, unless a poll is demanded, be decided by a show of hands. Before or on the declaration of the result of the voting on any resolution by a show of hands, a poll may be carried out in accordance with the applicable provisions of the Act or the voting is carried out electronically. Unless a poll is demanded in accordance with the provisions of the Act, a declaration by the Chairman that a resolution has, on a show of hands, been carried or carried unanimously, or by a particular majority, or lost and an entry to that effect in the Minute Book of the Company shall be conclusive evidence of the fact, of passing of such resolution or otherwise.
- (b) In the case of equal votes, the Chairman shall both on a show of hands and at a poll, (if any), have a casting vote in addition to the vote or votes to which he may be entitled as a Shareholder.
- (c) If a poll is demanded as aforesaid, the same shall subject to anything stated in these Articles be taken at such time, (not later than forty -eight hours from the time when the demand was made), and place within the City, Town or Village in which the Office of the Company is situate and either by a show of hands or by ballot or by postal ballot, as the Chairman shall direct and either at once or after an interval or adjournment, or otherwise and the result of the poll shall be deemed to be the decision of the meeting at which the poll was demanded. Any business other than that upon which a poll has been demanded may be proceeded with, pending the taking of the poll. The demand for a poll may be withdrawn at any time by the Person or Persons who made the demand.
- (d) Where a poll is to be taken, the Chairman of the meeting shall appoint one or more scrutinizers to scrutinise the votes given on the poll and to report thereon to him. The Chairman shall have power at any time before the result of the poll is declared, to remove a scrutinizers from office and fill vacancies in the office of scrutinizers arising from such removal or from any other cause.
- (e) Any poll duly demanded on the election of a Chairman of a meeting or any question of adjournment, shall be taken at the meeting forthwith. A poll demanded on any other question shall be taken at such time not

later than 48 hours from the time of demand, as the Chairman of the meeting directs.

- (f) The demand for a poll except on the question of the election of the Chairman and of an adjournment shall not prevent the continuance of a meeting for the transaction of any business other than the question on which the poll has been demanded.
- (g) No report of the proceedings of any General Meeting of the Company shall be circulated or advertised at the expense of the Company unless it includes the matters required by these Articles or Section 118 of the Act to be contained in the Minutes of the proceedings of such meeting.
- (h) The Members will do nothing to prevent the taking of any action by the Company or act contrary to or with the intent to evade or defeat the terms as contained in these Articles.

35. RESOLUTIONS BY POSTAL BALLOT

- (a) Notwithstanding any of the provisions of these Articles, the Company may, and in the case of resolutions relating to such business as notified under the Companies (Management and Administration) Rules, 2014, as amended, or other Law required to be passed by postal ballot, shall get any resolution passed by means of a postal ballot, instead of transacting the business in the General Meeting of the Company. Also, the Company may, in respect of any item of business other than ordinary business and any business in respect of which Directors or Auditors have a right to be heard at any meeting, transact the same by way of postal ballot.
- (b) Where the Company decides to pass any resolution by resorting to postal ballot, it shall follow the procedures as prescribed under Section 110 of the Act and the Companies (Management and Administration) Rules, 2014, as amended from time and applicable Law.

36. VOTES OF MEMBERS

- (a) No member shall be entitled to vote either personally or by proxy at any General Meeting or meeting of a class of Shareholders either upon a show of hands or upon a poll in respect of any shares registered in his name on which calls or other sums presently payable by him have not been paid or in regard to which the Company has exercised any right of lien.
- (b) No members shall be entitled to vote at a General Meeting unless all calls or other sums presently payable by him have been paid, or in

regard to which the Company has lien and has exercised any right of lien.

- (c) Subject to the provisions of these Articles, without prejudice to any special privilege or restrictions as to voting for the time being attached to any class of shares for the time being forming a part of the Capital of the Company, every member not disqualified by the last preceding Article; shall be entitled to be present, and to speak and vote at such meeting, and on a show of hands, every member present in person shall have one vote and upon a poll, the voting right of such member present, either in person or by proxy, shall be in proportion to his share of the Paid Up Share Capital of the Company held alone or jointly with any other Person or Persons.

Provided however, if any Shareholder holding Preference shares be present at any meeting of the Company, save as provided in Section 47(2) of the Act, he shall have a right to vote only on resolutions placed before the Meeting, which directly affect the rights attached to his preference shares.

- (d) On a poll taken at a meeting of the Company, a member entitled to more than one vote, or his proxy, or any other Person entitled to vote for him (as the case may be), need not, if he votes, use or cast all his votes in the same way.
- (e) A member of unsound mind or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, through a committee or through his legal guardian; and any such committee or guardian may, on a poll vote by proxy. If any Shareholder be a minor his vote in respect of his Share(s) shall be exercised by his guardian(s), who may be selected (in case of dispute) by the Chairman of the meeting.
- (f) If there be joint registered holders of any shares, any one of such Persons may vote at any meeting or may appoint another Person, (whether a member or not) as his proxy in respect of such shares, as if he were solely entitled thereto; but the proxy so appointed shall not have any right to speak at the meeting and if more than one of such joint-holders be present at any meeting, then one of the said Persons so present whose name stands higher in the Register of Members shall alone be entitled to speak and to vote in respect of such shares, but the other joint-holders shall be entitled to be present at the meeting. Several Executors or Administrators of a deceased Shareholder in whose name shares stand shall for the purpose of these Articles be deemed joint-holders thereof.
- (g) Subject to the provision of these Articles, votes may be given personally or by an attorney or by proxy. A body corporate, whether or not a Company within the meaning of the Act, being a member may

vote either by a proxy or by a representative duly authorised in accordance with Section 113 of the Act and such representative shall be entitled to exercise the same rights and powers, (including the right to vote by proxy), on behalf of the body corporate which he represents as that body could have exercised if it were an individual Shareholder.

- (h) Any Person entitled to transfer any shares of the Company may vote at any General Meeting in respect thereof in the same manner as if he were the registered holder of such shares, provided that forty-eight hours at least before the time of holding the meeting or adjourned meeting, as the case may be, at which he proposes to vote, he shall satisfy the Board of his right to such shares and give such indemnity (if any) as the Board may require unless the Board shall have previously admitted his right to vote at such meeting in respect thereof.
- (i) Every proxy, (whether a member or not), shall be appointed in writing under the hand of the appointer or his attorney, or if such appointer is a corporation under the Common Seal of such corporation or be signed by an officer or an attorney duly authorised by it, and any committee or guardian may appoint proxy. The proxy so appointed shall not have any right to speak at a meeting.
- (j) An instrument of proxy may appoint a proxy either for (i) the purposes of a particular meeting (as specified in the instrument) or (ii) for any adjournment thereof or (iii) it may appoint a proxy for the purposes of every meeting of the Company, or (iv) of every meeting to be held before a date specified in the instrument for every adjournment of any such meeting.
- (k) A Member present by proxy shall be entitled to vote only on a poll.
- (l) An instrument appointing a proxy and a power of attorney or other authority (including by way of a Board Resolution, (if any),) under which it is signed or a notary certified copy of that power or authority or resolution as the case may be, shall be deposited at the Office not later than forty-eight hours before the time for holding the meeting at which the Person named in the instrument proposes to vote and in default the instrument of proxy shall not be treated as valid. No instrument appointing a proxy shall be valid after the expiration of 12 months from the date of its execution. An attorney shall not be entitled to vote unless the power of attorney or other instrument or resolution as the case may be appointing him or a notary certified copy thereof has either been registered in the records of the Company at any time not less than forty-eight hours before the time for holding the meeting at which the attorney proposes to vote, or is deposited at the Office of the Company not less than forty-eight hours before the time fixed for such meeting as aforesaid.

- (m) Every instrument of proxy whether for a specified meeting or otherwise should, as far as circumstances admit, be in any of the forms set out in the Companies (Management and Administration) Rules, 2014.
- (n) If any such instrument of appointment be confined to the object of appointing an attorney or proxy for voting at meetings of the Company it shall remain permanently or for such time as the Board may determine in the custody of the Company; if embracing other objects a copy thereof, examined with the original, shall be delivered to the Company to remain in the custody of the Company.
- (o) A vote given in accordance with the terms of an instrument of proxy shall be valid notwithstanding the previous death of the principal, or revocation of the proxy or of any power of attorney under which such proxy was signed, or the transfer of the Share in respect of which the vote is given, provided that no intimation in writing of the death, revocation or transfer shall have been received at the Office before the meeting.
- (p) No objection shall be made to the validity of any vote, except at the Meeting or poll at which such vote shall be tendered, and every vote whether given personally or by proxy, not disallowed at such meeting or poll shall be deemed valid for all purposes of such meeting or poll whatsoever.
- (q) The Chairman of any meeting shall be the sole judge of the validity of every vote tendered at such meeting. The Chairman present at the taking of a poll shall be in the sole judge of the validity of every vote tendered at such poll.
- (r) All matters arising at a General Meeting of the Company, other than as specified in the Act or these Articles if any, shall be decided by a majority vote.
- (s) Any corporation which is a member of the Company may, by resolution of the Board or other governing body, authorise such person as it thinks fit to act as its representative at any meeting of the Company and the said person so authorised shall be entitled to exercise the same powers on behalf of the corporation which he represents as that corporation could have exercised if it were an individual member in the Company (including the right to vote by proxy).
- (t) The Company shall also provide e-voting facility to the Shareholders of the Company in terms of the provisions of the Companies (Management and Administration) Rules, 2014, the SEBI Listing Regulations or any other Law, if applicable to the Company.

Independent Auditors' Report (Continued)**Sterling & Wilson- Waaree Private Limited****Other Information (Continued)**

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's and Board of Directors' Responsibility for the Financial Statements

The Company's management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Independent Auditors' Report (Continued)**Sterling & Wilson- Waaree Private Limited****Auditor's Responsibilities for the Audit of the Financial Statements**

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the financial statements made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

- As required by the Companies (Auditors' Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143 (11) of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

(A) As required by Section 143(3) of the Act, we report that;

Annexure A to the Independent Auditors' Report – 31 March 2020

With reference to the Annexure A referred to in the Independent Auditors' Report to the members of the Company on the financial statements for the year ended 31 March 2020, we report the the following:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
- (b) The fixed assets have been physically verified by the management during the year in line with its policy of verifying them annually. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. In our opinion and according to information and explanations given to us, no discrepancies were noticed upon such verification during the year.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company does not have any immovable properties. Accordingly, paragraph 3 (i) (c) of the Order is not applicable to the Company.
- (ii) The Company does not hold any inventory of construction materials, stores and spare parts throughout the year. Accordingly, paragraph 3 (ii) of the Order is not applicable to the Company.
- (iii) The Company has granted unsecured loans to three companies and a partnership firm covered in the register maintained under Section 189 of the Companies Act, 2013 ("the Act"). The Company has not granted any loans, secured or unsecured, to limited liability partnerships or other parties covered in the register required to be maintained under Section 189 of the Act.
 - i) According to the information and explanations given to us and based on the audit procedures conducted by us, we are of the opinion that the rate of interest and other terms and conditions of unsecured loans granted by the Company to companies and a partnership firm covered in the register maintained under Section 189 of the Act are not, prima facie, prejudicial to the interest of the Company.
 - ii) According to the information and explanations given to us and based on the audit procedures conducted by us, the unsecured loans granted to the companies and the interest thereon are repayable on demand or repayable as per contractual terms of inter-corporate deposit agreements and the unsecured loan granted to a partnership firm and the interest thereon is repayable on demand. The borrowers have been regular in payment of principal and interest as demanded.
 - iii) There are no overdue amounts of more than 90 days in respect of the unsecured loans granted to companies and a partnership firm by the Company.
- (iv) In our opinion and according to the information and explanations given to us and based on the audit procedures conducted by us, the Company has complied with the provisions of Sections 185 and 186 of the Act, with respect to loans granted to three companies and a partnership firm. The Company has not made any investment or provided any guarantee or security during the year to the parties covered under Section 185 and 186 of the Act. Accordingly, compliance under Sections 185 and 186 of the Act in respect of making investments or providing guarantees and securities is not applicable to the Company.

Sterling & Wilson – Waaree Private Limited

Annexure A to the Independent Auditors' Report – 31 March 2020 (Continued)

- (v) In our opinion, and according to the information and explanations given to us, the Company has not accepted deposits as per the directives issued by the Reserve Bank of India under the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under. Accordingly, paragraph 3 (v) of the Order is not applicable to the Company.
- (vi) We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for the maintenance of cost records under Section 148(1) of the Act and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the records.
- (vii) (a) According to the information and explanations given to us and on the basis of our examination of records of the Company, amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including Goods and service tax and other material statutory dues have been regularly deposited during the year by the Company with the appropriate authorities. The amounts deducted/ accrued in the books of account in respect of undisputed statutory dues including Income tax have generally been regularly deposited during the year by the Company with the appropriate authorities, though there have been slight delays in few cases. As explained to us, the Company did not have any dues on account of Provident fund, Employees' state insurance, Profession tax and Cess.
- According to the information and explanations given to us, no undisputed amounts payable in respect of Goods and service tax, Income tax and other material statutory dues were in arrears as at 31 March 2020 for a period of more than six months from the date they became payable to the appropriate authorities.
- (b) According to the information and explanations given to us, there are no dues of Goods and service tax and Income tax which have not been deposited with the appropriate authorities on account of any dispute.
- (viii) The Company does not have any loans or borrowings from government or outstanding dues to any financial institutions or banks or dues to debenture holders during the year. Accordingly, paragraph 3 (viii) of the Order is not applicable to the Company.
- (ix) In our opinion and according to the information and explanations given to us, the Company has not raised any moneys by way of initial public offer or further public offer (including debt instruments) and has not obtained any term loans during the year. Accordingly, paragraph 3 (ix) of the Order is not applicable to the Company.
- (x) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the management.
- (xi) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not paid/ provided for managerial remuneration during the year. Accordingly, paragraph 3 (xi) of the Order is not applicable to the Company.

Sterling & Wilson – Waaree Private Limited

Annexure A to the Independent Auditors' Report – 31 March 2020
(Continued)

- (xii) In our opinion and according to the information and explanations given to us, the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it. Accordingly, paragraph 3(xii) of the Order is not applicable to the Company.
- (xiii) In our opinion and according to the information and explanations given to us, the Company has entered into transactions with related parties in compliance with the provisions of Section 188 of the Act. The details of such related party transactions have been disclosed in the financial statements as required by Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act. The Company does not fall under the definition of a listed company or other class of companies which is required to constitute audit committee under Section 177 of the Act and hence, to this extent, the paragraph 3 (xiii) of the Order is not applicable to the Company.
- (xiv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, paragraph 3 (xiv) of the order is not applicable to the Company.
- (xv) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, paragraph 3 (xv) of the Order is not applicable to the Company.
- (xvi) According to the information and explanations given to us, the Company is not required to be registered under Section 45-1A of the Reserve Bank of India Act, 1934. Accordingly, paragraph 3(xvi) of the Order is not applicable to the Company.

Sterling & Wilson – Waaree Private Limited

Annexure B to the Independent Auditors' Report – 31 March 2020

Report on the internal financial controls with reference to the aforesaid financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

(Referred to in paragraph 1 A (f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to financial statements of Sterling & Wilson – Waaree Private Limited as of 31 March 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such internal financial controls were operating effectively as at 31 March 2020, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (hereinafter referred to as "the Act").

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Sterling & Wilson – Waaree Private Limited

Annexure B to the Independent Auditors' Report – 31 March 2020 (Continued)

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Sterling & Wilson - Wamree Private Limited

Notes to the financial statements

for the year ended 31 March 2020

(Continued - further notes on a sheet)

1. Background

Sterling & Wilson - Wamree Private Limited ("the Company") is a Private Limited Company domiciled in India with its registered office situated at 9th Floor, Universal Magazine, P.L. Lokhande Marg, Chembur (West) Mumbai - 400013. The Company has been incorporated on 18 December 2016 under the provisions of the Companies Act, 2013. The Company has been incorporated in design, engineer, supply, erect, commission, maintain, repair solar power plants, accessories, components, spare parts fixtures and provide renewable energy solutions, both in India and abroad.

The Company is a wholly owned subsidiary of Sterling and Wilson Solar Limited (formerly known as Sterling and Wilson Solar Private Limited).

2. Basis of preparation of the financial statements

(a) Statement of compliance

The accompanying financial statements have been prepared in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendment) Rules, 2016 notified under Section 133 of Companies Act, 2013 (the Act) and other relevant provisions of the Act.

The financial statements were authorized for issue by the Board of Directors of the Company at their meeting held on 27 June 2020.

(b) Functional and presentation currency

These financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded off to the nearest two decimal places in rupees, unless otherwise stated.

(c) Basis of measurement

The financial statements have been prepared on the historical cost basis except for certain financial assets and liabilities that are measured at fair value.

(d) Use of estimates and judgements

The preparation of the financial statements in accordance with Ind AS requires use of judgements, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. The actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively. Assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending 31 March 2021 are as follows:

(i) Evaluation of percentage of completion

Determination of revenue under percentage of completion method necessarily involves making estimates, some of which are of a technical nature, concerning, where relevant, the percentage of completion, costs to completion, the expected revenue from the project or activity and foreseeable losses to completion. Estimates of project income, as well as project costs, are reviewed periodically. The effect of changes, if any, to estimates is recognized in the financial statements for the period in which such changes are determined.

(ii) Estimated useful lives of property, plant and equipment

The Company estimates the useful lives of property, plant and equipment based on the period over which the assets are expected to be available for use. The estimation of the useful lives of property, plant and equipment is based on collective assessment of industry practice, internal technical evaluation and on the historical experience with similar assets. It is possible, however, that future results from operations could be materially affected by changes in estimates brought about by changes in factors mentioned above. The amounts and timing of recorded expenses for any period would be affected by changes in these factors and circumstances. The estimated useful lives are reviewed periodically and are updated if expectations differ from previous estimates due to physical wear and tear, technical or commercial obsolescence and legal or other limits on the use of the assets.

(iii) Recoverability of deferred income tax assets

In determining the recoverability of deferred income tax assets, the Company primarily considers current and expected profitability of applicable operating business segments and their ability to utilize any recorded tax assets. The Company reviews its deferred income tax assets at every reporting period end, taking into consideration the availability of sufficient current and projected taxable profits, reversals of taxable temporary differences and tax planning strategies.

(iv) Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has an established control framework with respect to the measurement of fair values, which includes overseeing all significant fair value measurements, including Level 3 fair values by the management. The management regularly reviews significant unobservable inputs and valuation adjustments.

The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes, is pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified. Significant valuation issues are reported to the Company's Board of Directors.

Sterling & Wilson - Waaree Private Limited

Notes to the financial statements (Continued)
for the year ended 31 March 2020

(Currency: Indian rupees in million)

2. Basis of preparation of the financial statements (Continued)

(ii) Use of estimates and judgements (Continued)

(iii) Measurement of fair values (Continued)

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the period.

Further information about the assumptions made in measuring fair values is included in the following notes:-

- Note 12 - Financial instruments.

(iv) Impairment losses on financial assets

The Company reviews its financial assets to assess impairment at regular intervals. The Company's credit risk is primarily attributable to its financial assets. In determining whether impairment losses should be reported in the statement of profit and loss, the Company makes judgments as to whether there is any observable data indicating that there is a measurable decrease in the estimated future cash flows. Accordingly, an allowance for expected credit loss is made where there is an identified risk event or condition which, based on previous experience, is evidence of a reduction in the recoverability of the cash flows.

3. Significant accounting policies

3.1 Current/non-current classification

The Schedule III to the Act requires assets and liabilities to be classified as either current or non-current.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- (i) It is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- (ii) It is expected to be realised within twelve months from the reporting date;
- (iii) It is held primarily for the purposes of being traded; or
- (iv) It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- (i) It is expected to be settled in the Company's normal operating cycle;
- (ii) It is due to be settled within twelve months from the reporting date;
- (iii) It is held primarily for the purposes of being traded; or
- (iv) The Company does not have an unconditional right to defer settlement of the liability for at least twelve months from the reporting date.

All other liabilities are classified as non-current.

Operating Cycle

All assets and liabilities have been classified as current or non-current in per the Company's normal operating cycle and other criteria set out above which are in accordance with the Schedule III to the Act.

For purpose of current/non-current classification of assets and liabilities, the Company has ascertained its normal operating cycle as 12 months. This is based on the nature of services and the time between the acquisition of assets and their realisation in cash and cash equivalents.

3.2 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(a) Recognition and initial measurement

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

72

3. Significant accounting policies (Continued)

3.2 Financial instruments (Continued)

(i) Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at:

- amortised cost;
- FVOCI - debt investment;
- FVOCI - equity investment; or
- FVTPL.

Financial assets are not reclassified subsequent to their initial recognition, except if and in the year the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI - equity investment). This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Business model assessment

The Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on selling contractual assets; income, realising a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Company's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated - e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets.

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g. non-recourse features).

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a significant discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

for the year ended 31 March 2020

(Currency - Indian rupee is in lakhs)

3. Significant accounting policies (Continued)

3.2 Financial Instruments (Continued)

(b) Classification and subsequent measurement (Continued)

Financial assets: Subsequent measurement and gains and losses

(i) Financial assets at FVTPL:

These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in the statement of profit and loss.

(ii) Financial assets at amortised cost:

These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in the statement of profit and loss. Any gain or loss on derecognition is recognised in the statement of profit and loss.

(iii) Debt investments at FVOCI:

These assets are subsequently measured at fair value. Interest income under the effective interest method, foreign exchange gains and losses and impairment are recognised in the statement of profit and loss. Other net gains and losses are recognised in OCI. On derecognition, gains and losses accumulated in OCI are reclassified to the statement of profit and loss.

(iv) Equity investments at FVOCI:

These assets are subsequently measured at fair value. Dividends are recognised as income in the statement of profit and loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to the statement of profit and loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL, if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in the statement of profit and loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in the statement of profit and loss. Any gain or loss on derecognition is also recognised in the statement of profit and loss.

(c) Derecognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset. If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in the statement of profit and loss.

(d) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

3.3 Fair Value

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

(i) in the principal market for the asset or liability; or

(ii) in the absence of a principal market, in the most advantageous market for the asset or liability.

21

3. Significant accounting policies (Continued)

3.3 Fair Value (Continued)

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy that categorises into three levels, as described as follows, the inputs to valuation techniques used to measure value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs).

Level 1: quoted (and/or) market prices in active markets for identical assets or liabilities

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3: inputs that are unobservable for the asset or liability

For assets and liabilities that are recognised in the financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation at the end of each reporting year.

3.4 Provisions and Contingencies

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost. Expected future operating losses are not provided for.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

A contingent asset is disclosed where an inflow of economic benefits is probable.

Onerous contracts

A contract is considered to be onerous when the expected economic benefits to be derived by the Company from the contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision for an onerous contract is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before such a provision is made, the Company recognises any impairment loss on the assets associated with that contract.

3.5 Revenue recognition

The Company has adopted Ind AS 115, Revenue from Contracts with Customers, with effect from 1 April 2018.

Revenue from contracts with customers

The Company recognises revenue from contracts with customers based on a five step model as set out in Ind AS 115:

Step 1: Identify the contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify the performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company will allocate the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation.

The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

1. The customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs; or
2. The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
3. The Company's performance does not create an asset with an alternative use to and the entity has an enforceable right to payment for performance completed to date.

Revenue from works contract

Revenue from works contracts, where the outcome can be estimated reliably, is recognised under the percentage of completion method by reference to the stage of completion of the contract activity. The stage of completion is measured by calculating the proportion that costs incurred to date bear to the estimated total costs of a contract. Determination of revenues under the percentage of completion method necessarily involves making estimates by the management.

1.1 Revenue recognition (Continued)

Revenue from work contract (Continued)

When the Company satisfies a performance obligation by delivering the promised goods or services it creates a contract asset based on the amount of consideration to be earned by the performance. Where the amount of consideration received from a customer exceeds the amount of revenue recognised, this gives rise to a contract liability.

Any variations in contract work, claims, incentive payments are included in the transaction price if it is highly probable that a significant reversal of revenue will not occur once associated uncertainties are resolved.

Consideration is adjusted for the time value of money if the period between the transfer of goods or services and the receipt of payment exceeds twelve months and there is a significant financing benefit either to the customer or the Company.

Operation and maintenance income:

The Company recognises revenue from Operations and Maintenance services using the time elapsed measure of progress i.e. input method on a straight line basis.

1.2 Recognition of interest income

Interest income is recognised using the effective interest method.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

In calculating interest income, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

1.3 Property, plant and equipment

Recognition and measurement

The cost of an item of property, plant and equipment is recognised as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably and is measured at cost. Subsequent to recognition, all items of property, plant and equipment (except for freehold land) are stated at cost less accumulated depreciation and accumulated impairment losses.

If the cost of an individual part of property, plant and equipment is significant relative to the total cost of the item, the individual part is accounted for and depreciated separately.

The cost of property, plant and equipment comprises its purchase price plus any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management and the initial estimate of decommissioning, restoration and similar liabilities, if any. Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

Items such as spare parts, stand-by equipments and servicing that meets the definition of property, plant and equipment are capitalised at cost and depreciated over the useful life. Cost of repairs and maintenance are recognised in the statement of profit and loss as and when incurred.

Depreciation

Depreciation on property, plant and equipment has been provided using the straight line method in the manner and at the useful life prescribed by Schedule II of the Act. Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (upto) the date on which asset is ready for use (disposed of). The useful lives used, as set out in the following table, are lower than or as those specified in Schedule II of the Act as under:

Asset	Life in no. of years	Schedule II useful life
Plant and equipment	5 years	15 years

1.4 Advances from customers, progress payments and retention

Advances received from customers in respect of contracts are treated as liabilities and adjusted against progress billing as per terms of the contract.

Progress payments received are adjusted against amount receivable from customers in respect of the contract work performed.

Amounts retained by the customers until the satisfactory completion of the contracts are recognised as receivables.

3.9 Inventories

Material at certain stores comprises motives, wires, cables, components, stores and spares

Inventories are valued at lower of cost and net realisable value; cost is determined on the moving weighted average method basis. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

3.10 Impairment

Impairment of non-derivative financial assets

A financial asset is assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

The Company applies expected credit losses (ECL) model for measurement and recognition of loss allowance on the following:

- (i) Trade receivables, unbilled receivables and lease receivables; and
- (ii) Financial assets measured at amortised cost (other than trade receivables, unbilled receivables and lease receivables)

In case of trade receivables, contract revenue receivables and lease receivables, the Company follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognised as loss allowance. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month ECL, unless there has been a significant increase in credit risk from initial recognition in which case these are measured at lifetime ECL.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial asset. 12 month ECL are a portion of the lifetime ECL which result from default events that are possible within 12 months from the reporting date.

ECL are measured in a manner that they reflect unbiased and probability weighted amounts determined by a range of outcomes, taking into account the time value of money and after reasonable information available as a result of past events, current conditions and forecasts of future economic conditions.

The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognised as an impairment gain or loss in the statement of profit and loss.

Impairment of non-financial assets

Non-financial assets other than inventories, deferred tax assets and non-current assets classified as held for sale are reviewed at each Balance Sheet date to determine whether there is any indication of impairment. If any such indication exists, or where annual impairment testing for an asset is required, the Corporation estimates the asset's recoverable amount. The recoverable amount is the higher of the asset's or Cash-Generating Unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

3.11 Income tax

Income tax comprises current and deferred tax. It is recognised in the statement of profit and loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

On 30th March 2019, MCA has issued amendment regarding the income tax (Uncertainty over Income Tax Treatments). The notification clarifies the recognition and measurement requirements when there is uncertainty over income tax treatments. In assessing the uncertainty, an entity shall consider whether it is probable that a taxation authority will accept the uncertain tax treatment. This notification is effective for annual reporting periods beginning on or after April 1, 2019. As per the Company's assessment, there are no material uncertainty over income tax treatments.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the period and any adjustment to the tax payable or receivable in respect of previous periods. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using best estimate of the weighted average annual income tax rate expected for the full financial year.

3.11 Income tax (Continued)

Current tax (Continued)

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits.

Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
- temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profits may not be available. Therefore, in case of a history of recent losses, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realised. Deferred tax assets - unrecognized or recognized, are reviewed at each reporting date and are recognized/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefits

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

3.12 Statement of cash flows

The Company's statement of cash flows are prepared using the indirect method, whereby profit for the year is adjusted for the effects of transactions of a non-cash nature, any deferred or accrual of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

Cash and cash equivalents comprise cash and bank balances that are subject to an insignificant risk of changes in value. These also include bank overdrafts that form an integral part of the Company's cash management.

3.13 Earnings per share

The basic earnings per share ("EPS") is computed by dividing the net profit attributable to equity shareholders for the year, by the weighted average number of equity shares outstanding during the year.

Diluted EPS is computed using the weighted average number of equity and dilutive (potential) equity equivalent shares outstanding during the year except where the results would be anti-dilutive.

3.14 Share capital

Common stock issued by the Company is classified as equity net of directly attributable expenses when there is no contractual obligation to transfer cash or other financial assets to the holder of shares. Incremental costs directly attributable to the issue of equity instruments are recognised as equity, net of

3.15 Foreign currency transactions

- Initial Recognition

All transactions that are not denominated in the Company's functional currency and foreign currency transactions. These transactions are initially recorded in the functional currency by applying the appropriate daily rate which best approximates the actual rate of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the statement of profit and loss.

- Measurement of foreign currency assets at the reporting date

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognised in the statement of profit and loss.

3.16. Events after reporting date

Where events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is included with the financial statements. Otherwise, events after the balance sheet date of material size or nature are only disclosed.

3.17. Leases

Policy applicable before April 01, 2019:

Determining whether an arrangement contains a lease

At inception of an arrangement, it is determined whether the arrangement is or contains a lease. At inception or on reassessment of the arrangement that contains a lease, the payments and other consideration required by such an arrangement are separated into those for the lease and those for other elements on the basis of their relative fair values. If it is concluded for a finance lease that it is impracticable to separate the payments reliably, then an asset and a liability are recognised as an amount equal to the fair value of the underlying asset. The liability is reduced as payments are made and an imputed finance cost on the liability is recognised using the incremental borrowing rate.

Assets held under leases

Leases of property, plant and equipment that transfer to the Company substantially all the risks and rewards of ownership are classified as finance leases. The leased assets are measured initially at an amount equal to the lower of their fair value and the present value of the minimum lease payments. Subsequent to initial recognition, the assets are accounted for in accordance with the accounting policy applicable to similar owned assets.

Assets held under leases that do not transfer to the Company substantially all the risks and rewards of ownership (i.e. operating leases) are not recognised in the Company's Balance Sheet.

Lease payments

Payments made under operating leases are generally recognised in the statement of profit and loss on a straight-line basis over the term of the lease unless such payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases. Lease incentives received are recognised as an integral part of the total lease expense over the term of the lease.

Minimum lease payments made under finance leases are apportioned between the finance charge and the reduction of the outstanding liability. The finance charge is allocated to each year during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability.

Policy applicable after April 01, 2019

At the inception of a contract, the Company assesses whether a contract is or contains a lease. A contract is, or contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange of consideration. To assess whether a contract conveys the right to control the use of an asset the Company assesses whether:

- The contract involves the use of an identified asset - this may be specified explicitly or implicitly, and should be physically distinct or represent substantially all of the capability of a physical distinct asset. If the supplier has a substantive substitution right, then the asset is not identified;
- The Company has the right to obtain substantially all of the economic benefits from use of the asset throughout its period of use; and
- The Company has the right to direct the use of the asset. The Company has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used.

As a lessee

Right-of-use assets

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. At the commencement date, a lessee shall measure the right-of-use asset at cost which comprises initial measurement of the lease liability, any lease payments made at or before the commencement date, less any lease incentives received, any initial direct costs incurred by the lessee; and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease. The Company measures right-of-use assets at cost less accumulated depreciation and any accumulated impairment losses.

Lease liability

At the commencement date, a lessee shall measure the lease liability at the present value of the lease payments that are not paid at that date. The lease payments shall be discounted using the interest rate implicit in the lease; if that rate can be readily determined. If that rate cannot be readily determined, the lessee shall use the lessee's incremental borrowing rate.

Short-term lease and leases of low-value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of less than 12 months or less and leases of low-value assets, including IT Equipment. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

The election for short-term leases shall be made by class of underlying asset to which the right-of-use relates. A class of underlying asset is a grouping of underlying assets of a similar nature and use in Company's operations. The election for leases for which the underlying asset is of low-value can be made on a lease-by-lease basis.

Changes in accounting policies and Transition note

On 30 March 2019, the Ministry of Corporate Affairs ("MCA") through the Companies (Indian Accounting Standards) Amendment Rules, 2019 and the Companies (Indian Accounting Standards) Second Amendment Rules, has notified Ind AS 116 Leases which replaces the existing lease standard, Ind AS 17 Leases and other interpretations.

Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on-balance sheet lease accounting model for lessees.

Effective from 1 April 2019 ("the date of transition"), the Company applied Ind AS 116 using the modified retrospective approach, under which the right-of-use asset is equals to lease liability on 1 April 2019. Accordingly, the comparative information is not restated - i.e. it is presented, as previously reported, under Ind AS 17. Additionally, the disclosure requirements in Ind AS 116 have not generally been applied to comparative information.

On transition to Ind AS 116, the Company elected to apply the practical expedient to grandfather the assessment of which transactions are leases. The Company applied Ind AS 116 only to contracts that were previously identified as leases under Ind AS 17. Therefore, the definition of a lease under Ind AS 116 was applied only to contracts entered into or changed on or after 1 April 2019.

There is no contract for lease entered into by company. Accordingly, a right-of-use asset of Rs Nil million and lease liability of Rs Nil million has been recognised. The cumulative effect on transition is retained earnings is Rs Nil.

3.18 Standards issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2020.

Class B shares do not have voting rights and are non-dividend bearing. The face value of Class B shares was Rs 1,000 per share. Class B shares were bought back during the year.

The equity shares of Class A are entitled to receive dividend as declared from time to time. The voting rights of a Class A equity shareholder on a poll (not on show of hands) are in proportion to its share of the paid-up equity capital of the Company. Voting rights cannot be exercised in respect of shares on which any call or other sums presently payable have not been paid. Failure to pay any amount called up on shares may lead to forfeiture of the shares.

On winding up of the Company, the holders of both classes of equity shares will be entitled to receive the residual assets of the Company, remaining after distribution of all preferential amounts in proportion to the number of equity shares held.

32. Financial instruments – Fair values and risk management (Continued)

(b) Measurement of fair values

Valuation techniques and significant unobservable inputs

The Company does not have any financial assets or financial liabilities which are measured at fair value.

Transfers between Levels 1 and 2

There have been no transfers between Level 1 and Level 2 during the year.

Level 3 fair values

There are no items in Level 3 fair values.

(c) Financial risk management

The Company has exposure to the following risks arising from financial instruments:

(i) Credit risk;

(ii) Liquidity risk; and

(iii) Market risk

Risk management framework

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

i. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers. The carrying amounts of financial assets represent the maximum credit exposure.

Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. The Company establishes an allowance for doubtful debts and impairments that represents its estimates of incurred losses in respect of trade and other receivables.

Total trade receivable as on 31 March 2020 is Rs 1.80 million (31 March 2019 is Rs 102.54 million).

The Company has outstanding from a single customer.

As per simplified approach, the Company makes provision of expected credit losses on trade receivables to mitigate the risk of default payments and makes appropriate provision at each reporting date wherever outstanding is for longer period and involves higher risk.

Cash and cash equivalents

The Company held cash and cash equivalents of Rs 4.02 million as at 31 March 2020 (31 March 2019: Rs 9.49 million). The cash and cash equivalents are held with banks with good credit ratings.

ii Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Exposure to liquidity risk

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include estimated interest payments and exclude the impact of settling agreements.

	Carrying amount	Total	1 year or less	Contractual cash flows		
				1-2 years	3-5 years	More than 5 years

	22.33	22.33	22.33	-	-	-

*Amount less than Rs 0.01 million

iii Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from adverse changes in market rates and prices (such as interest rates, foreign currency exchange rates) or in the price of market risk-sensitive instruments as a result of such adverse changes in market rates and prices. Market risk is attributable to all market risk-sensitive financial instruments, all foreign currency receivables and payables. The Company is exposed to market risk primarily related to foreign exchange rate risk. Thus, the Company's exposure to market risk is a function of revenue generating and operating activities in foreign currencies.

Currency Risk

The Company is exposed to currency risk on account of its operating activities. The functional currency of the Company is Indian Rupees.

Exposure to currency risk

The currency profile of financial assets and financial liabilities as at 31 March 2020 are as below:

Amount in INR million	31 March 2020		31 March 2019

Sensitivity analysis

A 5% strengthening / weakening of the respective foreign currencies with respect to functional currency of Company would result in increase or decrease in profit or loss and equity as shown in table below. This analysis assumes that all other variables, in particular interest rates, remain constant and ignores any impact of forecast sales and purchases. The following analysis has been worked out based on the exposures as of the date of statements of financial position.

Effect to INR million	31 March 2020 Profit or loss		31 March 2019 Profit or loss	
	Strengthening	Weakening	Strengthening	Weakening
USD	0.09	(0.09)	1.30	(0.40)
SGD*	0.14	(0.14)	(0.49)	0.41

* SGD represents West African CFA Franc.

Interest rate risk

Interest rate risk can be either fair value interest rate risk or cash flow interest rate risk. Fair value interest rate risk is the risk of changes in fair values of fixed interest bearing investments because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing investments will fluctuate because of fluctuations in the interest rates.

The Company has no borrowings from banks and financial institutions.

Particulars	31 March 2020	31 March 2019
Fixed rate investments		
Financial assets	486.72	396.22
Financial liability	-	-

Interest rate sensitivity - fixed rate instruments

The Company's fixed rate loans are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flow will fluctuate because of a change in market interest rates.

33. Capital Management

For the purpose of the Company's capital management, capital includes issued capital and all other equity reserves attributable to the equity shareholders of the Company. The primary objective of the Company when managing capital is to safeguard its ability to continue as a going concern and to maintain an optimal capital structure so as to maximise shareholder value.

As at 31 March 2020, the Company has two classes of equity shares and has no debt. Consequent to such capital structure, there are no externally imposed capital requirements. In order to maintain or achieve an optimal capital structure, the Company allocates its capital for distribution as dividend or re-investment into business based on its long-term financial plans.

(D) Performance obligation

The Company undertakes Engineering, Procurement and Construction business. The ongoing contracts with customers are for Solar utility and Roofing Projects. The type of work in these contracts involve construction, engineering, designing, supply of materials, development of system, installation, project management, operation and maintenance etc.

The Company contracts wherein each contract consists of a single performance obligation or multiple performance obligations. Contracts where the Company provides a significant integration service to the customer by combining all the goods and services are considered to have a single performance obligation. Contracts with no significant integration service, and where the customer can benefit from each unit on its own, are considered to have multiple performance obligations. In such cases consideration is allocated to each performance obligation, based on standalone selling prices. Where the Company enters into multiple contracts with the same customer, the Company evaluates whether the contracts are to be combined or not by evaluating factors such as commercial objective of the contract, consideration negotiated with the customer and whether the individual contracts have single performance obligation or not.

The Company recognises contract revenue over time as the performance obligation or obligations are satisfied by the customer. For such arrangements revenue is recognised using cost based input method. Revenue is recognised with respect to the stage of completion, which is assessed with reference to the proportion of contract costs incurred for the work performed to the balance sheet date relative to the estimated total contract costs.

Any costs incurred that do not contribute to satisfying performance obligations are excluded from the Company's input method of revenue recognition.

Material contract costs in any contract are greater than for any contract revenues, the Company

The Company recognises revenue from Operation and Maintenance services using the time elapsed method of progress (a right method) as a straight line basis.

There is no revenue to be recognised in Revenue related to performance obligations that are unsatisfied (or partially satisfied) as at 31 March 2020 and 31 March 2019.

(E) Practical expedient for significant financing component

Applying the practical expedient in paragraph 62 of Ind AS 115, the Company does not adjust the promised amount of consideration for the effects of a significant financing component, if a contract specifies it is expected that the period between when the entity transfers a promised good or service to a customer and when the customer pays for that good or service will be one year or less.

Independent Auditors' Report
To the Members of
Sterling and Wilson Solar Limited
(formerly known as Sterling and Wilson Solar Private Limited)
Report on the Audit of the Standalone financial statements

Qualified Opinion

We have audited the standalone financial statements of Sterling and Wilson Solar Limited *(formerly known as Sterling and Wilson Solar Private Limited)* ("the Company"), which comprise the standalone balance sheet as at 31 March 2020, and the standalone statement of profit and loss (including other comprehensive income), standalone statement of changes in equity and standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information in which are included the Returns for the year ended on that date audited by the branch auditors of the Company's branches at Australia, Argentina, Chile, Dubai, Egypt, Indonesia, Jordan, Kenya, Mexico, Namibia, Philippines, Vietnam and Zambia (hereinafter referred to as "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of branch auditors on financial information of such branches as were audited by the branch auditors, except for the effects of the matter described in the *Basis for Qualified Opinion* section of our report, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2020, its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

We draw attention to note 54 to the standalone financial statements relating to extension in repayment period of outstanding inter-corporate deposits of Rs 17,271.80 million (including interest accrued thereon of Rs 1,708.20 million) as on 30 September 2019 made to a fellow subsidiary by the Company from the 90 days period as stated in the Red Herring Prospectus dated 29 July 2019 for the purpose of Offer of Sale to public of Company's shares by the Selling Shareholders. The Selling Shareholders have facilitated repayment of Rs 14,576.23 million from the date of listing i.e. 20 August 2019 to 31 March 2020 as per the schedule approved by the Board of Directors. The inter-corporate deposits outstanding (including interest accrued) as at 31 March 2020 aggregate to Rs 5,981.68 million.

Independent Auditors' Report (Continued)**Sterling and Wilson Solar Limited***(formerly known as Sterling and Wilson Solar Private Limited)***Basis for Qualified Opinion (Continued)**

The Company has received queries from SEBI, Registrar of Companies, Mumbai (ROC) and certain shareholders regarding matters connected with delay in facilitating repayment of inter-corporate deposits by the Selling Shareholders on which the Company has submitted its replies. The Company has represented to us that, based on independent legal opinions obtained by it, it is of the view that there is no non-compliance with any laws and regulations by the Company in respect of this matter. We are unable to evaluate the impact of adjustments, if any, that may arise from this matter, on the standalone financial statements of the Company.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us along with the consideration of audit reports of the branch auditors referred to in paragraph (a) of the "Other Matters" paragraph below, is sufficient and appropriate to provide a basis for our qualified opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the *Basis for Qualified Opinion* section, we have determined matters described below to be the key audit matters to be communicated in our report.

Measurement of contract revenue and margin (refer note 2(d)(i), 3.12, 29 and 47 to the standalone financial statements)

The Key Audit Matter	How the matter was addressed in our audit
<p>Revenue from works contracts represents 36.96% of the total revenue from operations of the Company.</p> <p>Revenue from these contracts is recognised on satisfaction of performance obligation over time in accordance with the requirements of relevant accounting standards.</p> <p>Revenue recognition involves significant estimates related to measurement of costs to complete, valuation of claims and penalties / liquidated damages and in turn evaluation of the related receivables and liabilities at each reporting date. The Company uses input method based on costs to measure progress of individual contracts. Under this approach, the Company recognises revenue and margin based on the costs incurred and accrued to date relative to the estimated total costs to complete the performance obligation. Penalties/ liquidated damages specified in the contracts are inherent in the determination of transaction price and forms part of variable consideration.</p>	<p>In view of the significance of the matter we applied the following audit procedures in this area, among others, to obtain sufficient appropriate audit evidence:</p> <ul style="list-style-type: none"> Assessing compliance of the Company's policies in respect of revenue recognition with the applicable accounting standards; Evaluating the design and implementation and tested operating effectiveness of key internal controls around revenue recognition and recording of contract costs; Selecting a sample of contracts to test, using risk-based criteria, which included individual contracts with: <ul style="list-style-type: none"> significant revenue recognised during the year; nil margin; or significantly high, low or negative profit margins.

Independent Auditors' Report (Continued)**Sterling and Wilson Solar Limited***(formerly known as Sterling and Wilson Solar Private Limited)***Key Audit Matters (Continued)****Measurement of contract revenue and margin (refer note 2(d)(i), 3.12, 29 and 47 to the standalone financial statements) (Continued)**

The Key Audit Matter	How the matter was addressed in our audit
<p>Overstatement of revenue is considered to be a significant audit risk as it is the key driver of returns to investors and incentives linked to performance for a reporting period.</p> <p>Due to significant judgment involved in the estimate of total revenue, costs to complete and significant audit risk of overstatement, we have considered measurement of contract revenue as a key audit matter.</p>	<ul style="list-style-type: none"> For these sample contracts, we critically assessed the estimated costs to complete, variations in contract price and contract costs and the adequacy of provision for penalties / liquidated damages arising from customer disputes. This assessment included: <ul style="list-style-type: none"> inspection of original contracts and its amendments for key terms and milestones to verify the estimated total revenue and costs to complete and / or any changes thereto; interviewing and challenging project and commercial heads on changes to estimated total revenue and costs to complete and settlement and recoverability of contract related receivables; comparing revenue recorded during the year with the underlying contracts, milestones achieved and invoices raised on the customers; righting the correspondence and minutes of meeting with customers around recoverability of claims and penalties / liquidated damages. Assessing the costs incurred and accrued to date on the balance sheet by examining underlying invoices and signed contracts; Appropriate cut-off procedures for determination of revenue in the correct reporting period; Comparing, on a sample basis, the outcome of contracts completed during the year with the original budgets and estimated margins for those contracts to determine the reliability of previous estimates; Comparing details of a sample of revenue journal entries raised throughout the reporting period, using risk-based criteria, with the relevant underlying documentation; Considering the adequacy of disclosures made in note 2(d)(i) to the Company's standalone financial statements in respect of these judgments and estimates.

Independent Auditors' Report (Continued)**Sterling and Wilson Solar Limited***(formerly known as Sterling and Wilson Solar Private Limited)***Key Audit Matters (Continued)****Recoverability of inter-corporate deposits / loans to group companies (refer note 2(d)(vi), 3.9 and 15 to the standalone financial statements)**

The Key Audit Matter	How the matter was addressed in our audit
<p>The carrying amount of inter-corporate deposits / loans to group companies represents 24.24% of the Company's total assets.</p> <p>The Company has extended inter-corporate deposits / loans to group companies which are assessed for recoverability at each period end.</p> <p>Due to the nature of construction industry in which borrower operates, the Company is exposed to heightened risk in respect of the recoverability of inter-corporate deposits / loans granted to these group companies.</p> <p>Considering their relative significance vis-a-vis the total assets of the Company and extension of repayment schedule of certain inter-corporate deposits, they are considered to have a major effect on our overall audit strategy and planning.</p> <p>We have identified measurement of inter-corporate deposits / loans to group companies as key audit matter because recoverability assessment involves Company's significant judgement and estimate.</p>	<p>In view of the significance of the matter we applied the following audit procedures in this area, among others, to obtain sufficient appropriate audit evidence:</p> <ul style="list-style-type: none"> Evaluating the design and implementation of key internal controls. We tested operating effectiveness of controls placed around the recognition of loss allowance for expected credit losses on the inter-corporate deposits / loans to group companies; Testing the key controls in place for issuing new inter-corporate deposits / loans, compliance with provisions of the Companies Act, 2013 and inspecting the Board approvals obtained; Testing Company's assessment of the recoverability of inter-corporate deposits / loans. We tested the Company's assessment of the cash flows the Company expects to receive; We checked the net worth of group companies on the basis of latest available financial statements; Inspecting the correspondence in respect of the commitment provided by the shareholders of the borrower group companies used by the Company to assess significant increase in credit risk on inter-corporate deposits / loans. This assessment was made by the Company as at balance sheet date; Checking the Company's computation of contractual cash flows due to the Company in accordance with the contract; Checking the measurement of expected credit loss recognised; Testing the payments made / receipts received in relation to these inter-corporate deposits / loans during the year through bank statement; Obtaining external confirmation of inter-corporate deposits / loans held by group companies as on 31 March 2020.

Independent Auditors' Report (Continued)**Sterling and Wilson Solar Limited***(formerly known as Sterling and Wilson Solar Private Limited)***Other Information**

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the standalone financial statements and our auditors' report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and based on the work done/ audit report of branch auditors, we conclude that there is a material misstatement of this other information, we are required to report that fact. As described in the *Basis for Qualified Opinion* section above, we are unable to evaluate the impact of adjustments, if any, that may arise from the said matter on the standalone financial statements of the Company. Accordingly, we are unable to conclude whether or not the other information is materially misstated with respect to the said matter.

Management's and Board of Directors' Responsibility for the Standalone Financial Statements

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit/loss and other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Independent Auditors' Report (Continued)**Sterling and Wilson Solar Limited***(formerly known as Sterling and Wilson Solar Private Limited)***Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the standalone financial statements made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management and Board of Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the branches of the Company to express an opinion on the standalone financial statements. We are responsible for the direction, supervision and performance of the audit of financial information of such branches included in the standalone financial statements of which we are the independent auditors. For the other branches included in the standalone financial statements, which have been audited by branch auditors, such branch auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in paragraph (a) of the section titled "Other Matters" in this audit report.

Independent Auditors' Report (Continued)**Sterling and Wilson Solar Limited***(formerly known as Sterling and Wilson Solar Private Limited)***Auditor's Responsibilities for the Audit of the Standalone Financial Statements (Continued)**

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other matters

- (a) We did not audit the financial information of 13 branches included in the standalone financial statements of the Company whose financial information reflect total assets of Rs. 6,376.71 million as at 31 March 2020 and the total revenue of Rs. 6,673.59 million for the year ended on that date, as considered in the standalone financial statements. These branches have been audited by the branch auditors whose reports have been furnished to us, and our opinion in so far as it relates to the amounts and disclosures included in respect of branches, is based solely on the report of such branch auditors.
- (b) Certain of these branches are located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by branch auditors under generally accepted auditing standards applicable in their respective countries. The Company's management has converted the financial statements of these branches located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Company's management. Our opinion in so far as it relates to the balances and affairs of such branches located outside India is based on the report of branch auditors and the conversion adjustments prepared by the management of the Company and audited by us.

Our opinion is not modified in respect of the above matters.

Independent Auditors' Report (Continued)**Sterling and Wilson Solar Limited***(formerly known as Sterling and Wilson Solar Private Limited)***Report on Other Legal and Regulatory Requirements**

As required by the Companies (Auditor's Report) Order, 2016 ('the Order'), issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

(A) As required by Section 143 (3) of the Act, we report that:

Sterling and Wilson Solar Limited

(formerly known as Sterling and Wilson Solar Private Limited)

Annexure A to the Independent Auditors' Report – 31 March 2020

With reference to the Annexure A referred to in the Independent Auditors' Report to the members of the Company on the standalone financial statements for the year ended 31 March 2020, we report the following:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
- (b) The Company has a regular programme of physical verification of its property, plant and equipment by which the property, plant and equipment are verified by the management according to a phased programme designed to cover all the items over a period of three years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. In accordance with the policy, the Company has physically verified certain property, plant and equipment during the year and no discrepancies were noticed in respect of assets verified during the year.
- (c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company does not have any immovable properties. Accordingly, paragraph 3 (i) (c) of the Order is not applicable to the Company.
- (ii) The inventory of project land, stores and, spare parts and construction materials has been physically verified by the management during the year. In our opinion, the frequency of such verification is reasonable. The discrepancies noticed on verification between the physical stocks and the book records were not material and these have been properly dealt with in the books of account.
- (iii) The Company has granted unsecured loans to three companies, two body corporates and a partnership firm covered in the register maintained under Section 189 of the Companies Act, 2013 ('the Act'). The Company has not granted any loans, secured or unsecured, to limited liability partnerships or other parties covered in the register required to be maintained under Section 189 of the Act.
 - i) According to the information and explanations given to us and based on the audit procedures conducted by us, we are of the opinion that the rate of interest and other terms and conditions of unsecured loans granted by the Company to companies, body corporates and a partnership firm covered in the register required to be maintained under Section 189 of the Act are not, prima facie, prejudicial to the interest of the Company.
 - ii) According to the information and explanations given to us and based on the audit procedures conducted by us, the unsecured loans granted to the companies and the interest thereon are repayable on demand or repayable as per contractual terms of inter-corporate deposit agreements and the unsecured loans granted to body corporates and a partnership firm and the interest thereon are repayable on demand. The borrowers have been regular in payment of principal and interest as demanded. Also, refer note 54 to the standalone financial statements.
 - iii) There are no overdue amounts of more than 90 days in respect of the unsecured loans granted to companies, body corporates and a partnership firm by the Company. Also, refer note 54 to the standalone financial statements.

Sterling and Wilson Solar Limited

(formerly known as Sterling and Wilson Solar Private Limited)

Annexure A to the Independent Auditors' Report – 31 March 2020 (Continued)

- (iv) In our opinion and according to the information and explanations given to us and based on the audit procedures conducted by us, the Company has complied with the provisions of Sections 185 and 186 of the Act, with respect to loans granted, guarantees provided and investments made by the Company. The Company has not provided any security in connection with a loan to any other body corporate or person and accordingly, compliance under Sections 185 and 186 of the Act in respect of providing securities is not applicable to the Company.
- (v) In our opinion, and according to the information and explanations given to us, the Company has not accepted deposits as per the directives issued by the Reserve Bank of India and the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed thereunder. Accordingly, paragraph 3 (v) of the Order is not applicable to the Company.
- (vi) We have broadly reviewed the books of accounts maintained by the Company pursuant to the rules prescribed by the Central Government for the maintenance of cost records under Section 148(1) of the Act and are of the opinion that prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the records.

Sterling and Wilson Solar Limited*(formerly known as Sterling and Wilson Solar Private Limited)***Annexure B to the Independent Auditors' Report – 31 March 2020**

Report on the Internal Financial Controls with reference to the aforesaid standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

(Referred to in paragraph (A) (g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Opinion

We have audited the internal financial controls with reference to standalone financial statements of Sterling and Wilson Solar Limited *(formerly known as Sterling and Wilson Solar Private Limited)* ("the Company") as of 31 March 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to standalone financial statements and such internal financial controls were operating effectively as at 31 March 2020, based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management and the Board of Directors are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under Section 143(10) of the Act, to the extent applicable, to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements were established and maintained and whether such controls operated effectively in all material respects.

Sterling and Wilson Solar Limited*(formerly known as Sterling and Wilson Solar Private Limited)***Annexure B to the Independent Auditors' Report – 31 March 2020
(Continued)****Auditors' Responsibility (Continued)**

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the branch auditors in terms of their report referred to in the Other Matter paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial controls with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Sterling and Wilson Solar Limited*(formerly known as Sterling and Wilson Solar Private Limited)***Annexure B to the Independent Auditors' Report – 31 March 2020
(Continued)****Other Matter**

We did not audit the internal financial controls with reference to financial information of 13 branches (in Argentina, Chile, Dubai, Egypt, Jordan, Kenya, Namibia, Philippines, Vietnam and Zambia) of the Company. The internal financial controls with reference to financial statements of these branches have been audited by the branch auditors whose reports have been furnished to us, and our opinion in so far as it relates to the internal financial controls with reference to financial statements included in respect of these branches, is based solely on the report of such branch auditors.

Our opinion is not modified in respect of this matter.

Sterling and Wilson Solar Limited
(Formerly known as Sterling and Wilson Solar Private Limited)

Notes to the standalone financial statements
for the year ended 31 March 2020

(Currency: Indian rupees in million)

1 Background

Sterling and Wilson Solar Limited (formerly known as Sterling and Wilson Solar Private Limited ("the Company")) was incorporated as a Private Limited Company on 9 March 2017 under The Companies Act, 2013. The Company is a Solar EPC contractor with a pan-India presence and international operations in Middle East, South East Asia, Africa, Philippines, Thailand, Europe, South America, Latin America, Australia and USA.

The Company is specialised in complete turn-key and Roof top solutions for Solar EPC solutions with having experience of executing more than 161 projects. The principal activity of the Company includes import, export and trading of Solar modules, structures, inverters and related accessories, installation and maintenance of Solar power generating facilities and other related activities.

The Company was incorporated on 9 March 2017 as Redcliffe Energy Private Limited. The Company was renamed as Sterling and Wilson Solar Private Limited on 24 April 2018. Further the Company was renamed to Sterling and Wilson Solar Limited on 25 January 2019. The Company was listed on National Stock Exchange (NSE) and Bombay Stock Exchange (BSE) in India on 10 August 2019.

Sterling and Wilson Solar Limited is a subsidiary of Shepoorji Pallonji and Company Private Limited, effective from 1 April 2019.

2 Basis of preparation of the standalone financial statements

a Statement of compliance

The accompanying standalone financial statements have been prepared in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) (Amendments) Rules, 2016 notified under Section 133 of the Companies Act, 2013, (the 'Act') and other relevant provisions of the Act.

The standalone financial statements were authorised for issue by the Board of Directors of the Company at their meeting held on 23 June 2020.

This is the first set of the Company's standalone financial statements in which Ind AS 116, Leases has been applied. Changes to significant accounting policies are described in note 3.7 and the impact of transition to Ind AS 116 on the standalone financial statements is disclosed in note 39.

b Functional and presentation currency

These standalone financial statements are presented in Indian Rupees (INR), which is also the Company's functional currency. All amounts have been rounded off to the nearest two decimal places in million, unless otherwise stated.

c Basis of measurement

The standalone financial statements have been prepared on the historical cost basis except for the following:

- certain financial assets and liabilities (including derivative instruments) that are measured at fair value (refer accounting policy regarding financial instruments); and
- employee's defined benefit plan as per actuarial valuation.

d Use of estimates and judgments

The preparation of the standalone financial statements in accordance with Ind AS requires use of judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. The actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment in the year ending 31 March 2021 are as follows:

2 Basis of preparation of the standalone financial statements (Continued)

4 Use of estimates and judgments (Continued)

10 Estimation of percentage of completion

Determination of revenue, order percentage of completion, method necessarily involves making estimates, some of which are of a technical nature, concerning, where relevant, the percentage of completion, costs to completion, the expected revenue from the project or activity and identifiable losses to completion. Estimates of project income as well as project costs, are reviewed periodically. The effect of changes, if any, in estimates is recognised in the standalone financial statements for the year/period in which such changes are determined.

(ii) Estimated useful lives of property, plant and equipment and intangible assets

The Company estimates the useful lives of property, plant and equipment and intangible assets based on the period over which the assets are expected to be available for use. The estimation of the useful lives of property, plant and equipment and intangible assets is based on collective assessment of industry practice, internal technical evaluation and on the historical experience with similar assets. It is possible, however, that future trends from operations could be materially affected by changes in customer demands brought about by changes in factors mentioned above. The amounts and timing of recorded expenses for any period would be affected by changes in these factors and circumstances. The estimated useful lives are reviewed periodically and are updated if circumstances differ from previous estimates due to physical wear and tear, technical or commercial obsolescence and legal or other limits on the use of the assets.

Useful lives of intangible assets are based on the life provided in Schedule II of the Act, in cases, where the useful lives are different from that prescribed in Schedule II of the Act, they are based on internal technical evaluation. Assumptions are also made, where the Company considers, whether an asset may be capitalised and which components of the cost of the asset may be capitalised. The estimation of useful lives of assets is based on management's judgment about the condition of each asset at the point of sale or use.

(iii) Recoverability of deferred income tax assets

In determining the recoverability of deferred income tax assets, the Company primarily considers current and expected profitability of applicable operating business segments and their ability to utilise any recorded tax assets. The Company reviews its deferred income tax assets at every reporting year/period end, taking into consideration the availability of sufficient current and projected taxable profits, reversal of taxable temporary differences and tax planning strategies.

(iv) Measurement of defined benefit obligation and other employee benefit obligations

The Company's net obligation in respect of gratuity benefit scheme is calculated by estimating the present value of future benefits that employees have earned in return for their services in the current and prior periods; this benefit is discounted to determine its present value, and the fair value of any plan assets is deducted.

Compounded charges which are not expected to occur within twelve months after the end of the year/period in which the employee renders the related services are recognised as liability at the present value of the other long-term employee benefits.

The present value of the obligation is determined based on actuarial valuation of the balance sheet done by an independent actuary using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and payments. The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities at the balance sheet date.

(v) Provision for obsolete inventory

The Company reviews its inventory to assess loss or obsolescence on a regular basis. In determining whether provision for obsolescence should be recorded in the standalone statement of profit and loss, the Company makes judgments as to whether there is any observable data indicating that there is any future obsolescence of the product, including demand forecast and shelf life of the product. The provision for obsolescence of inventory is based on the ageing and past movement of the inventory.

2 Basis of preparation of the standalone financial statements (Continued)

(i) Use of estimates and judgments (Continued)

(iii) Impairment losses on financial assets

The Company reviews its financial assets for impairment at regular intervals. The Company's credit risk is primarily attributable to its financial assets. In determining whether impairment losses should be reported in the standalone statements of profit and loss, the Company makes judgments as to whether there is any observable data indicating that there is a measurable decrease in the estimated future cash flows. Accordingly, an allowance for expected credit loss is made where there is an identified loss event or condition which, based on previous experience, is evidence of a reduction in the recoverability of the cash flows.

(iv) Impairment losses on investments

The Company reviews its carrying value of investments carried at amortised cost annually, or more frequently where there is indication of impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

(vii) Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has an established control framework with respect to the measurement of fair values, which includes monitoring all significant fair value measurements, including Level 3 fair values by the management. The management regularly reviews significant unobservable inputs and valuation adjustments.

The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assumes the evidence obtained from the third parties to support the conclusion that these valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which the valuations should be classified. Significant valuation issues are reported to the Company's Board of Directors.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:
- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level inputs that is significant to the fair value measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting year/period during which the change has occurred. Further information about the assumptions made in measuring fair values is included in the following notes:-
- Note 21 – Financial instruments.

(ix) Estimation of provisions and contingencies

Provisions are liabilities of uncertain amount or timing recognised where a legal or constructive obligation exists at the balance sheet date, as a result of a past event, where the amount of the obligation can be reliably estimated and where the outflow of economic benefit is probable. Contingent liabilities are possible obligations that may arise from past events whose outcome will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events which are not fully within the control of the Company. The Company exercises judgment and estimates in recognizing the provisions and assessing the exposure to contingent liabilities relating to pending litigation. Judgment is necessary in assessing the likelihood of the success of the pending claims and to quantify the possible range of financial statements. Due to the inherent uncertainty in the evaluation process, actual losses may be different from originally estimated provisions.

2 Basis of preparation of the standalone financial statements (Continued)

a Use of estimates and judgements (Continued)

(a) Determination of lease term and discount rate

In AS 16 Leases requires lessee to determine the lease term as the non-cancellable period of a lease adjusted with any option to extend or terminate the lease, if the use of such option is reasonably certain. The Company makes assessment on the expected lease term on lease by lease basis and thereby assesses whether it is reasonably certain that any options to extend or terminate the contract will be exercised. In evaluating the lease term, the Company considers factors such as any significant leasehold improvements undertaken over the lease term, costs relating to the termination of lease and the importance of the underlying in the Company's operations taking into account the location of the underlying asset and the availability of the suitable alternatives. The lease term in future periods is reassessed to ensure that the lease term reflects the current economic circumstances.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

3 Significant accounting policies

3.1 Current/non-current classification

The Schedule III to the Act requires assets and liabilities to be classified as either current or non-current:

Assets

An asset is classified as current when it satisfies any of the following criteria:

- (i) it is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle;
- (ii) it is expected to be realized within twelve months from the reporting date;
- (iii) it is held primarily for the purposes of being traded; or
- (iv) it is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- (i) it is expected to be settled in the Company's normal operating cycle;
- (ii) it is due to be settled within twelve months from the reporting date;
- (iii) it is held primarily for the purposes of being traded; or
- (iv) the Company does not have an unconditional right to defer settlement of the liability for at least twelve months from the reporting date.

All other liabilities are classified as non-current.

Operating Cycle

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out above which are in accordance with the Schedule III to the Act.

In respect of the engineering, procurement and construction services (EPC) segment of the Company, the construction projects usually have long gestation periods and based on the nature of services and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 18 months for the purpose of current - non-current classification of assets and liabilities. For the other operations, the operating cycle is ascertained as 12 months for the purpose of current - non-current classification of the assets and liabilities.

3. Significant accounting policies (Continued)

3.2 Foreign currency

(i) Foreign currency transactions

- Initial Recognition

All transactions that are denominated in the Company's functional currency are foreign currency transactions. These transactions are initially recorded in the functional currency by applying the appropriate daily rate which best approximates the actual rate of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognised in the standalone statement of profit and loss.

- Measurement of foreign currency items at the reporting date

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Non-monetary assets and liabilities that are measured based on historical cost in a foreign currency are translated at the exchange rate at the date of the transaction. Exchange differences are recognised in the standalone statement of profit and loss, except exchange differences arising from the translation of the equity investments classified as fair value through OCI (FVOCI) which is recognised in OCI.

(ii) Foreign operations

The assets and liabilities of foreign operations (branches), are translated into INR, the functional currency of the Company, at the exchange rates at the reporting date. The income and expenses of foreign operations are translated into INR at the exchange rates at the dates of the transactions or an average rate if the average rate approximates the actual rate at the date of the transaction.

Exchange differences are recognised in OCI and accumulated in equity (as exchange differences on translating the financial statements of a foreign operation).

When a foreign operation is disposed the cumulative amount of exchange differences related to that foreign operation recognised in OCI is reclassified to the standalone statement profit and loss as part of the gain or loss on disposal.

3.3 Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(a) Recognition and initial measurement

Trade receivables and debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

(b) Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at:

- amortised cost;
- FVOCI - debt investment;
- FVOCI - equity investment; or
- FVTPL.

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

3 Significant accounting policies (Continued)

3.3 Financial instruments (Continued)

(b) Classification and subsequent measurement (Continued)

Financial assets (Continued)

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI (designated as FVOCI - equity investment). This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortised cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Business model assessment

The Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, realising a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Company's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated - e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sale of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets.

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, "principal" is defined as the fair value of the financial asset on initial recognition. "Interest" is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that link the Company's claim to cash flows from specified assets (e.g. non-recourse features).

3 Significant accounting policies (Continued)

3.2 Financial instruments (Continued)

(b) Classification and subsequent measurement (Continued)

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest (Continued)

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a significant discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

Financial assets: Subsequent measurement and gains and losses

(i) Financial assets at FVTPL:

These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in the standalone statement of profit and loss.

(ii) Financial assets at amortised cost:

These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in the standalone statement of profit and loss. Any gain or loss on derecognition is recognised in the standalone statement of profit and loss.

(iii) Debt investments at FVOCI:

These assets are subsequently measured at fair value. Interest income under the effective interest method, foreign exchange gains and losses and impairment are recognised in the standalone statement of profit and loss. Other net gains and losses are recognised in OCI. On derecognition, gain and losses accumulated in OCI are reclassified to the standalone statement of profit and loss.

(iv) Equity investments at FVOCI:

These assets are subsequently measured at fair value. Dividends are recognised as income in the standalone statement of profit and loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognised in OCI and are not reclassified to the standalone statement of profit and loss.

Financial liabilities: Classification, subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in the standalone statement of profit and loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in the standalone statement of profit and loss. Any gain or loss on derecognition is also recognised in the standalone statement of profit and loss. See Note 3.3 (e) for financial liabilities designated as hedging instruments.

3 Significant accounting policies (Continued)

3.1 Financial instruments (Continued)

(i) Recognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire. The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in the standalone statement of profit and loss.

(ii) Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and is intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

(iii) Derivative financial instruments and hedge accounting

The Company holds derivative financial instruments to hedge its foreign currency risk exposures. Embedded derivatives are separated from the host contract and accounted for separately if the host contract is not a financial asset and certain criteria are met.

Derivatives are initially measured at fair value. Subsequent to initial recognition, derivatives are measured at fair value, and changes therein are generally recognised in the standalone statement of profit and loss.

The Company designates certain derivatives as hedging instruments to hedge variability in cash flows associated with highly probable forecast transactions arising from changes in foreign exchange rates.

At inception of designated hedging relationships, the Company documents the risk management objective and strategy for undertaking the hedge. The Company also documents the economic relationship between the hedged item and the hedging instrument, including whether the changes in cash flows of the hedged item and hedging instrument are expected to offset each other.

Cash flow hedges

When a derivative is designated as a cash flow hedging instrument, the effective portion of changes in the fair value of the derivative is recognised in OCI and accumulated in the other equity under 'Effective portion of cash flow hedges'. The effective portion of changes in the fair value of the derivative that is recognised in OCI is limited to the cumulative change in fair value of the hedged item, determined on a present value basis, from inception of the hedge. Any ineffective portion of changes in the fair value of the derivative is recognised immediately in the standalone statement of profit and loss.

(Figures in lakhs of Indian Rupees unless stated)

3 Significant accounting policies (Continued)

3.2 Financial Instruments (Continued)

(b) Derivative financial instruments and hedge accounting (Continued)

Cash flow hedges (Continued)

When the hedged forecast transaction subsequently results in the recognition of a non-financial item such as inventory, the amount accumulated in other equity is included directly in the initial cost of the non-financial item when it is recognised. For all other hedged forecast transactions, the amount accumulated in other equity is reclassified to the standalone statement of profit and loss in the same period or periods during which the hedged expected future cash flows affect profit or loss.

If a hedge no longer meets the criteria for hedge accounting or the hedging instrument is sold, expires, is purchased or is exercised, then hedge accounting is discontinued prospectively. When hedge accounting for cash flow hedges is discontinued, the amount that has been accumulated in other equity remains there until, for a hedge of a transaction resulting in recognition of a non-financial item, it is included in the non-financial item's cost (in its initial recognition) or for other cash flow hedges, it is reclassified to the standalone statement of profit and loss in the same period or periods as the hedged expected future cash flows affect profit or loss.

If the hedged future cash flows are no longer expected to occur, then the amounts that have been accumulated in other equity are immediately reclassified to the standalone statement of profit and loss.

3.4 Fair Value

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- (i) in the principal market for the asset or liability; or
- (ii) in the absence of a principal market, in the most advantageous market for the asset or liability.

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy that categorises into three levels, as described as follows, the inputs to valuation techniques used to measure value. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 inputs) and the lowest priority to unobservable inputs (Level 3 inputs).

Level 1 : quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 : inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 : inputs that are unobservable for the asset or liability.

For assets and liabilities that are recognised in the standalone financial statements at fair value on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation at the end of each reporting period.

3.5 Property, plant and equipment

Recognition and measurement

The cost of an item of property, plant and equipment is recognised as an asset if, and only if, it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably and is measured at cost. Subsequent to recognition, all items of property, plant and equipment (except for freehold land) are stated at cost less accumulated depreciation and accumulated impairment losses.

3 Significant accounting policies (Continued)

3.1 Property, plant and equipment (Continued)

Recognition and measurement (Continued)

If the cost of an individual part of property, plant and equipment is significant relative to the total cost of the item, the individual part is accounted for and depreciated separately.

The cost of property, plant and equipment comprises its purchase price plus any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management and the initial estimate of decommissioning, restoration and similar liabilities, if any. Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

Items such as spare parts, stand-by equipments and servicing that meets the definition of property, plant and equipment are capitalised at cost and depreciated over the useful life. Cost of repairs and maintenance are recognised in the standalone statement of profit and loss as and when incurred.

Capital work in progress and Capital advances:

Assets under construction includes the cost of property, plant and equipment that are not ready to use at the balance sheet date. Advances paid to acquire property, plant and equipment before the balance sheet date are disclosed under other non-current assets. Assets under construction are not depreciated as these assets are not yet available for use.

Depreciation

Depreciation on property, plant and equipment has been provided using the straight line method in the manner and at the rates prescribed by Schedule II of the Act, except for certain items of plant and machinery (such as welding machine, drilling machine, portable etc.) whose useful life has been estimated to be five years) whereas depreciation is provided based on the estimated useful lives of the plant and machinery so acquired, determined by the Company's management based on the technical evaluation carried out by the projects team. Depreciation on buildings (disposal) is provided on a pro-rata basis i.e. from (from) the date on which asset is ready for use (disposed of). The useful lives used, as set out in the following table, are lower than or as those specified in Schedule II of the Act as under:

Assets	Life in no. of years - Schedule II useful lives	
Plant and equipment	5 years to 10 years	10 years
Transportation vehicles	3 years to 10 years	10 years
Buildings	4 years to 10 years	5 years to 10 years
Computer hardware	3 years to 5 years	3 years to 5 years

Assets acquired under finance leases are depreciated over the shorter of the lease term and their useful lives unless it is reasonably certain that the Company will obtain ownership by the end of the lease term.

Leasehold improvements are amortised over the primary lease period or the useful life of the assets, whichever is lower.

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

Assets costing INR 5,000 or less are fully depreciated in the year/period of purchase.

3.6 Other intangible assets

Intangible assets comprise primarily of Computer software (including enterprise systems). Intangible assets are initially recorded at cost and subsequent to recognition, intangible assets are stated at cost less accumulated amortisation and accumulated impairment losses.

Amortisation

Other intangible assets are amortised over an expected benefit period of one to five years using straight line method.

The amortisation period and the amortisation method for an intangible asset with finite useful life is reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate.

De-recognition

An item of intangible asset is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on derecognition of an item of intangible asset, is recognised as the difference between the net disposal proceeds and the carrying amount of the item and is recognised in the standalone statement of profit and loss in the year the asset is derecognised.

3.7 Leases

Policy applicable before April 01, 2019:

Determining whether an arrangement contains a lease

At inception of an arrangement, it is determined whether the arrangement is or contains a lease. At inception or on reassessment of the arrangement, the payments and other consideration required by such an arrangement are apportioned into those for the lease and those for other elements on the basis of their relative fair values. If it is concluded for a finance lease that it is impracticable to separate the payments reliably, then an asset and a liability are recognised at an amount equal to the fair value of the underlying asset. The liability is reduced as payments are made and an imputed finance cost on the liability is recognised using the incremental borrowing rate.

Assets held under leases

Leases of property, plant and equipment that transfer to the Company substantially all the risks and rewards of ownership are classified as finance leases. The leased assets are recognised initially at an amount equal to the lower of their fair value and the present value of the minimum lease payments. Subsequent to initial recognition, the assets are accounted for in accordance with the accounting policy applicable to similar owned assets.

Assets held under leases that do not transfer to the Company substantially all the risks and rewards of ownership (i.e. operating leases) are not recognised in the Company's Balance Sheet.

Lease payments

Payments made under operating leases are generally recognised in the Standalone statement of profit and loss on a straight-line basis over the term of the lease unless such payments are structured or expense in line with expected general inflation to compensate for the lessor's expected inflationary cost increases. Lease incentives received are recognised as an integral part of the total lease expense over the term of the lease.

Minimum lease payments made under finance leases are apportioned between the finance charge and the reduction of the outstanding liability. The finance charge is allocated to each year during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability.

Policy applicable after April 01, 2019

At the inception of a contract, the Company assesses whether a contract is or contains a lease. A contract is, or contains a lease, if the contract conveys the right to control the use of an identified asset for a period of time in exchange of consideration. To assess whether a contract conveys the right to control the use of an asset the Company assesses whether:

- The contract involves the use of an identified asset - this may be specified explicitly or implicitly, and should be physically distinct or represent substantially all of the capacity of a physical distinct asset. If the supplier has a substantive substitution right, then the asset is not identified.
- The Company has the right to obtain substantially all of the economic benefits from use of the asset throughout the period of time; and
- The Company has the right to direct the use of the asset. The Company has this right when it has the decision-making rights that are most relevant to changing how and for what purpose the asset is used.

3.2 Leases (Continued)

As a lessee

Right-of-use asset

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. At the commencement date, a lessee shall measure the right-of-use asset at cost which comprises initial measurement of the lease liability, any lease payments made at or before the commencement date, less any lease incentives received, any initial direct costs incurred by the lessee, and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease. The Company measures right-of-use assets at cost less accumulated depreciation and any accumulated impairment losses.

Lease liability

At the commencement date, a lessee shall measure the lease liability at the present value of the lease payments that are not paid at that date. The lease payments shall be discounted using the interest rate implicit in the lease. If that rate can be readily determined, if that rate cannot be readily determined, the lessee shall use the lessee's incremental borrowing rate.

Short-term lease and leases of low-value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of less than 12 months or less and leases of low-value assets, including IT Equipment. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

The election for short-term leases shall be made by class of underlying asset to which the right of use relates. A class of underlying asset is a grouping of underlying assets of a similar nature and use in Company's operations. The election for leases for which the underlying asset is of low value can be made on a lease-by-lease basis.

Change in accounting policies and Transition note

On 30 March 2019, the Ministry of Corporate Affairs ("MCA") through the Companies (Indian Accounting Standards) Amendment Rules, 2019 and the Companies (Indian Accounting Standards) Second Amendment Rules, has notified Ind AS 116 Leases which replaces the existing lease standard, Ind AS 17 Leases and other interpretations.

Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. It introduces a single, on-balance sheet lease accounting model for lessees.

Effective from 1 April 2019 (the date of transition), the Company applied Ind AS 116 using the modified retrospective approach, under which the right-of-use asset is equal to lease liability on 1 April 2019. Accordingly, the comparative information is not restated - i.e. it is presented, as previously reported, under Ind AS 17. Additionally, the disclosure requirements in Ind AS 116 have not generally been applied to comparative information.

On transition to Ind AS 116, the Company elected to apply the practical expedient to grandfather the assessment of which transactions are leases. The Company applied Ind AS 116 only to contracts that were previously identified as leases under Ind AS 17. Therefore, the definition of a lease under Ind AS 116 was applied only to contracts entered into or changed on or after 1 April 2019.

Accordingly, a right-of-use asset of Rs 35.53 million and lease liability of Rs 35.53 million has been recognised. The cumulative effect of transition to Ind AS 116 on retained earnings is Rs 746. The weighted average incremental borrowing rate of 11% has been applied to lease liabilities recognised in the balance sheet at the date of initial application.

3.8 Inventories

Material at central stores comprises modules, wires, cables, components, stores and spares. Stock in trade comprises of loan acquired for Solar EPC projects.

Inventories are valued at lower of cost or net realisable value; cost is determined on the moving weighted average method basis. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

3.9 Impairment

Impairment of non-financial assets

A financial asset is assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

The Company applies expected credit losses (ECL) model for measurement and recognition of loss allowance on the following:

- (i) Trade receivables, lease receivables and contract assets; and
- (ii) Financial assets measured at amortised cost (other than trade receivables, lease receivables and contract assets).

In case of trade receivables, lease receivables and contract assets, the Company follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognised as loss allowance. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial asset. 12 month ECL are a portion of the lifetime ECL which result from default events that are possible within 12 months from the reporting date.

3.9 Impairment (Continued)

Impairment of non-financial assets (Continued)

ECL are measured in a manner that they reflect unbiased and probability weighted amounts determined by a range of outcomes, taking into account the time value of money and other reasonable information available as a result of past events, current conditions and forecasts of future economic conditions.

The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognised as an impairment gain or loss in the standalone statement of profit and loss.

Impairment of non-financial assets

Non-financial assets other than inventories, deferred tax assets and non-current assets classified as held for sale are reviewed at each Balance Sheet date to determine whether there is any indication of impairment. If any such indication exists, or when annual impairment testing for an asset is required, the Corporation estimates the asset's recoverable amount. The recoverable amount is the higher of the asset's or Cash Generating Unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets.

When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

3.10 Employee benefits

Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid e.g., under short-term cash bonus, if the Corporation has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

Post-employment benefits

(i) Defined contribution plans

A defined contribution plan is a plan for the post-employment benefit of an employee under which the Corporation pays fixed periodic contributions into a Provident Fund and Employee State Insurance Corporation in accordance with Indian regulations. The Corporation has no further legal or constructive obligation to pay once contributions are made. Obligations for contributions to defined contribution plans are recognised as an employee benefit expense in the standalone statement of profit and loss in the periods during which the related services are rendered by employees. In respect of foreign branch, the Corporation's contribution towards defined contribution benefit plan is accrued in compliance with the domestic laws of the country in which the standalone foreign branch operates.

(ii) Defined benefit plan

The Corporation's gratuity benefit scheme is a defined benefit plan. The Corporation's net obligation in respect of the gratuity benefit scheme is calculated by estimating the present value of future benefits that employees have earned in return for their service in the current and prior periods; this benefit is discounted to determine its present value.

The present value of the obligation under each defined benefit plan is determined based on actuarial valuations by an independent actuary using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation is measured at the present value of the calculated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities of the balance sheet date.

Post-employment benefits (Continued)

(i) Defined benefit plans (Continued)

All non-financial gains and losses arising from defined benefit plans are recognised in the standalone statement of other comprehensive income in the year/period in which they occur and not reclassified to the standalone statement of profit and loss in the subsequent period. The Company determines the net interest expense (income) on the net defined benefit liability (asset) for the year/period by applying the discount rate used to measure the defined benefit obligation at the beginning of the annual year/period to the then-net defined benefit liability (asset), taking into account any changes in the net defined benefit liability (asset) during the year/period as a result of contributions and benefit payments. Net interest expense and other expenses related to defined benefit plans are recognised in the standalone statement of profit and loss.

When the benefits of a plan are changed or when a plan is cancelled, the resulting change in benefit that relates to past service or the gain or loss on settlement is recognised immediately in the standalone statement of profit and loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs in the standalone statement of profit and loss.

Other long-term employee benefits

The Company's net obligation in respect of long-term employee benefits, other than gratuity, is the amount of future benefits that employees have earned in return for their service in the current and prior periods. The obligation is calculated at the balance sheet date on the basis of an actuarial valuation done by an independent actuary using the projected unit credit method and is discounted to its present value and the fair value of any related assets is deducted. Remeasurements gains or losses are recognised in the standalone statement of profit and loss in the year/period in which they arise.

Compensated absences which are not expected to occur within twelve months after the end of the year/period in which the employee renders the related services are recognised as a liability at the present value of the defined benefit obligation at the balance sheet date. The discount rate used for determining the present value of the obligation under long term employment benefits, are based on the market yields on Government securities as at the balance sheet date.

Equity settled share based payments

Employees of the Company receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments. The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model.

This cost is recognised, together with a corresponding increase in share-based payment reserves in equity, over the period in which the performance and/or service conditions are fulfilled. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest.

When the terms of an equity-settled award are modified, the minimum expense recognised is the expense had the terms had not been modified, if the original terms of the award are met. An additional expense is recognised for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification. Where an award is cancelled by the entity or by the counterparty, any remaining element of the fair value of the award is expensed immediately through the Standalone statement of profit and loss. The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

3.11 Provisions and Contingencies

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognised as finance cost. Expected future operating losses are not provided for.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a present obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

A contingent asset is disclosed where an inflow of economic benefits is probable.

Contract contracts

A contract is considered to be uncertain when the expected economic benefits to be derived by the Company from the contract are lower than the unavoidable cost of meeting its obligations under the contract. The provision for an uncertain contract is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. In case such a provision is made, the Company recognises any impairment loss on the assets associated with that contract.

3.12 Revenue recognition

The Company has adopted Ind AS 115, Revenue from Contracts with Customers, with effect from 1 April 2018. The Company has applied the following accounting policy for revenue recognition:

Revenue from contracts with customers

The Company recognises revenue from contracts with customers based on a five step model as set out in Ind AS 115:

Step 1: Identify the contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify the performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company will allocate the transaction price to each performance obligation in an amount that depicts the nature of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognise revenue when (or as) the entity satisfies a performance obligation.

The Company satisfies a performance obligation and recognises revenue over time, if one of the following criteria is met:

1. The customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs; or
2. The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
3. The Company's performance does not create an asset with an alternative use to the Company and the entity has an enforceable right to payment for performance completed to date.

3.12 Revenue recognition (Continued)

Revenue from contracts with customers: (Continued)

Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes and duty. The Company assesses its revenue arrangements against specific criteria to determine if it is acting as principal or agent. The Company has concluded that it is acting as a principal in all of its revenue arrangements.

Revenue from work contracts

Revenue from work contracts, where the outcome can be estimated reliably, is recognised under the percentage of completion method by reference to the stage of completion of the contract activity. The stage of completion is measured by calculating the proportion that costs incurred to date bear to the estimated total costs of a contract. Determination of revenue under the percentage of completion method necessarily involves making estimates by the management.

When the Company satisfies a performance obligation by delivering the promised goods or services it creates a contract asset based on the amount of consideration to be earned by the performance. When the amount of consideration received from a customer exceeds the amount of revenue recognised this gives rise to a contract liability.

Any variations in contract work, claims, incentive payments are included in the transaction price if it is highly probable that a significant reversal of revenue will not occur once associated uncertainties are resolved.

Consideration is adjusted for the time value of money if the period between the transfer of goods or services and the receipt of payment exceeds twelve months and there is a significant financing benefit either to the customer or the Company.

Revenue from sale of goods

The Company recognises revenue from sale of goods once the customer takes possession of the goods. Revenue represents the invoice value of goods provided to third parties net of discounts and sales taxes/value added taxes/ Goods and Services Tax.

Operation and maintenance income

The Company recognises revenue from Operations and Maintenance services using the time-based method of progress (i.e. least method) on a straight line basis.

Contract assets

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Contract liabilities

Contract Liabilities are recognised when there is billing in excess of revenue and advance received from customers.

3.13 Export incentives

Export incentives receivable are accrued for when the right to receive the credit is established and there is no significant uncertainty regarding the ultimate collection of export proceeds. The export incentives are disclosed as other income in the standalone financial statements.

Notes to the standalone financial statements (Continued)

3 Significant accounting policies (Continued)

3.14 Recognition of dividend income, interest income or expense

Dividend income is recognised in the standalone statement of profit and loss on the date on which the Company's right to receive payment is established.

Interest income or expense is recognised using the effective interest method.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortised cost of the financial liability.

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortised cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortised cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

3.15 Income tax

Income tax comprises current and deferred tax. It is recognised in the standalone statement of profit and loss except to the extent that it relates to a business combination or to an item recognised directly in equity or in other comprehensive income.

On 30th March 2019, MCA has issued amendment regarding the income tax Uncertainty over Income Tax Treatment. The notification clarifies the recognition and measurement requirements when there is uncertainty over income tax treatment. In assessing the uncertainty, an entity shall consider whether it is probable that a tax authority will accept the uncertain tax treatment. This notification is effective for annual reporting periods beginning on or after April 1, 2019. As per the Company's assessment, there are no material uncertainties over income tax treatments.

Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using applicable tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

Minimum Alternative Tax ('MAT')

Minimum Alternative Tax ('MAT') under the provisions of the Income-tax Act, 1961 is recognised as current tax in the standalone statement of profit and loss. The credit available under the Act in respect of MAT paid is recognised as a deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the period for which the MAT credit can be carried forward for set-off against the normal tax liability. MAT credit recognised as an deferred tax asset is reviewed at each balance sheet date and written down to the extent the offsetting convincing evidence no longer exists.

Deferred tax

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for tax purposes. Deferred tax is also recognised in respect of carried forward tax losses and tax credits.

Deferred tax is not recognised for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
- temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Company is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future; and
- taxable temporary differences arising on the initial recognition of goodwill.

5 Significant accounting policies (Continued)

5.15 Income tax

Deferred tax

Deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which they can be used. The existence of unused tax losses is strong evidence that future taxable profits may not be available. Therefore, in case of a history of recent losses, the Company recognises a deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax assets can be utilised. Deferred tax assets – unrecognised or recognised, are reviewed at each reporting date and are recognised/ reduced to the extent that it is probable/ no longer probable respectively that the related tax benefits will be realised.

Deferred tax is measured at the tax rates that are expected to apply to the year period when the asset is realised or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date.

The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Company expects to the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset if there is a legally enforceable right to offset current tax liabilities and assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities, but they intend to settle current tax liabilities and assets on a net basis or their tax assets and liabilities will be realised simultaneously.

5.16 Borrowing cost

Borrowing costs are interest and other costs (including exchange differences arising on foreign currency borrowings) to the extent that they are regarded as an adjustment to interest costs incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

5.17 Investments

Investments in equity shares of subsidiaries are recorded at cost and reviewed for impairment at each reporting date. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries, the difference between net disposal proceeds and the carrying amount are recognised in the Standalone Statement of Profit and Loss.

Investments that are mainly cash and are intended to be held for not more than a year from the date of acquisition are classified as current investments. All other investments are classified as long-term investments. Any reductions in the carrying amount and any reversals of such reductions are charged or credited to the standalone statement of profit and loss. Cost of investments include acquisition charges such as brokerage, fees and duties. Profit or loss on sale of investments is determined on the basis of first in first out (FIFO) basis of carrying amount of investment disposed off.

5.18 Statement of cash flows

The Company's standalone statement of cash flows are prepared using the balance sheet, income statement for the year is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and sign of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

Cash and cash equivalents comprise cash and bank balances and short-term fixed bank deposits that are subject to an insignificant risk of changes in value. These also include bank overdrafts and cash credit facility that form an integral part of the Company's cash management.

5.19 Earnings per share

The basic earnings per share ("EPS") is computed by dividing the net profit attributable to equity shareholders for the period, by the weighted average number of equity shares outstanding during the period.

Diluted EPS is computed using the weighted average number of equity and dilutive (potential) equity equivalent shares outstanding during the period except where the results would be anti-dilutive.

5.20 Events after reporting date

When events occurring after the balance sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted with the standalone financial statements. Otherwise, events after the balance sheet date of material are or nature are only disclosed.

5.21 Standard issued but not yet effective

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 01, 2025.

(B) Rights, preferences and restrictions attached to equity shares

The Company has a single class of equity shares. Accordingly, all equity shares rank equally with regard to dividends and share in the Company's residual assets. The equity shares are entitled to receive dividend as declared from time to time. The voting rights of an equity shareholder on a poll (not on show of hands) are in proportion to its share of the paid-up equity capital of the Company. Voting rights cannot be exercised in respect of shares on which any call or other sums presently payable have not been paid. Failure to pay any amount called up on shares may lead to forfeiture of the shares. On winding up of the Company, the holders of equity shares will be entitled to receive the residual assets of the Company, remaining after distribution of all preferential amounts in proportion to the number of equity shares held.

E) Performance obligation

The Company undertakes Engineering, Procurement and Construction business. The ongoing contracts with customers are for Solar utility and Rooftop Project. The type of work in these contracts involve construction, engineering, designing, supply of materials, development of system, installation, project management, operations and maintenance etc.

The Company evaluates whether each contract consists of a single performance obligation or multiple performance obligations. Contracts where the Company provides a significant integration service to the customer by combining all the goods and services are concluded to have a single performance obligation. Contracts with an significant integration service, and where the customer can benefit from each unit on its own, are concluded to have multiple performance obligations. In such cases consideration is allocated to each performance obligation, based on standalone selling prices. Where the Company enters into multiple contracts with the same customer, the Company evaluates whether the contract is to be combined or not by evaluating factors such as commercial objective of the contract, consideration negotiated with the customer and whether the individual contracts have single performance obligations or not.

The Company recognizes contract revenue over time as the performance creates or enhances an asset controlled by the customer. For such arrangements revenue is recognised using cost based input methods. Revenue is recognised with respect to the stage of completion, which is assessed with reference to the proportion of contract costs incurred for the work performed at the balance sheet date relative to the estimated total contract costs.

The Company recognizes contract revenue over time as the performance creates or enhances an asset controlled by the customer. For such arrangements revenue is recognised using cost based input methods. Revenue is recognised with respect to the stage of completion, which is assessed with reference to the proportion of contract costs incurred for the work performed at the balance sheet date relative to the estimated total contract costs.

Any costs incurred that do not contribute to satisfying performance obligations are excluded from the Company's input methods of revenue recognition as the amounts are not reflective of our transferring control of the systems to the customer. Significant judgment is required to make assumptions related to the amount of net contract revenue, including the impact of any performance incentives, liquidated damages, and other forms of variable consideration.

If estimated incremental costs on any contract, are greater than the net contract revenues, the Company recognizes the entire estimated loss in the year/period the loss becomes known. Variations in contract work, claims, incentive payments are included in contract revenue to the extent that they have been agreed with the customer and are capable of being reliably measured.

The Company recognizes revenue from Operations and Maintenance services using the time elapsed measure of progress as input method on a straight line basis.

There is no revenue to be recognised in future related to performance obligations that are unsatisfied (or partially satisfied) as at 31 March 2020 and 31 March 2019.

F) Practical expedients:

Applying the practical expedient in paragraph 63 of Ind AS 115, the Company does not adjust the promised amount of consideration for the effects of a significant financing component if at contract inception it is expected that the period between when the entity transfers a promised good or service to a customer and when the customer pays for that good or service will be one year or less.

The Company applies practical expedient in paragraph 121 of Ind AS 115 and does not disclose information about remaining performance obligations for EPC contracts that have original expected duration of one year or less.

(b) Measurement of fair value

Valuation techniques and significant unobservable inputs

The following table shows the valuation techniques used in measuring Level 2 and Level 3 fair values for financial instruments measured at fair value in the statement of financial position as well as the significance of unobservable inputs used.

Financial instruments measured at fair value

Type	Valuation techniques	Significant unobservable inputs	Inter-relationship between significant unobservable inputs and fair value measurement
Non-current interest-bearing assets and liabilities measured at amortised cost	Discounted cash flow approach. The valuation model considers the present value of expected payments/receipts, discounted using a risk-adjusted discount rate.	Not applicable	Not applicable
Money fund	The fair value of investments in mutual fund units is based on the net asset value ("NAV") as stated by the issuers of these mutual fund units in the published statements as at Balance Sheet date. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which holders will redeem their units through the issuer.	Not applicable	Not applicable
Forward contract for foreign exchange contracts	Forward pricing. The fair value is determined using quoted forward exchange rates as at the reporting date and present value calculation based on high credit and/or yield curves in the respective currency.	Not applicable	Not applicable

Transfers between Levels 1 and 2

There have been no transfers between Level 1 and Level 2 during the reporting year.

Sensitivity Analysis for level 3

(a) Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- i) Credit risk;
- ii) Liquidity risk; and
- iii) Market risk

Risk management framework

The Company's Board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of directors is responsible for developing and monitoring the Company's risk management policies.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The Audit Committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The Audit Committee is assisted in its oversight role by Internal Audit. Internal Audit undertakes both regular and ad hoc reviews of risk management controls and procedures. The results of which are reported to the Board of directors.

1. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers and investment in debt securities. The carrying amounts of financial assets represent the maximum credit exposure.

Trade and other receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer, including the default risk of the industry and country in which the customer operates, also has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. The Company establishes an allowance for doubtful debts and impairment that represents its estimates of incurred losses in respect of trade and other receivable and investments.

Total trade receivable as on 31 March 2020 is Rs 15,397.56 million (31 March 2019: Rs 17,254.73 million).

Three largest customers have a total concentration of 47.31% (31 March 2019: One largest customer has a total concentration of 14.89%) of total trade receivable.

As per simplified approach, the Company makes provision of expected credit losses on trade receivables and other receivables to mitigate the risk of default payments and makes appropriate provision at each reporting date whenever outstanding is for longer period and involves higher risk.

The movement in the allowance for impairment in respect of trade and other receivables during the year was as follows:

Particulars	Amount
Balance as at 1 April 2019	220.00
Add: Impairment losses recognised during the year	14.01
Less: Written back during the year	58.00
Balance as at 31 March 2020	216.01
Balance as at 1 April 2018	23.00
Add: Impairment losses recognised during the year	290.00
Balance as at 31 March 2019	220.00

Cash and bank balances

The Company held cash and cash equivalents and other bank balances with credit worthy banks and financial institutions of Rs 1,921.91 million and Rs 3,147.73 million as at 31 March 2020 and 31 March 2019 respectively. The credit worthiness of the such bank and financial institutions is evaluated by management on an ongoing basis and is considered to be good.

Derivatives

The derivatives are entered with the credit worthy banks and financial institutions counter parties. The Credit worthiness of such banks and financial institutions is evaluated by the management on an ongoing basis and is considered to be good.

Guarantees

The Company's policy is to provide the financial guarantees only for its subsidiaries. During the year ended 31 March 2020, the Company has issued guarantees of Rs 11,065.29 million (31 March 2019: Rs Nil) to a banks in respect of credit facilities availed by a subsidiary of the Company. The total guarantee outstanding as at 31 March 2020 is Rs 10,002.81 million (31 March 2019: Rs Nil).

Security deposits given to lessors

The Company has given security deposit to lessors for premises leased by the Company as at 31 March 2020 and 31 March 2019. The Company monitors the credit worthiness of such lessors where the amount of security deposit is material.

Inter-corporate deposits/ Loans, investments in group companies

The Company has given unsecured inter-corporate deposits/ loans to its subsidiaries and fellow subsidiaries as at 31 March 2020 and 31 March 2019. The Company has reviewed the carrying amounts of inter-corporate deposits/ loans to determine whether there is any indication that these loans have suffered an impairment loss. As such indication exists, the Company has recognised impairment loss.

Other than the trade receivables and other receivables, the Company has no other financial assets that are past due but not impaired.

iii) Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from adverse changes in market rates and prices (such as interest rates, foreign currency exchange rates) or in the price of market risk-sensitive instruments as a result of such adverse changes in market rates and prices. Market risk is attributable to all market risk-sensitive financial instruments, all foreign currency receivables and payables and all short term and long-term debt. The Company is exposed to market risk primarily related to foreign exchange rate risk, interest rate risk and the market value of its investments. Thus, the Company's exposure to market risk is a function of investing and borrowing activities and revenue generating and operating activities in foreign currencies.

(a) Currency Risk

The Company is exposed to currency risk on account of its operating and financing activities. The functional currency of the Company is Indian Rupee.

(b) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to market risk for changes in interest rates relates to fixed deposits and borrowings from financial institutions. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to market risk for changes in interest rates relates to fixed deposits and borrowings from financial institutions.

For details of the Company's short-term loans and borrowings, including interest rate profiles, refer to Note 22 of these financial statements.

Particulars	31 March 2020	31 March 2019

Cash flow sensitivity (net)	<u>(55.80)</u>	<u>55.00</u>

The risk estimates provided assume a change of 100 basis points interest rate for the interest rate benchmark or applicable to the borrowings summarised above. This calculation also assumes that the change occurs at the balance sheet date and has been calculated based on risk exposures outstanding as at that date. The year end balances are not necessarily representative of the average debt outstanding during the year.

(e) Capital Management

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Management monitors the return on capital as well as the level of dividends to ordinary shareholders.

The Company monitors capital using a ratio of 'adjusted net debt' to 'adjusted equity'. For this purpose, adjusted net debt is defined as total borrowings, comprising interest-bearing loans and borrowings and obligations under leases, less cash and cash equivalents. Adjusted equity comprises all components of equity. Charge for the year on goodwill amortisation has been deducted while calculating total equity of the company since it represents a pure non-cash expense.

The Company's adjusted net debt to equity ratio was as follows:

Particulars	31 March 2020	31 March 2019
Borrowings	6,087.54	11,346.16
Gross debt	6,087.54	11,346.16

52. Pursuant to a resolution dated 18 July 2018, the shareholders of the Company expressed their intent to convert loan given to Stirling and Wilson International Solar FZCO, a subsidiary of the Company, into equity. Accordingly, the loan given to subsidiary will be converted into equivalent amount of equity shares subject to approval from statutory and regulatory approvals in India and the United Arab Emirates.

53. The Company entered into a contract for a 100 MW AC Photovoltaic plant in the state of Karnataka with an infrastructure company ("customer") to cater to in-house power demands of the large office space facilities in Bangalore of a real estate developer ("developer"). The works were majority completed by end February 2018 and the balance work was pending due to non-availability of land, which was in the scope of the customer. In October 2018, the National Company Law Tribunal ("NCLT") actions were initiated against the customer group and the Company issued a work suspension notice to the customer, for balance of payments, with a copy to the developer. The developer issued directions to the Company, vide a letter, to go ahead with the work/maintenance of the plant, where in they also assured the Company that they would make the payment if the customer failed to pay. As on date the customer owes the Company INR 924.34 million. In addition, an amount of INR 641.04 million under confirmed, irrevocable Letters of Credit arranged by the customer from their bank mainly for the supplies which had been discounted by Company, after confirmation both from the customer and their bank, became due. Due to the NCLT actions against the customer group, the customer's bank refused to make the payment to the Company's bank citing prevention against doing the same due to the NCLT order, and the Company had to return the amount back to its bank.

During the year ended 31 March 2020, the Company has initiated legal proceedings in both these matters; the matter in respect of the customer & developer is currently pending with the NCLT and the matter in respect of the customer's bank is currently pending with the National Company Law Appellate Tribunal.

The Company has sought legal opinion regarding the amount due from the developer as per their assurance letter and from the customer's bank due to failure to pay confirmed Letters of Credit and has been advised that the said amounts are fully recoverable. The amount of INR 924.34 million and INR 641.04 million is shown under the head Trade Receivables and Other Financial Assets, respectively.

Based on the aforementioned legal opinion and the management assessment, in spite of being confident of full recovery, considering the expected credit loss requirement of Ind AS 109 "Financial Instruments", the management has recognised the provision to the extent of Rs 213.30 million (31 March 2019: Rs 160.00 million) as at 31 March 2020, based on management's best estimate of collectability of the aforementioned receivables.

54. Mr. Rod Herring (Prospectus dated 29 July 2019 stated that Shapoorji Pallonji and Company Private Limited and Kharshed Yardi Desai ("Selling Shareholders") shall use a portion of net offer proceeds towards funding full repayment of the outstanding inter-corporate deposits payable by a fellow subsidiary to the Company within a period of 90 days from the date of listing of equity shares i.e. by 18 November 2019. The Selling Shareholders pursuant to their letter dated 14 November 2019 however requested the Board of Directors of the Company to consider a revised payment schedule for the outstanding inter-corporate deposits of Rs 17,271.80 million (including interest thereon of Rs 1,708.20 million) as at 30 September 2019 with additional interest of 50 basis points per annum.

The Board of Directors in their meeting held on 31 December 2019 had considered the revised payment schedule of the outstanding inter-corporate deposits of Rs 10,457.77 million (including accrued interest thereon of Rs 499.21 million) as at that date, in three quarterly installments by 31 March 2020, by 30 June 2020 and balance amount by 30 September 2020 (which would include further accruals of interest beyond 31 December 2019). The Selling Shareholders have already facilitated the repayment of inter-corporate deposits amounting to Rs 14,536.25 million by the fellow subsidiary to the Company, from the date of listing i.e. 20 August 2019 till 31 March 2020. The inter-corporate deposits outstanding (including interest accrued) as at 31 March 2020 aggregate to Rs 5,981.68 million.

The Company has also responded to queries (including from Shareholders, SEBI and ROC/Medias reports). The Company, based on independent opinions from legal experts, has determined that there is no non-compliance with any provisions of the Companies Act, 2013 and/or SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018 by the Company, in respect of this transaction.

55. During the year, the Selling Shareholders have made an offer for sale which was subscribed for 36,533,820 Equity shares of Rs 1 each for cash at a price of Rs 780 per equity share (including a share premium of Rs 779 per equity share) aggregating to Rs 28,446.38 million.

The equity shares of the company were listed on National Stock Exchange of India Limited (NSE) via ID SWSECLAR and BSE Limited (BSE) via ID 512760 on 20 August 2019.

The Company has incurred Rs 38.25 million and Rs 758.96 million in financial year 2018-19 and 2019-20, respectively, aggregating to Rs 837.21 million (excluding Goods and Services Tax and including Securities Transaction Tax of Rs 56.99 million which is directly paid from IPO ESCROW Account) in respect of sale of shares, these expenses were recovered from the Selling Shareholders in the ratio of their existing shareholding percentage. These expenses include a sum of Rs 8.76 million and Rs 5.96 million incurred in financial year 2018-19 and 2019-20, respectively, aggregating to Rs 14.72 million (excluding Goods and Services Tax) paid to Statutory auditors of the Company.

- 56 On 27 March 2019, The Board of Directors of the Company has proposed to Institute the Scheme for Employee Stock Option Plan (ESOP) subject to approval of Shareholders'. Accordingly, no provision has been created in the books towards the liability of ESOP as at 31 March 2019 and 31 March 2020.
- 57 The Company's international transactions with related parties are at arm's length as per the Independent accountants report for the year ended 31 March 2019. Management believes that the Company's international transactions with related parties post 31 March 2019 continue to be at arm's length and that the transfer pricing legislation will not have any impact on these standalone financial statements, particularly on amount of tax expense and then of provision for taxation.
- 58 The Board of Directors at their meeting held on 16 March 2020 has approved the "Scheme of Arrangement" ('the Scheme') for merger of the Sterling & Wilson - Waare Private Limited ('SWWPL') with the Company subject to obtaining necessary approvals from the applicable statutory authorities.
- 59 During the year ended 31 March 2019, a subsidiary of the Company has paid to non-executive directors of the Company remuneration in excess of the limit laid down under Section 197 of the Act by Rs 6.35 million. The excess remuneration paid has been approved by the shareholders of the Company in the Extraordinary General Meeting held on 10 June 2019.
- 60 During the year ended 31 March 2019, the Board of Directors of the Company approved a split of the Company's common stock in the ratio of 1:10, with a corresponding change in the nominal value per share from Rs. 10 per share to Rs.1 per share. This stock split became effective on 23 January, 2019. Unless otherwise indicated, per share data, where applicable, has been adjusted retrospectively in accordance with the requirements of Ind AS 33 Earnings per share.
- 61 The Company has assessed the possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of Receivables, Inventories, Investments and other assets / liabilities. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Company has used internal and external sources of information. The Company has concluded that the impact of COVID-19 is not material based on these estimates. Due to the nature of the pandemic, the Company will continue to monitor developments to identify significant uncertainties in future periods, if any.
- 62 **Other matters**

Information with regard to other matters specified in Schedule III to the Act is either nil or not applicable to the Company for the year.

C. RATIONALE

SW WAAREE - a wholly owned subsidiary of SW SOLAR, was set up as a special purpose vehicle for execution of 9 MW project in Niger awarded by the Ministry of Energy and Petroleum, Niger ("said project"). The Board of Directors of SW SOLAR, at its meeting held on March 27, 2019, had approved that on completion of all activities pertaining to the said project, SW WAAREE be merged with SWSOLAR with the prior approval of, inter alia, the Board of Directors of SW Solar and SW Waree at the relevant point in time. The Board of Directors of SW WAAREE with SW SOLAR believe that the amalgamation would have the following benefits:

- i. The Transferor and Transferee Company are engaged in the similar line of business. The resources available with both the companies could be pooled together and the Transferee Company will be able to effectively utilize the same for the benefit of the Transferee Company on a larger scale.
- ii. Elimination of multiple entities.
- iii. Reducing the multiplicities of legal and regulatory compliances.
- iv. The operational costs will be reduced and the management will be able to operate and run the Transferee Company and the Transferor Company as a single unit more effectively and economically resulting in better turnover and profits.
- v. There will be operational synergy in terms of procurement benefits, common license and reduction of administrative work etc., for the Transferee Company.
- vi. Will lead to pooling of financial resources leading to more effective and centralized management of funds, greater economies of scale, stronger base for future growth.
- vii. The Transferee Company will have benefit of combined assets, man-power and cash flows of the both the companies.
- viii. It will improve and consolidate internal controls and functional integration at various levels of the organization such as information technology, human resources, finance, legal and general management leading to an efficient organization capable of responding swiftly to volatile and rapidly changing market scenarios.

The Scheme is in the interest of the shareholders, creditors, lenders and various other stakeholders of the respective companies. It is not prejudicial to the interests of shareholders, creditors, lenders and various other stakeholders of the respective companies.

D. GENERAL

This Scheme is divided into the following parts:

Dear Sir,

This is w.r.t the trail mail regarding submission of documents and payment towards the Scheme of Amalgamation and vesting of Sterling & Wilson – Waaree Pvt. Ltd. (SW Waaree - a wholly owned subsidiary of Sterling and Wilson Solar Limited) with and into Sterling and Wilson Solar Limited ("Scheme of Amalgamation").

In that regard, please note that we were unable to submit the Demand Draft (DD) of Rs. 25,000 + GST towards processing fees at the BSE office due to the lockdown conditions. Now considering certain relaxations put in place by the Government, we wish to submit the DD at the BSE office. However, we understand that the BSE office is unlikely to open soon.

In view of the same, request you to provide the Bank Details of BSE Limited where we can make the abovesaid payment through NEFT.

Dear Sirs,

1. At the request of Sterling and Wilson Solar Limited ("the Company"), we have examined the **attached statement of computation of pre and post net worth of the Company as at March 31, 2020** ("the statement"), prepared by the Company and initialed by us for identification purposes.
2. It has been explained to us that as per the attached copy of the proposed Scheme of Amalgamation between Sterling & Wilson Waaree - Private Limited ('the Transferor Company' or 'SW WAAREE') with Sterling and Wilson Solar Limited ('the Transferee Company' or 'SW SOLAR') and their respective Shareholders ('Scheme') under Sections 230 to 232 of the Companies Act, 2013 and other applicable provisions of the Companies Act, 2013. The proposed appointed date for the purposes of the Scheme is April 01, 2020 or such other date as the National Company Law Tribunal ("NCLT") may direct or approve under the relevant provisions of the Act.
3. In the attached statement, the account balances (Equity Share Capital, Reserves and Surplus) used in the computation of pre-amalgamation net worth of the Company as at March 31, 2020 has been traced from the Audited Statements of accounts of the company for the period ended March 31, 2020 and the post amalgamation net worth of the Company (considering net-worth of SW WAAREE as on March 31, 2020).
4. The financials statements of the SW WAAREE and SW SOLAR as of March 31, 2020 has been subjected to audit by the statutory auditor of the respective companies. These financial statements have been provided to us by the respective companies and have been relied upon by us.
5. The accompanying statement is responsibility of the Company's management. Our responsibility is to verify the factual accuracy of the facts stated in the certificate on the basis of audited financials of respective companies, proposed scheme and other relevant records and documents maintained by the respective companies. We conducted our examinations in accordance with the guidance notes on Audit reports and certificates for special purposes issued by the Institute of Chartered Accountants of India. Our Scope of work did not involve us performing any audit tests in the context of our examination. We have not performed an audit, the objective of which would be the expression of an opinion on the financial statements, specified elements, accounts or items thereof, for the purpose of this certificate. Accordingly, we do not express such opinion.

FOR THE APPLICANT (S): Mr. Harsh Ruparelia i/b A R C H and Associates Authorized Representatives for the Applicant Companies.

PER: Ravikumar Duraisamy, Member

ORDER

1. The Court convened by videoconference today 17th September 2020.
2. The Authorized Representative for the Applicant Companies submits that the present Scheme is a Scheme of Amalgamation of Sterling & Wilson – Waaree Private Limited ('Transferor Company' or 'First Applicant Company' or 'SW WAAREE') with and into Sterling and Wilson Solar Limited ('Transferee Company' or 'Second Applicant Company' or 'SW SOLAR') and their respective Shareholders under sections 230 to 232 of the Companies Act, 2013. This Scheme provides for Amalgamation of Sterling & Wilson - Waaree Private Limited ('Transferor Company' or 'First Applicant Company' or 'SW WAAREE') with and into Sterling and Wilson Solar Limited ('Transferee Company' or 'Second Applicant Company' or 'SW SOLAR') on a going concern basis.
3. The Authorized Representative for the Applicant Companies submits that Sterling & Wilson - Waaree Private Limited is, inter alia, engaged in the business of Design, Engineer, Supply, Erect, Commission, Operate, Maintain – solar power plant, repair, accessories, components, spare parts thereof and provide renewable energy solutions, both in India and abroad.
4. The Authorized Representative for the Applicant Companies submits that Sterling and Wilson Solar Limited is, inter alia, engaged in setting up of green field Solar Plants of various sizes, envisaging, identifying and acquiring and selling suitable land, developing the site for Solar Parks; design, engineer, supply erect, commission and, or operate and maintain the plants, accessories, components, spare parts thereof and provide renewable energy solutions; sell or otherwise dispose of part or whole of the solar plants, both in India and abroad.
5. The Authorized Representative for the Applicant Companies submits that both the companies under this Scheme are part of same group. SW WAAREE is a wholly owned subsidiary of SW SOLAR. The rationale for amalgamation of SW WAAREE with SW SOLAR is as under:

SW WAAREE - a wholly owned subsidiary of SW SOLAR, was set up as a special purpose vehicle for execution of 9 MW project in Niger awarded by the Ministry of Energy and

Petroleum, Niger (“said project”). The Board of Directors of SW SOLAR, at its meeting held on March 27, 2019, had approved that on completion of all activities pertaining to the said project, SW WAAREE be merged with SW SOLAR with the prior approval of, inter alia, the Board of Directors of SW SOLAR and SW WAAREE at the relevant point in time. The Board of Directors of SW WAAREE with SW SOLAR believe that the amalgamation would have the following benefits:

- a. The Transferor and Transferee Company are engaged in the similar line of business. The resources available with both the companies could be pooled together and the Transferee Company will be able to effectively utilize the same for the benefit of the Transferee Company on a larger scale.
- b. Elimination of multiple entities.
- c. Reducing the multiplicities of legal and regulatory compliances.
- d. The operational costs will be reduced and the management will be able to operate and run the Transferee Company and the Transferor Company as a single unit more effectively and economically resulting in better turnover and profits.
- e. There will be operational synergy in terms of procurement benefits, common license and reduction of administrative work etc., for the Transferee Company.
- f. Will lead to pooling of financial resources leading to more effective and centralized management of funds, greater economies of scale, stronger base for future growth.
- g. The Transferee Company will have benefit of combined assets, man-power and cash flows of the both the companies.
- h. It will improve and consolidate internal controls and functional integration at various levels of the organization such as information technology, human resources, finance, legal and general management leading to an efficient organization capable of responding swiftly to volatile and rapidly changing market scenarios.

The Scheme is in the interest of the shareholders, creditors, lenders and various other stakeholders of the respective companies. It is not prejudicial to the interests of shareholders, creditors, lenders and various other stakeholders of the respective companies.

6. The Authorised Representative for the Applicant Companies further submits that the First Applicant Company is a wholly owned subsidiary of the Second Applicant Company and the entire share capital of the First Applicant Company is owned and controlled by Second Applicant Company.
7. The Authorised Representative for the Applicant Companies submits that the Board of Directors of the Applicant Companies vide resolution dated 16th March 2020, approved the Scheme of Amalgamation of Sterling & Wilson - Waaree Private Limited with and into

Sterling and Wilson Solar Limited and their respective Shareholders. The Appointed Date of the Scheme is 1st April 2020.

8. That the meeting of the Equity Shareholders of the First Applicant Company be dispensed with in view of the Consent Affidavits in support of Company Scheme Application, inter-alia, stating therein that there are two (2) Equity Shareholders (including one (1) nominee shareholder) in the First Applicant Company and that the First Applicant Company having procured the written consent affidavit from its Holding Company (along with its nominees) representing 100% shares in the First Applicant Company, which is annexed as **Exhibit 'H1' and 'H2'** to the Company Scheme Application. In view of the above, the First Applicant Company seeks for direction from this Hon'ble Tribunal to dispense with holding of meeting of the Equity Shareholders and the same is approved.
9. The Authorised Representative of the Applicant Companies submits that there are no secured creditors in the First Applicant Company. The Authorised Representative of the First Applicant Company further submits that convening and holding Meeting of the Unsecured Creditors of the First Applicant Company will not be required as they will not be affected by the proposed Scheme of Amalgamation since post Scheme, the assets of the Transferee Company will be sufficient to discharge its liabilities and further the present Scheme is an arrangement between the Applicant Companies and their respective shareholders as contemplated under section 230(1)(b) of the Companies Act, 2013 as there is no compromise or arrangement with any of the creditors and the rights of creditors are not affected. Therefore, no meeting of Unsecured Creditors of the First Applicant Company is required to be convened. The First Applicant Company undertakes to intimate its Unsecured Creditors about the proposed Scheme, by courier/registered post/ speed post/ hand delivery or through email, at their last known address or email address as per the records available with the First Applicant Company, with a direction that they may submit their representations, if any, within a period of thirty days from the date of receipt of such intimation to the Tribunal with copy of such representations shall simultaneously be served upon the First Applicant Company, failing which, it shall be presumed that they have no representations to make on the proposals.
10. The Authorised Representative for the Applicant Companies, respectfully submits that:
 - i. Being a merger of wholly owned subsidiary company into its holding company, no shares would be issued or allotted as consideration pursuant to the merger. Accordingly, the rights of members of the Transferee Company are not affected since there will be no issue of shares pursuant to the Scheme and there would be absolutely no change in the equity share capital of the Transferee Company. Also, the present Scheme will not result in any dilution in shareholding of the shareholders of the Transferee Company;

IN THE NATIONAL COMPANY LAW TRIBUNAL

MUMBAI BENCH
COURT - II

C.A. (CAA) 1062/MBII/2020

- ii. The rights of the Secured/Unsecured creditors of the Transferee Company are not affected since there will be no reduction in their claims and the assets of the Transferee Company, post amalgamation, will be more than sufficient to discharge their claims. Also, the net worth of the Transferee Company is significantly positive and there would not be any real or substantial adverse impact on the financial statements, post amalgamation of the Transferor Company;
 - iii. The existence of the Transferee Company will remain as before without any change to its shareholding pattern pursuant to the Scheme;
 - iv. No undertaking of the Transferor Company is being parted away or being disposed-off and hence provisions of Section 180 of the Companies Act, 2013 are also not applicable;
 - v. Further, there is no compromise or arrangement with the members or the Secured/Unsecured creditors of the Transferee Company. Therefore, the proposed Scheme is not prejudicial to the interest of the Shareholders or the Secured/Unsecured Creditors of the Transferee Company.
11. The Authorised Representative for the Applicant Companies submits that, in view of the above, no reconstruction or arrangement is proposed by the Second Applicant Company either with its shareholders or with its Secured/Unsecured creditors, and thus, it does not require to hold either shareholders meeting or Secured/Unsecured creditors meeting for approval of the proposed Scheme, in view of the ratio laid down by the Hon'ble High Court of Judicature at Bombay in the case of **Mahaamba Investments Limited V/s. IDI Limited (2001) 105** Company Cases page 16 to 18 inter alia observed and held that if the Scheme of Amalgamation provides for no issue of equity shares to the members of the Transferor Company, being a wholly owned subsidiary of the Transferee Company and the creditors of the Transferee Company, are not likely to be affected by the Scheme, a separate Petition by the Transferee Company was not necessary. Further, the Hon'ble High Court of Bombay in an unreported judgement of **Bon Limited** dated March 12, 2010 in Company Scheme Petition No. 123 of 2010, reiterated that a separate petition by the Transferee Company would not be necessary, if the Scheme, by way of transfer of undertaking, does not (a) involve the re-organisation of the capital of the Transferee Company; and (b) affect the rights of the members or creditors of the Transferee Company, as between themselves and the Company. The said observations are squarely applicable to the proposed Scheme wherein the Transferor Company is merged into the Transferee Company and the Transferor Company is a wholly owned subsidiary of the Transferee Company. Similar view has also been taken by the Delhi High Court in the case of **Sharat Hardware Industries P. Ltd.**, in re (1978) 48 Com Cas 23, Hon'ble High Court of Madras in the case of **Santhanalakshmi Investments (P) Ltd.**, In re (2005) 129 Company Cases page 789 to 792 and the Hon'ble High Court of Andhra Pradesh in the case of **Nebula Motors Ltd.**, In re 45 SCL 143.
